

THE REASON WHY

"Shiloh" Cures Consumption.

Consumption is not merely a disease of the lungs, as so generally supposed, but *before* the lungs become affected the blood has—from various causes—been crowded with the bacillus of Consumption. These germs are deposited in the lungs by the blood, causing inflammation, coughing and the spitting up of diseased mucopurulent matter. Shiloh's Cure arrests the ravages of the germs by destroying them—it purifies the blood and enriches it—allays the inflammation and irritation and sets up a healing process, which causes the sore parts to get well and cicatrize. **Shiloh's Consumption Cure** strengthens and tones up the whole system and makes it particularly repellent to the dreaded germs of Consumption.

It is guaranteed to accomplish this. If dissatisfied when $\frac{2}{3}$ of a bottle has been used, return the remaining portion and the whole purchase money will be refunded.

J. H. Caldwell of Malta, Idaho, writes as follows to S. C. Wells & Co., Toronto. "I have used SHILOH'S CONSUMPTION CURE many different times, and always received great benefit from it. I believe it saved my life in a case of congestion of the lungs—and saved me from an attack of consumption, as many people said I had it."

In Canada and United States, 25c., 50c. and \$1.00 a bottle. Great Britain, 1s/2d., 2s/3d and 4s/6d.

SUM'SIDE AND WEST

The Latest News From Prince County.

Mr. and Mrs. Jeffries, of Summerside, P. E. I., arrived in St. John by the last trip of the Island boat, and are the guests of James W. Barnes, Kina Street east. The couple are on their way to Idaho.—St. John Star of 11th.

The best cooks in Summerside are now using Johnson's Baking Powder. It is half the price of the imported article, while its quality is unsurpassed. A fresh supply just received by R. T. Holman. 25 cents per pound, 1/2 pound tins 15c.

Johnson's Baking powder is the best Cream of Tartar Powder ever made for 25 cents a pound. There is not a grain of alum in it. Remember that, for some manufacturers of high priced powders will try to make you believe that there is, because we're hurting their trade by giving a better Baking Powder than theirs at one half the price. Sold by R. T. Holman.

A CORRESPONDENT to the Independent Forester writes, as follows:—Speaking of busy men, the Chief Ranger of Court Minnewawa, Bedeque, is prepared to bet a steamer against a lobster boat that the Financial Secretary of his Court is the busiest man in the world, for in addition to his duties as Fin. Sec. Bro. Bowness is a farmer and works in the fields. He is an undertaker, and personally attends to the business. He is a saddler and harness maker. He is janitor for the Court-room. He is sexton of the Methodist Church. He is Overseer of Roads. He is Secretary of the School Trustees. He is Clerk of the County Court. He is—well, now, I have forgotten what other business this efficient Fin. Sec. is engaged in.

HUMORS

Come to the surface in the spring as in no other season. It's a pity they don't run themselves all of that way, but in spite of pimples and other eruptions, they mostly remain in the system. That's bad. Hood's Sarsaparilla removes them and cures all the painful and disfiguring troubles they cause. Nothing else cleanses the system and clears the complexion like Hood's.

A Food, A Reconstructor, A Specific.

Three great remedies are combined in Park's Perfect Emulsion. The purest Cod Liver Oil (Emulsified) which is the most effective food for Consumptives, Anæmic, Fever Convalescents and those with broken down systems. The purest Hypophosphites of Lime and Soda, which are the most effective reconstructors of wasted tissues. Guaiacol which the foremost medical authorities the world over are administering with wonderful success in consumption.

Park's Perfect Emulsion

The only preparation containing all three of these remedies. Its results far exceed all others. It reconstructs wasted tissues, aids digestion, stimulates the appetite, causes assimilation and brings new vigor into the whole body. One gains flesh and spirits from the first dose. Try it and see. THE ROB ROY MINES ARE IN THE GREAT DIVIDEND PAYING

Selkirk Range

OF THE ROCKY MOUNTAINS.

The Govt. Reports for 1900 are out and it will be seen that of the 29 Dividend payers of B. C. 21 are in the Selkirk Range. This is a wonderful Range of Mountains and literally teems with wealth. On the Rob Roy for instance, tons and tons of Ore are lying scattered up and down the Mountain side, while a Shareholder who visited the property recently said that he had been intending to sell out his interests, but after seeing the quantities of Ore lying exposed and showing in the tunnels, he concluded it wiser to hold on to his shares and he is doing so. The Company have given an English Co. an option on their properties and have stopped selling Shares altogether in Ontario until this is settled.

I bought over 15,000 Shares last month and I know the Rob Roy mines (Scottish Canadian Co's property) well, and think I did well in buying them.

Buying myself I have no hesitation in recommending others to do the same. Shares are 15 each. The Comstock Gold Mining Co's property is alongside the Rob Roy and is well worth investing in too.

I carry Gold, Silver, Copper and Lead and as soon as the snow goes, work can be commenced right on the Lege and Ore taken out from the first blow of the pick. Shares are .10 each.

If you have a little money drawing 3 or 4 per cent why not try an investment in these Shares? There is a good chance for profit. I will gladly give particulars.

The Great Race Finished

Brahmin Victorious

English and all other Tea Agents, who, during the past three years have been trying to match Haszard's Brahmin Tea, have given up the race, finding it impossible to match Brahmin.

I now control the total output of this grade, which comes direct from Dr. G. A. Warburton's Tea Gardens. Six tons just arrived, and twenty tons additional on the way here.
