

### II Catarrh Has Spoiled Your Hearing Get Cured To-Day By "Catarrhozone"

**DON'T STAY DEAF ANY LONGER— FOLLOW THE PROCESSION— USE CATARRHOZONE**

Nine cases in ten of hard hearing are incurable. By curable we don't mean relievable—we mean that the sense of hearing can be permanently brought back.

Catarrh usually causes the deafness. Cure the catarrhal condition and you remove the cause of your poor hearing.

If you were sure you had catarrhal deafness you would use a real cure at once—of course you would.

There is a cure for you—one that is inexpensive—pleasant to use—and

sure to do its work thoroughly. Catarrhozone is no experiment for deafness.

Thousands before you have cleared Catarrh out of their heads by the aid of Catarrhozone and have thereby been cured of deafness.

No batteries or miniature telephones to bother you—no internal medicine to take—you have simply to follow special directions for the Catarrhozone Inhaler. Do this and you'll find a wonderful improvement in short order.

Any druggist can supply you Catarrhozone, or you can for \$1 secure it post paid under plain wrapper from the Catarrhozone Co., Kingston, Canada.

**—Y. M. C. A. Works.** An enthusiastic meeting of the young men of the different Protestant Denominations was held Sunday afternoon in the Presbyterian Hall. Mr. F. W. Steele, the Rural Organizer of the Y. M. C. A., discussed with the young men different ways and means for bettering the social life for the young men of the Town. It was decided to arrange for a banquet and musical entertainment to be held next Monday evening in the Presbyterian Hall. All the young men of the different Protestant Churches of Summerside will be cordially invited. Addresses will be given by some of the ablest speakers in this line of work. The members of the banquet and musical committee guarantee a big feed and a right good time.—J.

**—Y. M. C. A. WORK.** The boys of Summerside will hold a banquet next Monday evening when echoes of the older boys' conference at Charlottetown will be heard and plans made to carry forward some worth while activities among the boys. A few speakers from out of town will attend the banquet. The following named committee have charge of the arrangements. Executive committee—two boys from each church who will secure the assistance of the ladies in providing the feed.—D. R. Morrison, Morley Bell, Harold Milligan, Hertz Gosselin, John MacNeill, Harold Weeks, Leith Smith, John Haeker, Music Committee—Graham Rogers, Don Stewart, Everett Phillips, Robert Gordon, Harold Crockett. Advertisement Committee—John MacNeill, Harold Weeks, William Forbes, Morris Kim, Victor Morris, Clair Campbell, Leith Smith, James Murray.

**—BOARD OF TRADE.** The regular quarterly meeting of the Summerside Board of Trade was held in the Council Chamber on Tuesday evening with a good attendance of members present. After the reading of minutes of last regular meeting and special meetings held since, the reports of the different special committees were given. Mr. Arthur of the special committee to Charlottetown to meet the visiting railway men regarding freight rates, gave a full and exhaustive report of the proceedings, both at Charlottetown and Summerside. Geo. E. Baker of the special committee regarding Town Clock reported that he had examined the O. Building and found the foundations full able to sustain the weight of a 4 Dial Striking Clock. Owing to some misunderstanding the committee reported that they missed interviewing Senator Murphy regarding this matter before his return to Ottawa. The Committee regarding new Steamship service reported that with the exception of the presenting of the resolution of the board, by Mr. Arthur during the latter's visit to Ottawa and a subsequent interview by the latter with Mr. D. Nicholson, M. P. in which he promised that if any subsidy was granted this Company he would insist of Summerside being made a port of call, no more information could be given. It was announced that Prof. Clark of the Experimental Farm would deliver an address on Town Improvement in St. Paul's Hall tonight.—J.

**—PLEASANT CLOSING.** The Tryon Reading Circle under the efficient direction of Rev. G. M. Young gave at its closing session a public entertainment in the form of a missionary Mock Trial. The most successful drama was staged in Tryon Hall on Tuesday evening, April 7th, by the following members in costume. Judge—H. H. Liu; C. A.—J. Patterson; C. for Plaintiff—A. Toombs; Crier—K. Profit; Constable—E. Hilliar; Prisoner—Helen Reid. Witnesses for Crown—Winnle Smith, Helen Young, Florence Maybe, Frank McParlane, Percy Parrot, Harold Harrow. The young people in presenting this trial of the Crown against the Church held the interest of a crowded house from start to finish. Not one part but was well played, from the calm impressive ruling of the level-headed Judge to the penitent prisoner, who through she "strength of many witnesses" changed her plea to that of guilty and was then liberated on suspended sentence. After the drama Miss Amy Lord sang in her rich Contralto voice "I Hear You Calling Me"—which was deservedly encored. Tryon is certainly to be congratulated on having such a sweet soloist as Miss Lord, and Rev. Mr. Young and the Reading Circle on such a successful finish of their winter study.—Com.

**HON. CHAS. DALTON BANQUETS FRIENDS**

(Continued from page one)

were all glad to be there that night. Mr. Dalton had done many a generous act for the Island, but he did not think that he had ever done a kinder and a more thoughtful act than when he made up his mind to call them together that night.

Mr. G. M. Matthews, of O'Leary, gave a graceful address concluding with remark that their friend, Mr. Dalton, merited the approbation of the people for his generosity and kindness.

"The Press" was then toasted, the speakers being Mr. James McIsaac, of the "Herald," and Messrs. Cotton and McDonald.

Mr. L. L. Jenkins proposed "The Chief Whip." The toast was drunk to the tune of "He's a Jolly good Fellow."

Mr. Delaney replied shortly, thanking the gathering for having thought of him to the extent of drinking to his health. He said that Mr. Dalton had done a great many things for the uplift of the country and his name would be ever green in the memory of the rising generation.

(Cheers)

Mr. Stewart proposed "The Farmers of the Island," to which Mr. J. A. Dewar replied.

Mr. Dewar said it gave him considerable pleasure to be present with that distinguished company. He could speak for the good feeling that existed among the members generally. They might have points of difference at times, but when occasion called for it they could meet amicably and in the best spirit. He had always admired Mr. Dalton. If there was one thing more than another which he liked more than another gentleman, it was his plainness. Mr. Dalton was a man who had increased in material wealth and who had kept level head and remained modest. He concluded with a eulogy on Prince Edward Island.

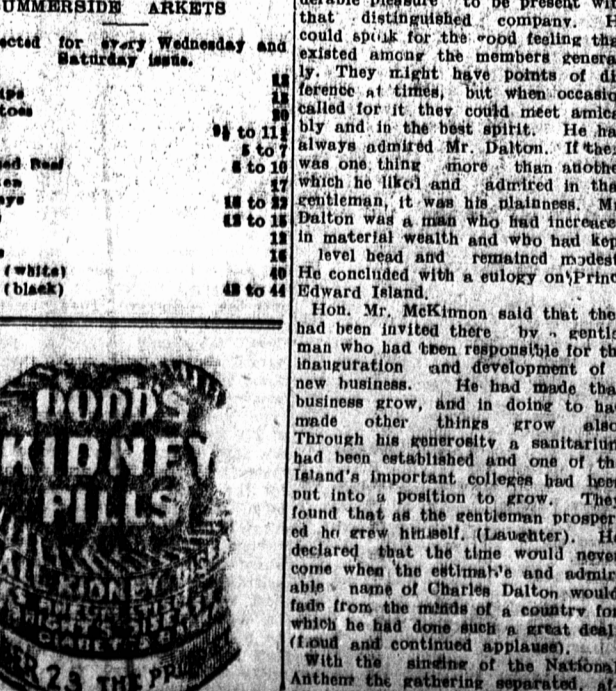

Hon. Mr. McKinnon said that they had been invited there by a gentleman who had been responsible for the inauguration and development of a new business. He had made that business grow, and in doing to had made other things grow also. Through his generosity a sanitarium had been established and one of the Island's important colleges had been put into a position to grow. They found that as the gentleman prospered he grew himself. (Laughter). He declared that the time would never come when the estimate and admirable name of Charles Dalton would fade from the minds of a country for which he had done such a great deal. (loud and continued applause).

With the singing of the National Anthem the gathering separated, after hours of conviviality and good spirit.

**DR. CHASE'S KIDNEY PILLS**

Paralysis is frightfully common these days. We are living at high tension, and too often the nerves give way under the enormous strain. The only way to be safe is to be warned by symptoms, for the nervous system does not go to pieces without giving you many danger signals, if you only know how to interpret them.

When you have frequent headaches, and yourself easily irritated and annoyed, feel discouraged and downhearted, cannot rest and sleep well, and find appetite feeble and digestion bad, you may know that the nerves are in bad condition. Don't wait for these symptoms to become chronic but start in early with the use of Dr. Chase's Nerve Food and head of disaster.

Mr. John Matthews, farmer, Fawn Lake, Alta., writes:—"I had cramps in my legs, pains in my knees and elbows, and my fingers would get cramped and numb. I could not sleep nights, and would have to get out of bed to rub the cramps out of my legs. For two years I suffered this way, and could not get relief. Then I began using Dr. Chase's Nerve Food, and did so with splendid results. I sleep well now, enjoy my meals and feel well generally. I only had cramps once last winter, and felt that my system has been greatly benefited by this food cure."

Cures like this are reported almost daily in the public press, and you are invited to investigate these cases for yourself. If you cannot call personally write for particulars, enclosing stamp for reply. Dr. Chase's Nerve Food, 50c. a box all dealers, or Edmondson, Bates & Co., Limited, Toronto.
