

JOHN R. DINNIS PEDIGREED FOXES LTD.

Description of Ranch

The chief point of interest for the thousands of tourists who visit Charlottetown is the Dennis farm. It is situated about ten minutes' drive from the city on an eminence overlooking the harbor and consists of one hundred and sixty acres of land. It is chiefly of interest because the fox ranch which occupies ten acres of woodland on the highest point of this farm is the largest in the Province and its owner has the reputation of being the most successful of fox breeders up to the present time.

Situated as it is on a wooded hilltop it is ideally located for a fox home. The natural drainage of the ground is perfect, so that there is no danger of spring freshets so fatal to young foxes. The air is always pure and fresh, for the winds which sweep the hilltop carry away all harmful and disagreeable odors and tumble the chilling fogs into the valley below. The fact that Mr. Dennis has never had a single case of sickness among his animals since he acquired the present ranch (three years ago) is sufficient evidence of the healthfulness of the ranch and surroundings. The ranch has an enviable history of success. Last year seven per cent. of the Island's increase of young foxes were born in this ranch. This year Mr. Dennis has raised fifty-eight young foxes. It is not much wonder that he is called the "Wizard Rancher."

The Dennis Ranch

The largest on Prince Edward Island, containing at present 110 foxes.

Description of Foxes

DINNIS PEDIGREED FOXES are regarded as the type, "par excellence" of silver black fox. They are characterized by thin mobile ears; a full neck, short and arched from the back; width over shoulders and through the heart; a long, delicately turned head; a springy pelt, and pink skin covered with a wealth of fine lustrous fur, particularly marked on limbs and under body; and a large heavy "brush". These are the Hall marks of health and vigour.

The foundation stock of the DINNIS PEDIGREED FOXES was selected from the pens of the Pioneer Ranchmen, Charles D. Iton and R. T. Cultrn, Alberton, and from the famous Rayner Ranch, Alberton, Prince Edward Island. The crossing of these two noted strains has produced a beautiful vigorous large animal that combines the fine rich lustrous fur of the one breed with the high quality blood and phenomenal productivity of the other. The pelts of ancestors of some of these foxes sold for the highest prices on the London market.

The litter reared last year by the mother of Queen Mary (one of the Company's foxes) sold for forty-five thousand dollars (\$45,000), while another litter reared by the dam of the Duke of Connaught sold for forty-six thousand dollars (\$46,000).

AN OPPORTUNITY

to get into a LARGE, PROSPEROUS, and WELL-ESTABLISHED concern.

The John R. Dennis Pedigreed Foxes Limited

solicits capital for the FURTHER EXTENSION of a very successful Company. The Company owns at present, ELEVEN PAIRS of "PROVED BREEDERS" (two years old) worth at least 50 p. c. more than young pups according to the experience of ranchmen.

There are NO Promoters' Profits in this Proposition because the Directors are selling the new issue at actual cost price of foxes, virtually \$16,000 per pair.

Prospective Dividends for 1914, Sixty-Five per cent (65 p. c.)

HEAD OFFICE, Box 147, CHARLOTTETOWN, P. E. I.

Guarding The Dennis Ranch

Standing out prominently is the night watchman's house which overlooks the ranch and the public road. Supplementing the eye of this officer is the vigilance of another watchman whose especial business it is to patrol the ranch. There are brilliant lights surrounding the ranch which are turned on every night to enable the trained night watchman to protect the foxes from disturbance.

The equipment is the largest and most up-to-date in the Province. The pens of the PEDIGREED FOXES number one to eleven and occupy the premier position in the ranch. Every convenience that ingenuity can suggest and money procure has been incorporated in the construction of their dens. The pens in which they take exercise are very large, and no pains have been spared to assure absolute comfort to the valuable occupants of these de luxe dwellings. The shareholders of the JOHN R. DINNIS PEDIGREED FOXES LIMITED have sole use and control of Mr. Dennis' name so long as the Company carries on business.

Free Booklet on Silver Fox Industry

Thousands of dollars have already been made and many more thousands await those who seize the opportunity NOW offered by

THE JOHN R. DINNIS PEDIGREED FOXES LIMITED.

The extra pairs of foxes added are at a VERY LOW COST VIRTUALLY \$16,000 per pair.

The new investor participates in enhanced value of the ELEVEN Pairs of "OLD BREEDERS".

"It is to be noted that the value of foxes of one year old and upwards ESPECIALLY OF PROVED BREEDERS, is considerably greater than young ones in their first year.

(From the Report of the Department of Agriculture, March 1913.)

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

NO COMMANDING OFFICER IS NAMED

OTTAWA, Aug. 26.—It is learned definitely tonight that there will be no General Commanding Officer for Canada's overseas infantry force or Canada's artillery. They will be attached to British Regiments. It is expected the Canadian Highlanders will be attached to a Highland Brigade and the Princess Patricia Light Infantry to the Coldstream Guards.

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province. FLOWER SHOW Prince of Wales College, August 26-27. 5073.

TRYON AND BONSHAW BAPTIST services will be conducted at Westmoreland at 10.30, Tryon, 2.30, Bonshaw at 7. Preacher Rev. Arthur Hurn.

MURRAY HARBOR CIRCUIT.—Rev. Mr. T. C. James will preach in the Presbyterian Church, Murray Harbour South, next Sabbath at 10.30 a. m.; in the Little Sands at 3.00 o'clock and in Murray River at 6.30 p. m.

BAD ROAD.—There is a piece of road between McKay's Corner at the Catholic Church and Mayne's brook, in Summerfield that is a constant menace to the safety of the travelling public. While other sections have splendid roads, though not so much used as this one, no carriage would stand driving over that part of the road at least with any speed whatever. Perhaps the roadmaster has some explanation. If not some one should be answerable for the condition of a road that has received no attention apparently for twelve months, if not more.—L.

THE PRINCE EDWARD.—Two large audiences at the Prince Edward Theatre last night witnessed with great appreciation an excellent programme of entertainment. The feature picture was "The Mystery of Wickham Hall," a three part dramatic play of heredity and the resurrecting of old family skeletons. Love plays a prominent part and after an attempt by her parents to force a young girl into a distasteful marriage, she wins out and marries the man she loves. Plenty of merriment was provided in two comedy photo-plays, in one of which Universal Ike, Jr. participated. "The Brigand" was another good production shown. Two new pictures will be shown tonight.

BIG CANNING CONCERN.—R. Clark & Co., Mt. Stewart are doing an immense business in canning berries. On Saturday this firm received a shipment of eighty barrels of blueberries from different parts of the Island and yesterday working over time till 10 o'clock at night they canned 27 barrels or 5400 lbs. Most of the finished product goes to Montreal and some to Hamilton, Ont. to be shipped to Western Canada. P. E. Island wants more enterprising business men like Mr. Clark of Mt. Stewart to develop the industries and open up new markets for the Island's products. The price of blueberries is 3c. and some farmers' children are keeping the family in flour as there is only 75 cents to boot in exchanging a barrel of berries for a barrel of flour.—L.

FLOWER SHOW Prince of Wales College, August 26-27. 5073.

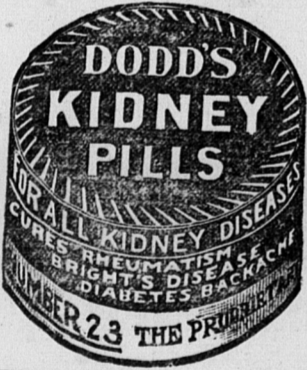

INSTITUTE PICNIC.—The farmers institute of Cornwall expect to have a big time at the Experimental farm on Friday next when they will hold their annual picnic.

SCHOOL IMPROVEMENTS.—The Cornwall Women's Institute are doing good work in the direction of school improvements. The school room has been papered and painted, the furniture re-painted, and other improvements have been effected. The work was done by Mr. Daniel J. McNeill, painter.

S. S. CASCADIA.—Messrs. Carvell Bros., Charlottetown, Agents for the Quebec S. S. Co., have received word that the S. S. Cascadia will be somewhat late in arriving in Charlottetown, on her next trip, as it is not expected that the steamer will leave Montreal before August 29th.

SERVICE OF INTERCESSION AT ST. PAULS CHURCH.—The Bishop of Nova Scotia has appointed Friday, August 28th, as a day of special intercession throughout the diocese. There will therefore be a service of Intercession in behalf of His Majesty's Naval and military forces now engaged in the war, in St. Paul's Church, on Friday evening at 7.30 o'clock.

ICE CREAM SOCIAL.—On Thursday evening, August the 20th, a most successful ice-cream social was held in the fine new hall at Graham's Road, the proceeds going to pay for further work in finishing the inside of the building. The gallantry from the surrounding communities, "their ladies by their side" were there and what is more, were not afraid to buy lots of ice-cream and refreshing ice cold drinks. Though the hall was crowded to its capacity and the order were nearly as many outside, the order was perfect bespeaking good conduct in the future on the part of our young people. As this was the opening of the Graham's Road Public Hall, the writer was particularly pleased with the manly conduct of the young men, thus setting a good example for all future meetings and giving no place to be disorderly and unmanly deportment too prevalent in country districts. The waiters both ladies and gentlemen, were kept very busy and before the affair closed the snug sum of \$50.00 was realized. The expenses were not high, so that the committee will be able to complete the hall at once. Right from the beginning of the project till this final stage of completion, the public-spirited people of the community have worked harmoniously together and are worthy of great credit in providing a commodious public building, in order to further promote the progressive spirit of a progressive farming community. The following are the names of some of the men on the Hall Committee: Messrs Geo. McKay, P. L. Cash, Jas. Campbell, W. Williams, A. Campbell, A. M. Green, Thos. Wigmore.—L.

The Backbone of National Prosperity

FARMING is by common consent the basis of our national wealth and prosperity. The farmers of Canada have, for the past two years, been getting top prices for what they have had to sell and have been able to obtain what they have had to buy at moderate prices. The war means better times for farmers.

Where the foundations of national wealth and prosperity are sound and assured, hopefulness may build her structures with confidence.

Business in Canada can and will be good if our business men will do their utmost to keep the bottom in business. Advertising is a good workman for this purpose.
