

ACCIDENT TO A MINER

Strained His Back and was Sent Home in Agony.

Laid Up all Winter, But Dodd's Kidney Pills put him on his Feet Again and Now he is Completely Cured.

INDIAN BROOK, Victoria Co., N. S. Nov. 10. (Special).—Angus D. McDonald, son of the postmaster here, is prominent among those in this district who swear by Dodd's Kidney Pills as a sure cure for those terrible pains in the back that are one of the surest symptoms of Kidney Disease. And Mr. McDonald has good reason for the stand he takes.

While at work in the coal pits he strained his back and was sent home in an agony of pain. The nearest doctor, twenty-five miles away, was sent for, but he could do little to relieve his suffering. This was in October, 1901, and he couldn't do a hand's turn of work till the spring of 1902.

Then a hotelkeeper advised him to try Dodd's Kidney Pills. That hotelkeeper didn't see him again till last August and then his first question was "Angus how's your back?" "As well as ever it was," answered Angus. "What cured it?" "Dodd's Kidney Pills cured me completely."

And the Postmaster at Indian Brook is always ready to testify to the truth of his son's statement.

Pains in the Back, Lumbago, Rheumatism, Dropsy and Heart Disease are caused by diseased Kidneys. Dodd's Kidney Pills will cure them.

ROOSEVELT TALKS OF THE MASONS' AIMS

Their Teaching of Brotherhood, He Says, is the Lesson to be Applied if the Industrial and Social Problems of the Day are to be Solved.

PHILADELPHIA, November 7.—President Roosevelt was the guest of the Grand Lodge of Masons of Pennsylvania on the occasion of the one hundred and fifteenth anniversary of George Washington's initiation as a Mason. This celebration took place in the Masonic Temple.

About seven hundred Masons attended the exercises. One of the guests was Bishop Henry C. Potter, of New York.

President Roosevelt spoke for half an hour. He said, in part:

No man can be insensible of the honor of addressing a body like this on an occasion like this. I can speak with a freedom here that is impossible anywhere else, and with a certainty of not being misunderstood.

"One thing which attracted me so greatly to Masonry that I hailed the chance of being a Mason was that it really did live up to what we, as a government, are pledged to, of treating each man on his merits and as a man. When Brother George Washington went into a lodge of a fraternity he went into the one place in the United States where he stood below or above his fellows according to their official position in the lodge. He went into the one place in the United States where the idea of our government was realized as far as it is humanly possible for mankind to realize a lofty idea.

"We must realize that the indispensable prerequisite of success under our institution is genuineness in

THE SPIRIT OF BROTHERHOOD

Masonry should make, and must make, each man who conscientiously and understandingly takes up his obligations the best type of citizen, because Masonry teaches him his obligations to his fellows in a practicable fashion.

"The lesson of brotherhood—that is the lesson that has got to be taught and got to be learned and applied to us

people if we are to solve the great industrial and social problems of today. If we could get wage-workers and employers in any given occupation or in any given district in a lodge together, I guarantee the result. I guarantee what will happen. Is not that true? Do you not think so? (Cries of yes, yes). Exactly and I will guarantee it.

"If this thing could happen we would come always into the lodge, each respecting his brother and each wanting to do what was good for his brother; each recognizing that in our government every man of us has to be his brother's keeper. Masonry not only guides us and traces us in this direction, but makes us care for the brethren that stumble and fall and for the wives and little ones of those who are beaten down in the harsh battle of life.

TEACHERS OF MASONRY.

"Masonry teaches and fosters in the man the qualities of self-respect and self-help; the qualities that make a man fit to stand by himself, and yet it must forestall every one who appreciates as it should be appreciated the beautiful and solemn ritual; it must foster in him a genuine feeling for the rights of others and for the feelings of others.

"Help given in a spirit of arrogance does not benefit anyone. Help must be given rationally with a feeling of cordial good will.

"It is not possible to present the idea that I would like to bring out—to have all the best of all classes represented in Masonry in every district; but it is possible for each of us to go out into the world trying to apply in his dealings with his fellows the lessons of Masonry as they are taught in the lodge and as they are applied in the brotherhood. And so we can practically earn from Washington how to deal with the problems of to-day."

A Lady Says: "Paine's Celery Compound Has Been Worth Hundreds of Dollars To Me."

A Happy and Complete Cure After Fifteen Years of Awful Agony.

All weary and disheartened sick people and those who have lost faith in the remedies they have used in the past, because none of them have given indications of cheering results, should now be filled with a strong determination to make use of the one medicine that cures disease—the new agent or new life that says hopeless and despairing sufferers after all other agencies and means fail.

The thousands of victims of tormenting neuralgia after reading the testimony of Mrs. G. H. Parker, of Winona, Ont., must see, that to avoid a continuance of suffering and the possibility of sudden death, it is absolutely necessary to use Paine's Celery Compound, the only medicine that banishes neuralgia and kindred nerve diseases. Mrs. Parker says:

"I have been a great sufferer from neuralgia for nearly eighteen years, and my sufferings at times were so bad that words fail to describe them. After having tried a host of remedies, I was persuaded to use Paine's Celery Compound. I am happy to say that I am now a different woman and completely cured. I can recommend Paine's Celery Compound; it has been worth hundreds of dollars to me."

A GENERAL ASPHYXIATED.

New York, Nov. 7.—A private despatch received here, says a Herald despatch from the City of Mexico, reports the death of General Manuel Lizardo Barrillas former president of Guatemala army as the result of a spasm of the lungs in the vicinity of the Santa Mania volcano, where General Barrillas owned a large coffee plantation.
