The "Second Line of Defense"
 —a powerful support in "GP" Tires

The attacks of the "shock troops" of the road—hard, deep ruts, chuck holes, car tracks and loose stones—are defeated by the "second line of defense" in "GP" Tires. The cushions of Pure Gum bands placed between the cord layers absorb the bruising, battering jolts. It is this protective feature built into "GP" Gum Cushioned Tires that puts replacements far into the future. This new construction is found only in "GP" Gum Cushioned Tires. The price is no higher—see your "GP" dealer.

"Gutta Percha" Tires GUM CUSHIONED
 —a wonderful cushion feature exclusive to "GP" Tires.

 —SEED POTATOES—Not many seed potatoes are yet planted. Tractor farming on a large scale is now going on in the vicinity of Harmony Station. One man around there is preparing ground for fifty acres.

STATION REPAIRS.—Harmony Station improvements are being made, as this Station will be coming fall, a large potato shipping centre. The grounds and roads leading thereto are being built up and improved to ease the shipping. Mr. Frank McVish is in charge of fertilizer distribution and representative for the Potato Association at Harmony Station.

INJURIES REWARDED.—Two Island girls in Boston, Miss Clara Walsh, Boston, and Philomena McPhee, Big Pond, who met with serious accidents last year, from an automobile, have just made a settlement with the offending party for the sum of \$5,500. This sum the girls divide equally. Each of them have received their checks. Miss Walsh is still home, but Miss McPhee is quite recovered. Both expect to pay a visit to the Island this summer.

Saturday Afternoon And Night On Shopping Streets

Any Town—Charlottetown, Summerside, Montague, Kensington, Georgetown, Souris or Tignish—it doesn't matter. Mix with the crowds as they do their week-end shopping. Listen to the crackle of wrapping paper, to the click of change, to the continuous "ting" of cash registers. Work time is over until Monday for thousands of P. E. Island producers and spending time is here.

Meat and vegetables, butter and eggs, prunes, mayonnaise, cheese, new shoes for June, a frock for June. Towels, rugs, pianos and talking machines, sheets and shirts, perfumes and "undies," jingle, jingle little bells. The Island's biggest buyers have just been paid for the week!

Who are those people who crowd the shopping streets? They are the wage earners. Men and women, young men and girls, thousands of them with their pay envelopes. You know them, but do they know you. Is yours among the names they speak as they reach in their pockets for their pay envelopes.

This is no uncharted journey of expenditure for them. Their buying course is as clearly marked as any harbor pilot's map. Their guide is the Printed Page. Into their homes it comes where they study it at ease and leisure. On it are names, and names and names, each with its careful description of all that the name represents. Familiar names, trusted names. Day after day, week after week, year after year they meet those names in their homes, brought to them by the Printed Page. And when they go into the shops on crowded shopping streets on Saturday afternoon and Saturday night it is to complete the making of purchases already determined. In the grocery shops, the dry-goods shops, the drug shops, the jewelry shops, the music shops, or the bakery shops, more than eighty per cent of their purchases are branded, advertised goods. They know exactly what they want, they buy by names and know what they are getting for they have made up their minds about all that at home guided by the Printed Page.
