—VAGARIES OF LIGHTNING—Has any device ever been contrived to measure the power of a bolt of lightning? The above question occurred to the writer when shown the damage done a tree at the entrance to Myron McArthur's race track at Kensington during the recent electric storm. Some of the splinters from the tree were found in a pasture field 250 feet distant. The voltage must necessarily be many thousands. The result of the destructive power may be seen on race day by those who enter by the driveway passing the stables.—K.

**Halifax Student Safe In London**  
HALIFAX, June 24—(CP)—A Halifax student who had been studying in Paris before the German occupation sailed today for London, but there was no word of the fate of a fellow student from this city.  
Mr. and Mrs. W. B. Murphy have not heard from this son, Walter, since June 5, when he sent a single-word cable from Paris saying "intact." A Dalhousie University graduate, he had been studying in the French capital.  
Fears of another Halifax family vanished, however, when Harry Smith sent word from London that he was safe. He did not say how he reached London from Paris.

tions to China. Other parts of the world-wide French empire will now be in jeopardy in view of Hitler's known ambition to secure rich colonies for Germany. **Fresh Evidence Of New Jap Policy In Asia**  
TOKYO, June 24—(AP)—Further evidence of a new Japanese policy toward British-French possessions in the Far East was seen tonight in reported demands for stationing Japanese inspectors in Burma to check the arms traffic and for shutting off Hong Kong trade with China.  
The demands, according to a neutral source who said they had been communicated to Britain, include:  
1. Stationing of Japanese inspectors in Burma to enforce a ban on arms traffic to China.  
2. Termination of trade between the British Crown Colony of Hong Kong and the Chinese hinterland.  
3. Withdrawal of British interests, including military forces, from the Shanghai international settlement.  
Neutral diplomatic circles predicted Britain would reject the demands, but attempt to reach compromise.

**U. S. Withdraws Chief Diplomat From Bordeaux**  
WASHINGTON, June 24—(AP)—The United States withdrew its chief diplomatic representative from Bordeaux today in a move which raised questions as to how present and future relations with the retained ministry in France.  
State Secretary Cordell Hull announced that Anthony J. Drexel Biddle had been ordered to leave the temporary French capital and resume in London his duties as ambassador to the United Polish government.  
He said Biddle's departure for London had nothing to do with the question of possible withdrawal of recognition of the Petain government in favor of the newly-formed French national committee in London, which is seeking to organize continued French resistance in the war.  
William C. Bullitt, Hull said, still is the ambassador to France.

**Hitler In Proclamation To Germans**  
BERLIN, June 24—(AP)—Hitler in a proclamation to the German people tonight thanked God for victory over France and ordered flags to be flown in the German Reich for 10 days.  
The proclamation follows:—"German people! Your soldiers in barely six weeks in a heroic fight against a brave enemy have brought to an end the war in the west. Their deeds will go down in history as the most glorious victory of all times.  
"In humility we thank God for His blessing.  
"I order the display of flags in the Reich for 10 days, and the ringing of bells for seven.  
"Adolf Hitler."

**Refugee Princess Juliana Guest Of Rideau Hall**  
OTTAWA, June 24—(CP)—In rambling Rideau Hall, set in a private park near the Ottawa River, Princess Juliana of the Netherlands and her two little daughters found a Vice-Regal refuge tonight safe from threats of Nazi Reichsapp revenge.  
This afternoon the party of Dutch Royalty drove in Government House motor cars from Montebello, Que., where the Princess and her children had been staying at the Seigniorial Club, to Ottawa.  
Three cars brought the royal family to Rideau Hall to be guests of the Earl of Athlone and his wife, the Princess Alice.

**Shattered**  
(Continued from page 1)  
the continuing struggle between the Axis Powers and Great Britain, France's erstwhile ally.  
Recognizing the hard terms to which France has yielded after 46 days of the German "total war" and two weeks of conflict with Italy, the Minister of Interior, Charles P. Oméga, proclaimed mourning for the day.  
"Today France must be silent," he said. "Her heart will bleed, but she will forge a new hope."  
The troops, so recently locked in combat, are to be confined to barracks; all flags will be draped; and all stores, cafes and theatres will be closed; the Government will attend special religious services.  
Then France must begin the tremendous task of rebuilding and rehabilitation.  
The full armistice terms will be announced approximately 48 hours

**Baked Liver With Stuffing.**  
1 calf's or lamb's liver  
Salt and pepper  
Salt pork  
1 tablespoon butter  
Bread stuffing  
Wash the liver well in cold, salted water. Make an incision in the thicker part with a long, narrow sharp knife, entering the aperture, where the blade enters, as little as possible, but moving the point of the knife to and fro to increase the size of the cavity. Fill with stuffing. Season the liver with salt and pepper and flour it. Place it in a roasting-pan, lay strips of fat salt pork over it, and add a little water. Bake for one hour (400° F. for 15 minutes) and 300° for the rest of the time, basting every twenty minutes. When done, thicken the gravy in the pan and serve with the meat.
