MR. ANGUS McDONALD, a native of Springton, Lot 67, but now a progressive merchant tailor in Salem, Mass., has issued an exceedingly neat and interesting calendar, as a spring announcement. Mr. McDonald has succeeded admirably in business.

TEACHERS' ASSOCIATION.—The regular meeting of the Teachers' Association was held on Saturday evening in the Y. M. C. A. parlor. There was a fair attendance of teachers and a profitable hour was spent in discussing "Memory in Education," dealing chiefly with Retention and Reproduction.

REMEMBER the meeting of the officers and non-commissioned officers of the 82nd Battalion, Engineers and Artillery in the Artillery orderly rooms, this evening at 8 o'clock sharp, to make arrangements for celebrating our Most Gracious Majesty's Birthday. Staff-officers are specially requested to attend.

MR. F. N. DARKE, formerly of North Wiltshire, but now of Regina, N. W. T., where he is Vice President of the Board of Trade, has forwarded to this office a circular of valuable information to intending immigrants to the North West. Mr. J. K. McAnis, Editor of the Standard, and also an Islander, is a member of the council.

THE remains of the late Edwin P. Robins arrived via the S. S. Stanley on Saturday evening, accompanied by his brother Earle of Boston. A number of friends of the deceased assembled on the wharf. The late Edwin P. Robins went under an operation in the Hospital on Saturday April 22nd for appendicitis, a complication set in however from which he died on Sunday. Mr. Robins was in his 28th year and was taking a course in philosophy with a view to a professorship at Cornell University. He was considered a brilliant student. His body was immediately embalmed and a classmate, Mr. William Ferguson, son of Senator Ferguson, accompanied the remains to Boston. On Tuesday his brother started for home and arrived here Saturday evening. The contributions consist of a wreath from the professors, one from his classmates and another one from the Canadian club in Cornell. The two former tributes are being prepared in Charlottetown by Mr. Herbert Haszard, the professors having wired Dr. Anderson to procure it for them, and his class mates telegraphed Mr. John A. McDonald to have one prepared. The one from the Canadian Club will arrive this evening and will be sent to the home of his parents in Bequie on Tuesday morning. His remains were removed from the Stanley to the station and will be taken home this morning.

ROBERT McKELVIE was a passenger via the Stanley on Saturday evening.

MR. FRED MORRIS, of Bradalbane, who recently underwent an operation in the P. E. Island Hospital, is reported as convalescent.

THOMAS GLOVER, Summerside, P. E. I., is in the city. Miss Louisa Glover, his daughter, who has been attending the ladies' college, returns home with him on Monday.—Halifax Herald.

ON Sunday 16th inst. Rev. Mr. King, Methodist Minister at Salisbury, N. B., (for three years at Tryon, P. E. I.) and Rev. Mr. Tiner, the Baptist minister, were confined to their beds by illness, and the two public school teachers filled their pulpits.

THE Miramichi bicycle club intend to hold their annual meet in Chatham, N. B., on May 24th. The event will consist of bicycle races, running and jumping. Outside competition is invited. Medals and cups are to be presented.—W. Henry Irvine, Secy. M. B. C.

BRADALBANE NOTES.—Mr. Fred Fall, Crapaud, has purchased from Mr. Christopher Gunn a handsome carriage stallion and it is supposed he has paid a handsome sum for him.—We are glad to see Mr. James McKinnon out again after injuries received some time ago while cutting wood at his door.—Mr. J. Gordon McKay has returned from his trip to New York. Welcome.—Mr. James Cousins left yesterday for Bangor, Me., and Mr. Dan Kennedy and Chas. McKinnon leaves in a couple of days to push their fortune in the west. Success to our boys.—Our school is progressing favorably under the management of Mr. H. McNeill.

MONTAGUE BRIDGE ITEMS.—There was a quiet wedding at the home of Mrs. Duncan McDonald on Wednesday evening, 19 inst., when her daughter, Annie, was united to Mr. John McLean of Head of Montague. Rev. Mr. Turner tied the knot in the presence of a few of the most intimate friends.—The villagers on the south side of the River have just completed a splendid side walk, extending from the post office nearly to the Presbyterian Church, with several crossings to the principal shops and hotels. Those on the north side, determined not to be outdone, are taking steps to repair and extend their side walks.—Mr. Mr. N. J. McDonald of the Montague Mills is taking steps to form an electric light Co., with a view of furnishing the village and villagers with electric light. We hope he may succeed; he has met with considerable success and will no doubt apply to the present legislature for an act of incorporation.—Mr. Ives of Searlton has moved with his family to Montague and has all the lumber on the spot to erect a large steam mill for the purpose of sawing, planing and manufacturing lumber into all kinds of house building material. We wish him success.—It is rumored that steps are being taken to start another lumber yard and sash and door factory in the village, and as the lumber business is growing there is no doubt room for another. It is further rumored that Geo. Wigham Esq., is about erecting a cold storage warehouse which would be a great advantage to the village and surrounding country.—We want a few more dwellings in the village. At present there is not a vacant house, and there are several families who would be glad to change their quarters, but cannot do so account of the scarcity of tenements.

In October last Rev. J. F. Duxton, a Presbyterian minister of Halifax wrote a letter to the Halifax Herald, in which he characterized "The Devil's Auction" performance that was then beginning a week's engagement in that city, as an indecent show, using some pretty strong language. H. B. Clark, manager of the Academy, where the performance took place, sued the rev. gentleman for damages. The case came on for trial Thursday. After the jury were out nearly three hours, they reported that they could not agree.

THE Women's Council met at Prince of Wales College Saturday afternoon. The petition asking the Legislature to amend the school act that women may be eligible for election as trustees to the school boards was adopted and ordered to be forwarded in the hope that the House may take favorable action this session. A committee was appointed to enquire into the needs of a home for the aged poor. A hearty vote of thanks was passed to Miss Pippy for her gift to the labor bureau of a handsome register book.

stop to consider that neglected Coughs and Colds are followed by Bronchitis and other throat and lung diseases—all breeders of Consumption? Better stop the Cough now with a few doses of Dr. Wood's Norway Pine Syrup, than suffer ever afterwards.

Mr. Frank Jennings, Coldwater, Ont., says he was troubled with sore throat and weak lungs, but Dr. Wood's Norway Pine Syrup cured him when other medicines failed.

Price 25c. and 50c. At all dealers.

FOR BUSINESS WEAR.

Our made-to-order Suits make any ready made imitation seem ridiculous by comparison. To be sure, counterfeits pass for genuine coin and brass for gold at a distance, because both are yellow but the difference will out; brass isn't gold and ready made isn't Tailor made. The two are easily distinguished, one is cheap the other isn't cheap, one fits the other doesn't fit; we fit perfectly and invariably. Our large stock of Suitings gives every customer an ample field of choice in materials, Viennas Cheviots, Broad Cloths, Serges, Worsted, Scotch and Irish tweeds, West of England Trousersings and Canadian tweeds.

Around The Dodging ? Question

It is often practised. We won't do it. We don't need to say our lumber is as good as you require—it's the BEST THAT GROWS. No need to tell you our Shingles are as good as any going—they're cut to our order—can't be equalled.

There's no question about it—every customer will back it, each buyer advertises it—THE BEE HIVE IS THE PLACE for Lumber.
