

"There Is No Market For Those Securities"

Poor consolation to an investor who in good faith has bought them with surplus savings, and with the idea that if he required the money at any time he could realize upon them. Thus it is well in selecting securities for investment to purchase those for which there is a ready market. Now it is nearly as difficult for the inexperienced investor to correctly decide such a matter as it is for the layman to argue his own case or to successfully carry through some engineering undertaking. He will attempt neither. He will engage a lawyer or an engineer to attend to such matters for him. Investing money successfully is a business in itself. Consult an investment house when you have funds available for this purpose. Don't hesitate to talk over your investment with us, you will place yourself under no obligation in doing so.

Modesty is a guard to virtue.

"MY STOMACH IS FINE Since Taking Na-Dru-Co Dyspepsia Tablets"
Mrs. J. Mierkuger, Waterloo, Ont., enthusiastically recommends Na-Dru-Co Dyspepsia Tablets. Her experience with them, as she outlines it, explains why. "I was greatly troubled with my stomach," she writes. "I had taken so much medicine that I might say to take any more would only be making it worse. My stomach just felt raw. I read of Na-Dru-Co Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with his stomach should give Na-Dru-Co Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."
One of the many good features of Na-Dru-Co Dyspepsia Tablets is that they are so pleasant and easy to take. The relief they give from heartburn, flatulence, biliousness and dyspepsia is prompt and permanent. Try one after each meal—they'll make you feel like a new person.
