A GOOD CAUSE—It is twenty one years, the Manitoba Free Press points out, since Christmas seals as a means of raising money for anti-tuberculosis work were used, though it is only in recent years that they have become so familiar on Christmas parcels. This year's sticker has a viking ship in full sail carrying the double-barred cross as its flag and it is hoped that it will bring back treasure to help on a cause which well deserves every assistance.

CHILD INJURED—A painful injury was sustained by little Vernon Burke, two-and-a-half year old son of Mr. and Mrs. Leslie Burke, City, when it was run over Saturday by a motor car while coasting on the street near the City Hospital. The little chap escaped serious injury almost by a miracle. He was badly bruised about the face and body and is still confined to the hospital. The sister of the lad who has recently undergone an operation for appendicitis is also a patient at the hospital.

In Memoriam

In loving memory of our dear Mother, Mrs. Benjamin C. Douglas, who departed this life November 25th, 1920.
 Some may think you are forgotten
 That the wound is surely healed
 But they little know the sorrow
 Lies within our hearts concealed
 Days of sadness still come o'er us
 Tears in silence often flow
 For your memory keeps you near us
 Though you died eight years ago.

PRESENTATION OF TROPHIES

Two splendid trophies donated to the Charlottetown Yacht Club by Messrs. W. Chester S. McEure and J. O. Hyndman are at present on display in the windows of Messrs. Hyndman & Co., and Chester A. Campbell's Jewellery Store. These trophies are beautiful and reflect much credit on the donors, who by the way are always in the forefront in the furthering of good clean sport in this city. These trophies together with the Confederation and C. Y. C. Cups will be presented next Friday evening at the Yacht Club's annual meeting which takes place at the Navy League Building at 8:30.

CARS COLLIDE—Last Monday evening about 9:55 p. m. two motor cars collided at the corner of Grafton and Hillsborough Streets. One of them was going west on Grafton and turned south on Hillsborough when it was struck broadside on by the other which was going east on Grafton. The first named car had its running board and fender damaged, and the front axle bent, while the other car was also damaged to some extent.

Conference On Cooperation Held In Toronto

(Canadian Press)
 TORONTO, Nov. 27.—Representatives of agriculture met with representatives of industry and commerce here today and discussed the advantages which would flow from closer cooperation and better understanding. Agricultural leaders were present from every province in the dominion and joined in a friendly discussion with the national executive of the Canadian Chamber of Commerce.

As a result of the conference, which was a preliminary one, the whole institution of cooperation between agriculture and other economic interests will be gone into in a larger conference which is planned for sometime next spring. The conference will be under the auspices of the Canadian Chamber of Commerce and will include all the agricultural organizations and all the commercial associations in the dominion. One of the most discussed problems at the meeting today was the difficulty of getting business men to appreciate the agriculturalists point of view. The desirability of this was fully realized, it was stated.

Nationality of Canadians to Be Reorganized

(Special to the Guardian)
 TORONTO, Nov. 27.—While he declares that he has no authority for saying so, Hon. W. B. Bennett, the minister of agriculture for the Dominion, feels that it will not be long before "Canadian Nationality" is recognized in the dominion census. Speaking to a women's organization last week the minister of agriculture, suggested the possibility and today he reiterated his statement.
 "Of course, I have no authority for saying so but there seems to be a popular demand for a census for "Canadians" in the census sheet and the King Government usually gives the people what they want. Now we have to put down what our parents or grandparents were. If they were Scottish we are classed under that nationality. It seems to be a foolish custom and will probably be remedied."
 Mr. Motherwell is much impressed with the success of the Royal Winter Fair. In his opinion it has been a wonderful success. The interest taken in it by Americans, particularly those from Pennsylvania would indicate, he thinks, that Toronto was soon to see other cities on the continent with winter fairs that will challenge our supremacy, he thinks.

sales tax will be abolished. The present sales tax rate is 3 per cent. At this coming session Hon. James A. Robb, Minister of Finance will announce the further reduction of 1 per cent, as has been his practice in the past two or three years. The rate will then be 2 per cent, a percentage which it is held here is not profitable to collect, so that when the time for an election appeal comes, in 1930, the Minister of Finance could safely promise complete abolition of the tax at the subsequent session.

Canada's electorate have had a surfeit of general elections, three within five years, and to hold another next year, with only three of the five prescribed years of the parliamentary term exhausted, would be to provoke wide criticism and resentment. The people are "fed up" with elections, and are asking only for political tranquillity. Again, to hold an election next year, prematurely, would require some pressing and clear-cut issue, and such an issue is no where visible. Besides, the present Prime Minister is not in the habit of meeting trouble more than half way.

The third session of the sixteenth Parliament will closely resemble the second, as to duration and dullness. It will probably open about the same time, the last week of January or the first week of February, and will extend into the early days of June. Transfer of natural resources to the Prairie Provinces, administration of the Canadian National Railway, immigration and the Tariff Board, are likely to be the central themes of Opposition speeches and Government defence.

Natural Resources Matter

A Royal Commission, headed by Judge Turgeon, of Regina, has been set up to deal with the terms of the transfer of natural resources from the Dominion to Manitoba, and next month Premier J. E. Brown, of Alberta, will be here to confer with the federal Government on the same subject. The Supreme Court of Canada having two years ago had certain questions referred to it by the Government of Canada, upheld the validity of the Alberta act, so that the way is paved for a peaceful settlement of the natural resources question in that province, unless further controversy is provoked in Parliament.

Renewal in a short time of the contract with Sir Henry Thornton as president of the system, the commencement of the new hotel in Vancouver, near completion of the terminal project at Halifax, and the forthcoming report of Frederick Palmer on the question of a big terminal for the Island of Montreal will all serve to centre attention upon the Canadian National Railway during the session.

Without going to the extent of having another committee of inquiry there will be more talk this session about immigration, the results of the recent experiment, the second of its kind, of a temporary movement of British workers for the harvest in Western Canada, demands for further light on the fate of the new plan formulated by Lord Lovat when in Canada this fall, and on the new rates now being sought by W. J. Egan, Deputy Minister, in Europe.

The tariff and the Tariff Board will receive more attention. The Minister of Finance will, when his budget is being prepared, have the Tariff Board's report on the completed hearings on coal, steel and cement. The Maritime Provinces, through their members, are likely to press for generous treatment of the demands of the British Empire Steel Corporation, but as a result of last week's disclosure of a real lift between the steel producers of the Maritimes and of Central Canada, a considerable fight is likely to be put up in the House against a surrender to Besco's demands.

The Markets

(Canadian Press)
 MONTREAL, Que., Nov. 27.—The foreign trade in Canadian grain, here today was quiet and the only business transacted was a few sales of wheat and oats. A moderate amount of business was done in the domestic market in cash grain including sales of No. 3 northern wheat at 71-4 cents per bushel over the Winnipeg November option c.i.f. Montreal and sales of feed wheat for William at 73-4 cents per bushel track shipping point while No. 1 feed oats sold at three cents per bushel over the November option and feed barley at 11-2 cent per bushel over c.i.f. The trade in car lots was also good and values were steady. The demand for spring and winter wheat flour was firm and values were unchanged. The trade in all lines of millfeed continued active and firm. The inquiry for standard grades of rolled oats was good and prices were unchanged. An active trade was again done in all grades of fresh and storage eggs and the undertone to the market was firm. Receipts were 676 cases. Owing to the continued indifferent demand from foreign buyers the undertone to the cheese market was easier and prices were reduced 1-8 cent per pound. Receipts were 4,796 boxes. Little business was transacted in butter but the undertone to the market was steady. Receipts were 144 packages. Canadian beans continued to sell at \$5.25 per bushel wholesale delivered in bags. They are also being offered at 91-2 cents per lb. Potatoes were unchanged. New Brunswick green mountains sold at 50 to 55 cents per 90 lbs. in bulk. P. E. I. Cobblers at 70c in bags and green mountains at 80 cents per 90 lbs. in bags.

 Edward W. Manson vs. Franklin P. Jamieson, judgment for plaintiff for \$412.15. McCallum for plaintiff. Howard R. Hillson and another vs. John Neilgan, action on promissory notes. Judgment for plaintiff for \$75.00. Heath Strong, K. C. for plaintiff.
 Morley M. Bell vs. Albert McLellan, action on promissory notes. Judgment for plaintiff for \$65.00.
 Morley M. Bell plaintiff in person. The grand jury brought in the following bills of indictment: The King vs. John Winchester, indictment for receiving. True bill. The King vs. John McKenna and Hugh McKenna, indictment for assault occasioning actual bodily harm. True bill. The King vs. George Galbraith and Arthur Smith, indictment for harbouring dutiable goods. True bill. The prisoners were all arraigned and several pleaded not guilty. Their respective trials will proceed this week commencing on Wednesday when the petit jury comes in.

The grand jury on completion of their duties brought in the following report: To His Lordship John Alexander Mathieson, chief justice of the Supreme Court of P. E. I. May it please your lordship that we, your grand jurors summoned beg to make the following report:
 We find in the examination of the building, of the registry, prothonotary and sheriff's offices need cleaning and redecorating, also the floors in some of these rooms need attention. On examining the jail we find the furnace should be recovered with asbestos or some other suitable covering for protection and also blinds for the windows where needed. We recommend that there should be a suitable fence placed along the south side of the jail to prevent intercourse between prisoners and outsiders. We further recommend that a jail yard be constructed. This will enable prisoners to have exercise and we also strongly recommend that prisoners might be given suitable employment. We find the prisoners quarters rather crowded and would suggest more accommodation. We find the general sanitary conditions good, which reflects much credit on the services of the caretaker, all of which we humbly submit. C. F. Morrisey, foreman for self and fellows.
 Court adjourned until eleven a. m. today.

All Classes Rub Shoulders to Assure Certain Condition of Sovereign
 LONDON, Nov. 27.—Smartly-dressed men and fur-clad women rubbed shoulders with shabbily-tired working men in the crowd which all day today pressed close to the railings before Buckingham of the official bulletin on the King's condition. The bulletin was for the first time displayed to the public, typewritten within a wooden frame suspended on the railings, and it had an unflattering attraction. Few motor cars or taxicabs driving past failed to stop for their occupants to peruse the bulletin.

APPRECIATION EXPRESSED

(Special to the Guardian)
 TORONTO, Nov. 27.—The Mayor received a letter today from Premier Mackenzie King, in which he expresses "sincere appreciation of the welcome extended to me by the citizens of Toronto during my brief visit of last week."
 "To you personally," writes the Premier, "I renew my warmest thanks and I shall be grateful if you will convey to the members of the city council and citizens of Toronto the expression of my profound appreciation of their most friendly welcome."

WATERBURY, Conn., Nov. 26.—Miss Gertrude Lakout, of this city has lost her voice through a fright. A neighbor, Joseph Yanushitis, called at the girl's home recently and threatened to murder the family. Her fright was so great that she lost the power of speech. The man was sentenced to a thirty day jail term.
