Stock Markets At A Glance

WINNIPEG, Oct. 21 - (CP) - Rye futures prices on the Winnipeg Grain Exchange Saturday rallied in the last half of the session to erase early losses of more than two cents.

NEW YORK, Oct. 21 - (AP) - Buying support returned to the Stock Market Saturday and enabled selected rails, industrials and utilities to retrieve a portion of Friday's losses.

The short session opened with widespread declines running to a point or more in fairly active dealings. Prices then stiffened here and there. Trends generally turned upward in the final quarter hour and, while losses were plentiful at the close, advances had the best of the argument.

The Associated Press 60-stock composite was up 3/4 of a point at 72.4 on Saturday but for the week showed a net reaction of as much as first all-pain since the period ended Sept. 15.

Local School Improvement League Meeting

The annual meeting of the School Improvement League met at the home of Mrs. R. R. Bell on Oct. 19th with large number present.

A most encouraging report of the year's work was given by the president, Mrs. Gordon McDonald. Mrs. J. P. Lewis brought in the report of the nominating committee and following officers for coming year were elected:

President, Mrs. Gordon McDonald. 2nd Vice Pres., Mrs. Harry Cudmore. Recording Secy., Mrs. G. E. Whitehead. Corresponding Secy., Mrs. W. E. Scudlary. Treasurer, Mrs. F. A. Creelman.

Telephone Comm., Mrs. George Wood, Mrs. Alex Matheson, Mrs. A. Beaman, Mrs. Don Campbell, Mrs. Geo. Tweedy.

The overcrowded condition of West Kent School and the report that the school board were considering excavating the annex were subjects of lively discussion. It was suggested that the extra pupils might be found in Prince Street School.

It was also recalled that at the same time of Wales College was destroyed by fire the students were all accommodated within a short time in various buildings throughout the city.

It was felt that if the present program could also be met without that a letter be sent the School Board asking that no money be spent on making additions to the present school buildings but that temporary accommodation be found and made to obtain a High School for Charlottetown. This motion was heartily supported by the

Mrs. Creelman reported for the art committee that 70 pictures were received from the next work on frames was beginning in the manual training classes.

It was decided to hold the next meeting on Nov. 1 in order to have Mr. Lambert, director of C. B. C. School Broadcasts, as our guest speaker.

At the close of the business session the League was invited to hear an address by Mr. D. B. Lusty of Halifax on Maritime School Broadcasts. These broadcasts began Oct. 1st and continue until the 31st week in May with 10 broadcasts each week. Each lesson is illustrated by the fact that every building in the city of Chicago is equipped with a radio or loud speaker.

The League was invited to the school for radio equipment. We were interested to hear that the school club in Summerside had voted \$1,000 for radio equipment in the schools of that town.

Trinity United Church

The services in Trinity Church on Sunday were conducted by the minister who spoke, in the morning, of that vivid story of eyes to the people in their long and hazardous journey from Mt. Sinai to the Promised Land.

The minister pointed out that the story of the present day is going to appeal to the best that is in people, it must be on the basis of their ability to contribute to the good of the world.

The minister applied the lesson of the old story to the present day in which we are living and declared that, while the military struggle has come to an end, the war is just beginning, and there is constantly the necessity of people, individually and collectively, making their contribution to the struggle in which we are now engaged.

The morning anthem "Had We But Harkened" (W. R. Davies), Mr. Roy Smallman taking the solo part.

The senior, intermediate and junior Sunday School met as usual at 10 o'clock with increased attendance and a growing interest in the Primary and Beginners Department met at 11 o'clock.

The evening service was conducted by the minister and we were happy to have with us as guest preacher, Dr. A. J. Wilson, pastor of the First Baptist Church, server. All those who read The Observer were especially glad to see and hear Dr. Wilson.

The selection rendered by the choir was the chorale "Give to Our God Immortal Praise."

LET'S MAKE SURE OF THE ROOF

After the best architect has produced plans for a beautiful home, the most skillful carpenter does not neglect the full bracing of those plans until he has completed the roof and has braced the inside struts.

Capable planners designed a new financial house for the Canadian people during war time. It was built by the Canadian people with their own money. Although lacking many conveniences, it compared favorably with shabby war-time financial structures of many other nations.

The Ninth Victory Loan may well be viewed as the roof and inside bracing of the new Canadian financial structure which will transform the house to provide comfortable living for the vast majority of Canadians in years following the war.

A successful Ninth Victory Loan will provide the means by which the country can help sailors, soldiers and airmen to rest in civilian life with minimum discomfort and to do her share in the great
