BOMBARDMENT OF ANTWERP IMMINENT

LONDON, Oct. 7.—The following official communication was issued last night at Antwerp: "The Military Governor has informed the Burgomasters that the bombardment of Antwerp is imminent, and that people who wish to flee from the town are requested to leave."

MCKINNON CUP THANKSGIVING SHOOT

The second annual competition between teams of five men from the Militia and Rifle Clubs of this province takes place at Kensington Rifle Range, Charlottetown, next Monday afternoon, beginning at 1 p. m. sharp. The conditions are as follows: Captain D. A. McKinnon last year presented a beautiful silver trophy for annual competition, the winning team to hold the Cup for a year, the ranges to be 200, 500, 600 yards, 7 shots at each range with two sighting shots. Should one of the sighting shots be a bullseye the same will start on the score. All teams must use the blunt ammunition, and 1913 D. R. A. Rules will govern the competition.

As the afternoons begin to get dark early, shooting will commence at 5:00 yds., finishing at the 200 yd. range. Seven teams competed last Thanksgiving Day for the McKinnon Trophy, which resulted as follows:

1st, Fourth Regiment, 473 points; 2nd, Civilian Rifle Club, 470 pts.; 3rd, Civilian Rifle Club, 1st team, 470 pts.; 4th, Summerside Rifle Club, 457 pts.; 5th, Old Boys' C. R. C., 435 pts.; 6th, York Rifle Club, 1st team, 453 pts.; 7th, York Rifle Club, 2nd team, 408 pts.

The Montague, Souris, Summerside, Pownall, York Clubs have been invited to compete, and teams from the Fourth Regiment, the Light Horse and 82nd Regiments are expected to enter the contest.

Lieut. Col. Peake, Col. Ings and Col. H. M. Davidson have very kindly consented to give badges or souvenirs to the members of the three first winning teams, which should encourage all to put forth their best efforts.

It has been suggested that Thanksgiving morning, commencing at 9 a. m., a grand rally should be made to Kensington Range by those who would like to learn rifle shooting, and have a good practice. This is just now being done in other cities in Canada by all classes of men and lads, anxious to be of service, in garrison duty or otherwise. There will be a number of riflemen out that morning to give assistance and instruction.

MINUS PART OF SKULL, MAN IS RECOVERING.

FRANKLIN CENTRE, Que., Oct. 7.—Ross Freeman, a man of about 22 years of age, was walking about the city hospital last week convalescent after undergoing an operation, in which a large part of the brain and skull were cut away. The operation was performed on the man about a month ago by Dr. James P. McCaw, and is one of the most remarkable ever performed. On one side the skull was cut away from the back of the head to within two inches from the back of the eye. The operation was for a gangrenous affection of the lobe, and thus far has been eminently successful. The complete treatment will take some time, but it is expected that the man will come out cured.

ENJOYABLE AUTO TRIP TO CLIFF

Thanks to the thoughtfulness of the Automobile Association, a number of citizens of Charlottetown and residents of those sections adjoining Union Road had a most enjoyable automobile outing yesterday.

Under the pilotage of His Worship Mayor Sterns, twenty-five cars left the city at 11 o'clock, conveying a goodly number of citizens, and on route picking up along the road to "The Cliff Hotel" nearly a hundred residents who had previously been invited to join the party.

Arrived at The Cliff, the party were hospitably received by Mr. John Davis, the rental proprietor. In due course dinner was served, and, needless to say, it measured up to the reputation that has made this noted summer resort famous. It measured up also to the demands of healthy appetites, sharpened to their limit by a delightful drive in the crisp October air, over what is now one of the finest roads in the Province, and by a succession of farms and homesteads that are not surpassed anywhere in Canada.

The dinner disposed of, the party assembled on the lawn and were briefly addressed by Mayor Sterns, who in appropriate terms thanked those assembled for their friendly interest in the Association and in what it stood for—namely, good roads. The Association had hoped to have had this annual picnic earlier in the season, but other things, notably the war, had intervened. He expressed the hope that they had enjoyed the outing and that a similar gathering would take place next year.

Senator Prowse followed. He expressed his pleasure at meeting the people of Union Road, with whom he had been associated for some thirty years. He regarded them as the most progressive people in the Island, and congratulated them upon being the first in the province to admit the automobile and to share in the inevitable result, good roads. Other sections, he had no doubt, would follow their example, and in due time all the roads in the province would be improved as the Union Road had been since the auto was admitted.

Dr. Alley followed, also with good words for the Union Road people, their roads and their splendid farms. If he were a resident of this section, he said, he did not know but he would be selfish enough to oppose the admission of the auto to the Island, and to congratulate them upon being the first in the province to admit the automobile and to share in the inevitable result, good roads. Other sections, he had no doubt, would follow their example, and in due time all the roads in the province would be improved as the Union Road had been since the auto was admitted.

Dr. Alley followed, also with good words for the Union Road people, their roads and their splendid farms. If he were a resident of this section, he said, he did not know but he would be selfish enough to oppose the admission of the auto to the Island, and to congratulate them upon being the first in the province to admit the automobile and to share in the inevitable result, good roads. Other sections, he had no doubt, would follow their example, and in due time all the roads in the province would be improved as the Union Road had been since the auto was admitted.

Mr. Jonathan West, on behalf of the guests, thanked Mayor Sterns and the Automobile Association for the very pleasant time they had given them. There was a time, he said, when it was necessary to stand up for the auto. That time had passed, and the condition of the only road on the Island that permitted its running was all that was required as to the admission of the auto. He was proud of the stand the people of Union Road had taken with regard to the auto. In conclusion, he moved a vote of thanks to the Association for the pleasant time given them. The vote was cheered to the echo and duly presented.

Mayor Sterns, in acknowledging the vote of thanks, intimated that it was the intention to complete the widening of Union Road, the Association paying half and the Government half the cost.

Messrs B. C. Hardy, Jas. Matthews, Cove Hill and Cephas Mallett also spoke, each referring to the great improvement effected on the roads through the efforts of the Association.

Mr. John Davis, proprietor of The Cliff, and whose excellent catering had been referred to by all the speakers, was called upon for a speech. He responded briefly and happily, remarking in the course of his speech that, had it not been for the auto, this pleasant gathering would have been impossible. He thanked them all for their kind words about the hotel and hoped to see them all there again next summer.

The gathering concluded with "Auld Lang Syne" and the National Anthem.

SITUATION SATISFACTORY BUT THE END NOT YET

GERMAN SUBMARINE GONE TO THE BOTTOM

LONDON, Oct. 7.—The Admiralty to-night issued an official announcement that the British submarine "Nine" has successfully returned to her base after sinking a German destroyer off the mouth of the Gullis River. The British submarine is commanded by Lieut.-commander Horton and this was her second successful raid into German waters. Earlier she sank the German cruiser Hela in the North Sea.

GENERAL SATISFACTORY. LONDON, Oct. 7.—The Official Press Bureau to-night issued the following: "North of the Oise and at Lens there is hard fighting. Elsewhere a slight advance or retreat varies. Throughout the line reports are generally satisfactory."

THE FRENCH army is fighting with greatest brilliancy and bravery. German attacks are being repulsed. The campaign in Galicia is again retarded by heavy rains. In southern Galicia the army continues to make progress along the foothills of the Carpathians.

RECEIVED THEIR PRICE FOR SINKING CRUISERS. BERLIN, Oct. 7.—The Kaiser has conferred the Iron Cross on the commander and each member of the crew of the German naval airship Schueland II. This distinction was conferred for services rendered the Fatherland by the magnificent aerial reconnoitering that led to the destruction of the three British cruisers recently torpedoed in the North Sea by German submarines.

STILL FIGHTING IN BELGIUM. LONDON, Oct. 7.—A despatch to the Exchange Telegraph from Ostend says numerous skirmishes occurred this morning between Belgians in the environs of Ypres. In Belgium, 20 miles south of Ostend, and in the southern part of West Flanders. The Germans threw themselves on the forts and entrenchments.

BELGIAN GOVERNMENT TRANSFERRED TO OSTEND. LONDON, Oct. 7.—A despatch from Amsterdam says the Belgian Government has been transferred to Ostend. Several Ministers have already arrived with their staffs.

BELGIANS INFLICT HEAVY LOSSES ON GERMANS. LONDON, Oct. 7.—A despatch to the Central News from Amsterdam says: A message received here from Ghent says fighting of a violent character has taken place between Audehards, fifteen miles south-west of Ghent, and Leunepghem (a small town a mile from Audehards). After hours of engagement the Belgians received reinforcements and threw the Germans back with heavy losses.

UNBEARABLE SITUATION IN THE VOSGES. LONDON, Oct. 7.—German papers admit that the situation in the Vosges is desperate, says Copenhagen despatch to the Daily News. According to a telegram to North German Gazette, the German troops in the Vosges have been fighting day and night for thirty-seven days most of the time in trenches filled with water. There is much sickness in the camp, and the strain has become almost unbearable. The Germans are unable to retreat, while they seem unable to make any headway against the strong positions of the French.

REOPENING DARDANELLES. PETROGRAD, Oct. 7.—The Foreign Minister announced to-day that the Powers comprising the Triple Entente—Russia, Britain and France—are taking steps to secure the reopening of the Dardanelles.

BATTLE CONTINUES VIOLENTLY. PARIS, Oct. 7.—Official. This afternoon on left wing the battle still continues with great violence. On the front extending from the Somme to the Meuse there is nothing to report. In the Woëvre district the enemy made a new effort to stop our progress, but his attacks failed.

GERMANS ADMIT 300,000 CASUALTIES

ROME, Oct. 7.—Advices from Berlin received here place the number of casualties to date at 300,000.

BERLIN, Oct. 7.—German forces on the frontier of East Prussia assumed a strategic defensive movement. They abandoned the bombardment of Ossowetz, a fortress in Russian Poland, after setting Ossowetz on fire with shells. They are able to retire with heavy guns and provision trains. They are now holding a superior force of Russians in check.

Fighting at Augustowo and Suwalki was most vigorous. German machine guns finally turned the tide of battle in favour of Germans, but the slaughter was terrible. One artillery battery lost all its men and men to serve the guns were drafted from cavalry regiments.

GERMANS REINFORCED ON EASTERN FRONTIER. PETROGRAD, Oct. 7.—It is stated the Germans have again been heavily reinforced, and that because of this fact progress of the Russian forces is of necessity slow. Russians now hold the original German line extending from Lyck to Wirbalten. The campaign in Galicia is again retarded by heavy rains. In southern Galicia the army continues to make progress along the foothills of the Carpathians.

RECEIVED THEIR PRICE FOR SINKING CRUISERS. BERLIN, Oct. 7.—The Kaiser has conferred the Iron Cross on the commander and each member of the crew of the German naval airship Schueland II. SECOND EXPEDITIONARY CANADIAN FORCE

OTTAWA, Oct. 7.—The character of the additional expeditionary force of 22,000 men whose mobilization the Government has announced, will depend on advice from the War Office. It will probably include a large quota of mounted infantry, raised in the West, and infantry drawn mostly from the East.

The mobilization and equipment will take place at divisional headquarters instead of a central camp like Valenciennes, and the whole force will be assembled for embarkation.

RHEIMS UNDER SHELL FIRE. LONDON, Oct. 7.—The Times correspondent reports, the North Western suburbs of Rheims still under German shell fire, evidently intended for the French batteries. German aéroplanes have been dropping bombs to destroy the railway station. They have failed in this but 14 people have been reported killed.

CHANGING THEM AROUND. BORDEAUX, Oct. 7.—The following important changes in Germany army commands have been announced:—General Von Mogen replaces General Von Hindenburg in Eastern Prussia; General Eberhardt becomes military governor of Strassburg, capital of Alsace-Lorraine; General Von Gorkh is appointed governor of Ulm, Wuerttemberg, and General Ludwighausen replaces General Von Luckwald in command at Coblenz, Prussia.

RUSSIANS ADVANCING. PETROGRAD, Oct. 7.—The Russian General Staff has issued the following statement:— "On the East Prussian frontier the Germans, having brought up reinforcements from Koenigsberg, continue to oppose a tenacious resistance, upon the battle front at Viadslavov and Ratchka, profling by defiles, lakes, and marshy regions of Tchernogonia. Beyond the Viadslavov the advance guards battles have occurred in the region of Opatow and Sandomir. In the Carpathians, west of the River Sanok, an Austrian detachment was defeated and machine guns and prisoners captured. At Sava, twenty kilometers from the city of Munkatch, we have captured an artillery park and numerous convoys."

CANADIANS ARRIVE IN ENGLAND. LONDON, Oct. 7.—Canadian troops will be landed in England to-day and sent to an inland training camp.

FIRST SHIPMENT OF CLOTHING TO BELGIANS SOON. MONTREAL, Oct. 7.—The first shipment of clothing from Canada for the relief of the Belgians will be made next week, when about fifty tons will be sent. So far the subscriptions in cash, including those of the federal and provincial governments, amount to \$101,794.50 and the fund will be kept open for another month.

PREMATURE ANTICIPATION OF UNEMPLOYMENT. LONDON, Oct. 7.—David Lloyd George, Chancellor of the Exchequer, in a speech to a deputation of the Workers' National Committee, said: "It was not at all sure that they were not a little too premature in anticipating a very considerable amount of unemployment as the war progressed. Demands on industries in this country," the Chancellor said, "would be enormous, but in certain trades distress undoubtedly would be severe. That was the trade," he added, "which had completely broken down thus far."

VIOLENT ACTION NORTH OF OISE

PARIS, Oct. 7.—An official communication issued last night follows: "The character of the situation remains same as our left wing. Action is more violent to north of Oise. In the centre comparative calm prevails. A little ground has been gained in the northern part of the heights of the Meuse."

DOMINION GOVERNMENT TO GIVE FREE TRANSPORTATION

Of Grain and Supplies for Army Field Service Fund, Also Special Service of Mr. Clarkin and Staff and Free Warehousing and Equipment.

OTTAWA, Oct. 7.—Premier Matheson, of Prince Edward Island, who is here, has completed arrangements for free transportation over the Island Railway of all grain and supplies for the Army Field Service Fund. The railway also gives the special service of Mr. Clarkin and staff for collecting, warehousing and shipping. The marine wharf houses and equipment are furnished free, and every facility and assistance will be furnished by the Government of Canada in support of this gift of the people of Prince Edward Island, and of all their other patriotic aid.

STORY OF EMDEN'S BOMBARDMENT OF CITY OF MADRAS. BOMBAY, India, Oct. 7.—The Emden appeared off Madras and bombarded the town. As the result of the first two shots petroleum tanks of the Burma Oil Company were ignited. The cruiser then fired a number of other shots, damaging buildings, particularly a beach bungalow belonging to the Port Trust. Shells fell in the interior as far as Veprey, Spur Tank, and Shoolay. Fragments were found in various streets in George Town. The telegraph office was also hit. The battery gun returned the fire. After the third shot the Emden extinguished her searchlight, stopped firing and disappeared. Two watchmen were wounded, and one is dying. A police constable—the harbor was found to be a large Hamburg department store and with the exception of a few meats, the German rates were much below those of this country on the same day.

FOOD IN GERMANY CHEAP DESPITE WAR. NEW YORK, Oct. 7.—That even wartime prices in Germany do not bring the cost of living in that country nearly as high as the cost in the United States is shown by German price lists which have been received here. Ferdinand Hansen of 170 Chambers street, Manhattan, "Judging by a market list published in Hamburg on September 2," said Mr. Hansen yesterday, "the German housewife could buy at almost two-thirds of the food costs here. German prices appear in the advertisement of a large Hamburg department store and with the exception of a few meats, the German rates were much below those of this country on the same day."

"Of thirty-two items appearing in the list, eighteen are priced lower than in our American markets. Were the American purchaser to buy from his list—his meat by the pound and his vegetables by the smallest unit—his bills would be \$3.24. The German in the first week in September was paying \$5.84 for the same things. To put it in this way the eighteen articles that are cheaper in Germany than in this country would cost the German \$2.98. A similar order in an American retail market would cost \$6.17.

"Although nine of the items on the total list were cheaper in the United States than in Germany, the whole saving from these nine items would be only 48 cents. Only the five articles are priced the same in both countries."

Some of the comparative figures in the price list are as follows:

	Germany	U.S.
3 lbs. bacon and 2 lbs. lard	.. 70	\$1.05
Ham hocks per lb.	.. 34	2.05
Dairy Butter, No. 1	.. 29	36
Dairy Butter, No. 2	.. 26	34
Tilbit Cheese	.. 19	25
Liver founders	.. 10	14
Fresh salmon per lb.	.. 27	15
Sirloin steak, lb.	.. 38	26
Leg mutton, lb.	.. 24	16
Large cooking apples, 5 lb.	.. 15	25
Large cooking pines, 5 lb.	.. 11	30
Tomatoes, 5 lbs.	.. 11	30
Carrots, 5 lbs.	.. 07	18
New onions, 5 lbs.	.. 07	15
Long potatoes, 5 lb.	.. 05 1/2	10
Fresh beans, 3 lbs.	.. 07	10
Large cabbage, 2 heads	.. 04 1/2	25
Red cabbage, 2 heads	.. 06	50
Souerkraut, 3 lbs.	.. 06	15

path or pinned pink roses on their tunics and turbans, and even struck them into the Indians' long hair. In response the dark eastern eyes beamed their great content, and rows of white teeth flashed from laughing mouths."

THE WEATHER. THE TEMPERATURE, TIDE, MOON, ETC. (Special to The Guardian)
