## FIVE DAYS HORSE RACES CONCLUDED ON SATURDAY

### Fred Cameron Wins Free-for-All with Fern Hal, John Willard of Maine Wins 2.24 Mixed with Northern Mac. Major D. A. MacKinnon Wins \$30 in Gold for Drivers Scoring Most Points.

We must compliment the management of the Charlottetown Driving Park on their pull with the weather man, for not a single bad day marred their programme. Saturday afternoon the weather was beautiful and upwards of two thousand people witnessed the fifth and final day's racing. Two classes were raced, namely, the Free for All Pace, which was won by Fern Hal, 2:05 1/4, owned by Dr. D. H. McAllister, of Sussex, N. B., and the 2.21 Trot and 2.24 Pace, which was won by the sensational Northern Mack, owned by T. M. Hoyt. As the programme did not split up with the exception of one heat in the Free for All it was through early. There was no yandeville on Saturday, the artists having to leave Saturday morning in order to carry out an engagement on the mainland. The only side show was a contest in strength between a well-known race promoter and an equally well-known returned soldier. They settled it by a pull on what is known as the "lazy stick" and "Jim" won. This created a good deal of amusement as many had not seen this novel method of testing one's physical prowess.

MAJOR D. A. MacKINNON, D. S. O. who won \$30 in gold for driver scoring most points at races last week. He won 3 firsts and 3 seconds in six starts with The British Soldier, Dick C. White Sox and Roy Miller. Money purses totalled \$1,125. This is a record for a Maritime driver at one meeting.

### The Free For All Pace, Purses \$500

This race had only four starters, Lady Grace, Blanch H., and others being drawn for various reasons. The race was conceded to be between Fern Hal and White Sox for first place, although many thought that Roy Volo might be good enough to win; and a few were even sanguine enough to pin their faith on Prince Rupert, with the Montreal driver R. Potvin behind him. With the exception of the first heat, which was won by White Sox, and which, by the way, was the fastest heat of the race, Fern Hal was decidedly the best. She is a remarkable performer, winning Free for Alls with a regularity that is amazing. It seems that all look alike to her.

### THE FIRST HEAT.

Roy was acting a little bad on the score but they got away on the fifth time down, Roy Volo trumping right to the front, Prince Rupert on the outside, White Sox tucked in behind Roy and Fern Hal trailing White Sox. In this way they went to the three-quarter pole when Prince Rupert pulled ahead of Roy, White Sox following him. Near the turn into the home stretch Sox paced very fast around Prince Rupert, and came flying through the stretch, the last quarter being in 32 seconds eased up. Fern Hal came from behind the others very fast outpacing them to the wire, being two lengths back of Sox, Rupert third, and Roy fourth.

### SECOND HEAT.

Prince Rupert again rushed into the lead, Fern Hal trailing. At the half Fern Hal took the lead, White Sox in behind. At the three-quarter pole they had a long lead on the others when White Sox got too close to Fern Hal's snaky, struck it with her leg and went to a very bad break, almost running away. Roy Volo came very fast, landing

### Disarmament of Germany Complete

(Special to The Guardian.)  
BERLIN, Oct. 2.—Germany's disarmament in accordance with terms of Treaty of Versailles will have been accomplished today when the last of army releases became effective. Officials of military Ministry emphasized that in spite of possible out breaks discontented elements of civilian population Germany has strictly reduced her effectives to the number of 150,000. They are hopeful that the final reduction will take place peacefully.

### Poles Make Big Capture

(Special to The Guardian.)  
RIGA, Oct. 2.—Military news from the Russian-Polish and Polish-Lithuanian fighting fronts is entirely overshadowing the peace conferences. Messages received by the Polish delegation from Grodno, Lida, sector, say that virtually all the fourth Bolshevik army has been captured in an encircling movement by the Poles and that the total number captured will be 26,000, while 426 machine guns, 166 light field guns, 26 heavy field guns were captured. Among the prisoners was the special detachment to Petrograd of Communists and many technical men. Thursday's reports showed that the Poles had advanced northward from Lida and recorded the occupation of Baranovitchi and announced that the capture of Vilna was expected at any moment.

### FIRST HEAT.

Silver Foam and Kettle rushed into the lead, Bill Be Sure in the rear, Northern Mack the last horse. As they turned into the home stretch for the final Northern Mack came very fast, rushed through and nipped Bill Be Sure at the wire. Silver Foam third, Kettle, who trotted a splendid heat, fourth.

### SECOND HEAT.

It was Northern Mack all the way until the last 100 yards, when Bill Be Sure challenged him and they made a great race up to the wire, Northern Mack winning by half a length, Orwell Belle third, Silver Foam fourth.

### THIRD HEAT.

This heat was remarkable, principally because Orwell Belle out-trotted all the pacers with the exception of Northern Mack the winner. Bill Be Sure was third, Silver Foam fourth.

### AT THE CONCLUSION OF THE RACE

At the conclusion of the race meeting the drivers were called to the stand, and the following received prizes:—  
Major D. A. MacKinnon, thirty dollars in gold for winning the greatest number of points of any driver at the meeting. He won three firsts, and three seconds in six starts, totalling 24 points. The next nearest driver was Mr. Fred Cameron, formerly of this city, who won two firsts, one third and one fourth in four starts, totalling 13 points. Mr. Peter Carroll had eleven points and Mr. Willard, from Maine, ten points. The following drivers each received a ten dollar gold piece for each first they won:—  
Major D. A. MacKinnon, three 1sts \$30 in gold.  
Mr. Fred Cameron, two 1sts \$20 in gold.  
Mr. Peter Carroll, two 1sts \$20 in gold.  
Mr. John Willard, two 1sts \$20 in gold.  
Mr. William Hood, one first \$10 in gold.  
Mr. W. B. McArthur, one 1st \$10 in gold.

Mr. Dan Steele, one first \$10 in gold.

In connection with Mr. Drury's remarks, Mr. Meighen added: "Not only were the words attributed to me not made, but no person could draw any such reference from what I did say. My words in the House were as follows: 'A new party has arisen in Canada, best described as a Farmers, free trade party. It took its birth in the western provinces, and for some twelve years or more it has been gaining strength. It has adopted the old Liberal free trade policy of 1892. It has issued a platform. It demands to be placed in power in Canada. It has gathered under its banner and trails behind it every class of theorists and malcontents, and today, beyond all doubt, it constitutes the most numerous and strongest organization opposed to the present Government.'"

## COAL MINERS' STRIKE POSTPONED TILL OCT. 16

### Compromise Offer to be Again Taken Up. Mean-time 10,000 Miners Have Struck Because of Slowness of Negotiations.

(Special to The Guardian.)  
LONDON, October 3.—The question of a nation wide strike will again be referred to a direct vote of the coal miners. The strike, originally voted September 25, was postponed until today. At a meeting of the Miners Executive and delegates yesterday, it was decided to put off the strike until October 16, and to permit a national ballot on the latest compromise offer of the owners. The proposal made at a joint meeting of miners and owners, representatives and Premier Lloyd-George was a wage increase of 25 cents a day as soon as it became evident that production would reach 240,000,000 tons a year, and an additional increase of 25 cents when production reached 248,000,000 tons. A referendum will be held October 11, and on the 14 the miners delegates will meet again to take up results of the vote. Meantime 20,000 miners in Wales, objecting to the slowness of the organizations, have gone on strike. Later 8000 additional miners went out for the same reason.

Therefore resolved that this Maritime Board of Trade bring this matter to the attention of the Board of Directors of the Canadian National Railway and Fuel Control Board so that the matter may be immediately remedied. Mr. Burke seconded the motion which after a brief discussion passed unanimously.

The next subject of attack by the P. E. I. delegation was the expense companies for unsatisfactory service, and an objection to the proposed increase in rates. Early closing of the stations on the C. N. R. in Prince Edward Island was also sharply attacked. After the disposal of the Island problems, the attention of the Board was shifted to the Sydney. The desirability of making Sydney a port of call for trans-oceanic steamships was set forth by Messrs. Robinson and Purvis of the Sydney Board.
