Splendid Cures Of Island Children

It is one of the saddest of sights to see a little child pining away because of some form of illness. And yet for most cases the remedy is close at hand. Children respond very quickly to the Farador treatment, and the number of cures effected has been very great.

Mr. P. C. Glover, 34 Weymouth St., Charlottetown, states that his little daughter was healed of eczema after more than a year of much suffering.

Mr. W. W. Lea, Victoria, states that his son was cured of bronchitis and asthma after a long siege of suffering.

Mrs. John Burgoyne, Granville, states that her little daughter was cured of paralysis after being in a helpless condition for about two years.

Mr. William O'Brien, Dromore, states that his daughter was cured of pneumonia when case seemed hopeless.

We could keep on giving many more examples of wonderful cures effected after other remedies had failed. But a word to the wise is sufficient. Get a Farador without delay.

Mr. J. S. Perry is agent for the Farador in Summerside.
