**LOCAL BRIEFS**

The first number on the St. James' Y. M. L. A. programme will be a concert which will be held on Nov. 14th.

A brother of Mrs. Balderson, of Charlotte town, Angus McInnis, who has been in Halifax for some time past, taking a course in sanitary plumbing, was up for examination before the examining board, and passed first-class and got his diploma. Mr. McInnis is a brother of Hugh McInnis of the Charlottetown Examiner. Halifax Herald.

The Foresters' Court of Murray Harbor North and P. E. Road, will hold a grand concert and basket social at the Hall, Murray Harbor North, on the evening of Nov. 15th, at 7 p. m. Sister Courts and the public generally are invited. The committee who have the matter in hand intend to make it the social of the season.

The marriage of Harry E. Heustis to Mrs. Mary Kent took place at St. John's on Tuesday at the residence of Mrs. Jackman, Military road. The ceremony was performed by Rev. Mr. Jackman, cousin of the bride. Miss E. Bulley attended the bride, whilst Charles Hutton performed the offices of best man. A sumptuous wedding repast had been prepared beforehand for the guests, and after the party had partaken of the same, the happy bride and groom boarded the train which conveyed them on their honeymoon trip along the N. N. & W. railway. Returning they will take up their residence on LeMarchant road. The Telegram wishes them a long and happy married life. Halifax Herald. Mr. Heustis is a son of Rev. S. F. Heustis, of Halifax.

**EASTERN NEWS.**—Favorable weather for outside work still continues, and farmers are making the best of it, completing their season's work for the winter. The roads are in good condition, but the hauling of produce to market is not generally begun, and whatever quantity there is net the quantity of twenty years ago to market, as first, less is grown and next, more is fed at home. Not much has been done on the south side the last week. There are some hake off Little Harbor and Chepstow, but dogfish seriously interferes with trawling. Farther east, off West River and South Lake the fishermen are on the ground daily looking for codfish but they have not done much yet. Abundance of squid are in the Gulf here at present and they make first-class bait. No fish has been caught on the North Side for some time as the prevailing winds this time of year make it too rough and stormy for fishing. On the 27th ult., a portion of the youth and beauty of North Lake, West River and Red Point met at the residence of Mrs. Steven Ching, at the latter place to do honor to an eastern contingent bound for Boston, and needless to say the time was spent pleasantly and our departing friends felt that they were leaving friends behind them friends in reality, and friends to whom we believe their thoughts will oft pleasantly return when far away.

The hired transport Sardinian will not call at Sydney on her way to South Africa.

FORESTERS will please remember the meeting of Court Avondale to-night, at 8 o'clock. Payment of dues and other important business.

A PATIENT was brought to the city from Bradalbane last night by the express. She was taken to the P. E. Island Hospital.

To all interested in the work of the Y. M. C. A. An urgent request is extended to attend the adjourned annual meeting in the Association parlour this evening at 8 o'clock.

PARKDALE Church, Toronto, in charge that Rev. A. L. Gaggie, Toronto, has accepted, has over 700 communicants, a Sabbath School of between 600 and 700, and has just finished a hall capable of accommodating 1,000 children. —New Glasgow Bulletin.

A CORRESPONDENT of the St. John Globe, in commenting upon Canada's Contingent to the Transvaal says: "All the boys are well and in good spirits. The Islanders are a splendid lot of men, both physically and socially, and are a very valuable addition to our company."

At the special meeting held last evening by the B & A Club in their rooms Cameron Block, the following officers were elected, to fill the vacancies caused by the members who left on the South African Contingent:—F. E. Newson, Secretary; Edward McDonald Treasurer; Edward Saunders, on the Executive. The President reported it the most enthusiastic meeting on record and everything points to a most prosperous future.

An exciting game of football was played at Victoria Park yesterday afternoon, between the Prince of Wales College team and the Anchors. The men lined up as follows:

P. W. C.	Full backs	Anchor's
	Crosby,	Murphy
	McWilliam,	Large (Capt)
	McLean,	McMillan
	Les.Seller,	L. McMahon,
	Baird,	Nicholson,
	Turroer,	Brown,
	McIntyre,	McEachern,
	Connors,	McLean,
	Crews,	Sinclair
	Nicholson,	McQuaid,
	McInnis,	Lightizer,
	J. McPherson,	Wings,
	D. McPherson,	Ryan,
	Lem Seller,	A. McMahon,
	F. McLeod,	Morne,

During the first half the Anchors made two touch-downs, but failed to convert them into goals. At half time the score stood 6-0 in favor of the Anchors. During the second half the game was fast and furious, the ball being very seldom out of scrimmage. During this half the Anchors again made two touch downs which connected into goals. When the whistle sounded, the total score, stood 16-0 in favor of the Anchors. One reason for the unfavourable showing of the P. W. C's was that three of their team being unable to play, their places had to be filled at short notice by new men.
