5 PER CENT. REPAYING LOAN MATURING

15 October 1928-30 and interest—yield 5.23 Per Cent
 15 October 1928-30 and interest—yield 5.14 Per Cent

HOLDERS OF VICTORY BONDS
 MATURING 1st NOVEMBER 1923

may exchange their holdings for the same amount of the new issue and receive in cash the difference between the face value of their maturing bonds and the purchase price of the new securities, namely—

At the rate of \$1.75 per hundred dollars for 20 year bonds, &
 at the rate of \$1.00 per hundred dollars for 5 year bonds.

SPECIAL PRIVILEGES

Coupons on bonds exchanged are to be retained by the holder and cashed on November 1st. As the new bonds will be dated October 15th, holders who exchange will thus receive an extra half month's interest, thereby reducing the cost of the new issue to the following:—

1923 MATURITY 38.82 AND INTEREST YIELDING 5.10 P.C.
 1928 MATURITY 38.77 AND INTEREST YIELDING 5.23 P.C.

Holders are urged to act promptly as this privilege is subject to withdrawal.

Orders or instructions for exchange may be telephoned or telegraphed at our expense.

"Growing" Food

EVERY loaf of our bread contains 100% nourishment. It is just the food that Baby will thrive on—and every bit of it gives strength and health!

It should be substituted for the rich heavy foods that are not easily digested—and it is obvious that if this bread is healthy for Baby to eat, it is the logical food for grown ups too.

No messy mussy pipes or coil radiators in your house when you have the Enterprise All Cast Pipeless Furnace. No smoke, gas, or soot, (com-mo-z with other heating systems) when you have the Enterprise in your home—and best of all

No Cold Rooms in Your Home This winter

if the Enterprise is standing guard in your cellar.

You won't need to dress in a cold room; go down shivering to a cold kitchen or breakfast in a cold dining-room, if you have the Enterprise in your cellar. All through the day and night you can have every corner of every room heated to just the temperature you desire and at no greater cost for coal than the ordinary base burner.

Isn't it worth something to you to know that you will always have your home well heated, no matter how cold the weather may be outside?

The Enterprise All-Cast Iron Pipeless Furnace takes all the doubt and guess-work out of home heating—You are sure of a wealth of warmth whenever you want it.

Consider These Points of Perfection in the Enterprise All Cast Pipeless Furnace

- The Enterprise All-Cast Pipeless Furnace supplies humidified air pure, healthful—demanded by hygienists and physicians for the preservation of health and comfort in the home.
- Can be used equally well in a small home or a large public building—requires a cellar only 6 feet square and can be installed in one day.
- Can be supplied with a hot water coil, sufficient to heat a 30-gallon tank, sufficient for bathroom or kitchen.
- Warms your home to an even temperature in any weather.
- Permits the storage of fruit and vegetables without building separate room.
- Keeps the house free from gas, soot, smoke and dust.
- No danger of furnace overheating or burning out, through the great volume of air circulated.
- Changes the air often because of its large casings and register.
- Is easy to fire, owing to the large feed door, no coal or other fuel to fall around the floor.
- Makes it easy for you to carry light or heavy fire, as you wish.
