Reporters and Correspondents Everywhere.

On 1st. April the name of the Montague Cross post office will be changed to 'Iona.'

THE ice boats made the last trip of the season yesterday, and will now lay up for the summer. The mails reached the city yesterday at half past one.

FIFTY-SIX pedestrians competed recently in a walking contest from London to Brighton, a distance of 32 1/2 miles. J. Snyder, an amateur, won by two miles in 8 hours, 43 minutes, 16 seconds, which is a record for the distance.

THE ruination to health by cigarette smoking has become apparent to the people of the United States, so the manufacture of these duds apologies for a decent smoke, is becoming less in that country; but in Canada, where the injury to health has not reached the crisis. It has over the border, the manufacture is steadily increasing.

**ISAAC ESSERY,** Brackley Point Road is busily engaged moving his stock, implements etc. to his new home at Union Lot 83. This farm he purchased a few years ago from Mrs. Isaac Sellers. Mr. Essery will no doubt receive a most cordial welcome to his native district in which two of his brothers now reside, viz. James and Frederick.

A LATE Ottawa despatch says: Prince Edward Island's conservative representatives will make a strong kick when the redistribution bill comes down. They will endeavor to have the present representation of five members retained. If they fall the island will probably be divided into two constituencies, King's and Queens, with two members from each.

**C. E. ROND,** Great George Street has opened in his store, recently renovated, a large supply of horse collars in cloth and leather faced with curled hair and also Rush plow collars, which he invites all farmers and others owning horses to inspect. He has also a large assortment of traces and oak tanned leather in light and heavy harness, riding saddles, bridles etc at the lowest prices.

In writing recently of old citizens, we are today reminded by reading a letter from Mr. William Sterns, Senr., who was writing us on a small matter of business, that he is now in his 84th year, being born in Truro, 12th Oct. 1819, but as his parents removed to Morell, P. E. I. the following year, he therefore calls himself an old Island boy, having lived there all his long life, until recently, when he moved to Dartmouth, to live with one of his daughters. His many warm friends in P. E. I. will be glad to know that he is well.

**PATTEN & PERRY** in Jerry from Kerry opened to a full house on Wednesday evening and it is safe to say that no company of players ever made a bigger hit in Picton than did these people who came as strangers. That they succeeded in drawing a big audience last night and gave every satisfaction is sufficient proof that the Company is out to do business openly and above board. For good wholesome comedy, excellent musical numbers, and high class specialties, Patten & Perry lead all companies that have been this way for years. They have a fine Band and Orchestra and their music "caught" the people at once.—The Picton Advocate. 2-14-03. At the Opera House Charlottetown, for one week commencing Thursday March 26. Reserved seat tickets on sale from ten o'clock Tuesday morning at usual places.

**MALPUEQUE NOTES.**—Hooking has become the order of the day here, and everybody is doing more or less of it. The majority of the school children are suffering from heavy colds, and have been unable to attend school this past week. A prayer meeting was held at the house of Preston McNeill Thursday evening, at which two of his children were baptized: John and Mrs Campbell and child of O'Leary, returned to their home Thursday from a visit to Mrs. Campbell's sister, Mrs. Edward Thompson, and other friends. Miss Bessie Durant, formerly of Margate, who graduated in June last from the Danvers Hospital, has gone to Worcester, Massachusetts, to take a post-graduate course in the Medical Hospital there, taking up surgical work more particularly.

THE crossing between Charlottetown and Southport yesterday was carried on by means of the amphibious ice boat, manipulated by a number of the boatmen. The ferry steamers are almost ready for service and will begin running whenever the ice breaks up.

### MORE STOCK FOR FARMERS.

Hereafter our farmers will have more stock feed than has been the custom. Do you want to know why we make this statement? Well, here is our reason: We have had too droughty seasons, and as a result feed is unusually scarce or has been secured by unusual effort. No man knows in advance whether the growing season will be dry or not, and farmers will take out an insurance policy by planting more drought resisting crops, a greater variety of feed crops, and they will prepare their lands and cultivate their crops in a manner to protect themselves from the heretofore certain results of a protected drought. Then if seasons are favorable they will have more feed to sell, and if the seasons are unfavorable they will have plenty for home use and perhaps some to sell. We don't expect all farmers to do this, but that doesn't matter much. The price will be all the better for those who have feed to sell.

**About Ducks.**

Ducks possess many advantages over other domestic fowl. They are very hardy, entirely free from vermin and liable to few diseases. They take to confinement much better than chickens, and a cheap low fence is sufficient to keep them in the desired place. They are great egg producers, and their feathers are of considerable value. They grow more rapidly than chickens, and weigh more on reaching maturity, and public opinion to the contrary notwithstanding, they do not require more food. The old saying that a duck "will eat its head off" is a myth.—Country Life in America.

### AN ABSOLUTE NECESSITY.

So Thinks At Least One Traveling Man.

I would as soon think of starting out with out my mileage books and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing with out protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often 'josh' me about it, tell me I'm an easy mark for patent medicine fakery, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the 'joshing' in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing it for this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since and when I stop to think that is what I spent every day for cigars, I feel like shaking hands with myself for I can keep my stomach and digestion in first class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in a patent medicine as much as in selling barbwire.
