
AUTOMATIC COUPLER FOR AIR-BRAKE PIPES.

$1,000,000 CORPORATION

The Marshall's Automatic Break Pipe Coupler Company has just been incorporated under the laws of Arizona, with Charles Albert Marshall, President, Hon. C. W. Butterworth, Vice President and Judge Ernest A. Robitaille, Secretary and Treasurer, with the principal office at Tulsa, Oklahama.

The object of this company is to perfect and place upon the market patent No. 689,003, granted to Charles Albert Marshall, October 22nd, 1907, and known as the Marshall's Automatic Break Pipe Coupler, a devise to replace the rubber hose in use upon Air breaks on all railroad cars.

The Marshall's Automatic Brake Pipe Coupler is practical it is endorsed and recommended by railroad men of life long experience.

There are three million cars in use, alone in the United States, to say nothing of those in use in foreign countries; one third of the old style rubber hose must be overhauled each year and a new pair must take the place of the old worn out ones, at an expense of over $2.50 thus making an annual needless expense of over two million five hundred thousand dollars, whereas with the Marshall's Automatic Brake Pipe Coupler, once installed will last as long as the car itself, besides there is no risk to the lives of men going between the cars to make coupling as with the Marshall's automatic Brake Coupler, there are no such couplings to be made.

The old style rubber hose couplings will not stand more than 70 pounds air pressure, whereas the Marshall's Automatic Brake Pipe Coupler being made of metal, will stand all the pressure the engineer has under his control.

The shares of stock of this company are now being offered at one dollar each per value, fully paid up and non-assessable, although they have had their stocks on the market but a few weeks, the sales have exceeded their most sanguine expectations.

Parties wishing to avail themselves of this proposition, can do so by making remittance to any bank of Tulsa, or taking the matter up direct with the Marshall's Automatic Brake Pipe Coupler Company at its principal office in Tulsa, Oklahoma.

Eat More Fish

THE doctor says "Eat more fish," Fish are healthy and nutritious. Even in the winter time it is possible to get fish at ur store,

We have now the Boneless Cod in 2 lb packages at only 20c, lso dry codfish, 5c lb. The famous Digby Herring, you hear so much about, we have at 18c per box. Choice herring in buckets, half bbls, etc.

In canned fish we have.

SALMON, CLAMS, QUAHAUGS, etc.

This fish in cans is unquestionably as good as the fresh fish. When served on the table it can hardly be distinguished. Get some.

INSPECTION OF HOGS ETC.

Meeting Held At Donagh- To Discuss Same--Resolution Passed

A meeting of the electors of Donagh and surrounding districts, was held at Donagh schoolhouse recently for the purpose of considering the inspection of hogs, and notwithstanding the impossible condition of the roads and the stormy night, there was a large attendance.

Edward Brazil was appointed chairman, and expressed himself in fitting terms on the object of the meeting. J. J. McCarthy was then called upon to address the meeting and pointed out the position of this province as placed in by the Inspection Act, contending that if the farmers of this province are to be placed at the mercy of inspectors it was time for them to go out of the business. A general discussion then followed by the electors, who denounced inspection, to a man.

The following resolutions were reproposed by John J. McCarthy and seconded by James Murnaghan and carried unanimously; Resolved that our Local Legislative Assembly now in session, prepare a Remedial Bill and forward to the Federal Parliament, now in session at Ottawa, demanding a restoration of all our rights and privileges—with reference to meats—as we heretofore enjoyed in the markets of our Mother Country. Further Resolved, that owing to the enormous expenditure, the enforcement of the said Inspection Act in this province, would impose on the tax-payers of the Dominion and the inconvenience it would occasion our farmers and shippers, who buy meats at all railway stations, seaport wharves and the impracticability of placing inspectors at all said places. We, as electors condemn its enforcement, as it will be detrimental to the meat industry of this province. And we humbly pray, that our local representatives, in co-operation with our Federal representatives, will press our claims at Ottawa to have the same privileges of exporting meats, as we heretofore enjoyed in the interprovincial markets, and we here demand a satisfactory settlement of this question at this present session of Parliament.

Further Resolved, That viewing with alarm the demands made by certain associations on our Governments, calling for officials such associations only being the voice of their members assembled and not the public in general, we as electors warn our representatives that the filling of a country with unnecessary officials is an injury to the future interests of a party in power, and an imposition on the industrious taxpayers.

It was moved by John J. McCarthy and seconded by Martin Koughan, that a copy of the resolution be sent to the leaders of both political parties of our Local Legislative Assembly. It was also moved by Michael Beagan, that a copy of those resolutions be sent to the Charlottetown papers for publication.—Joseph Trainor Secretary.

FURNACE ACCIDENT

MOULDER'S HAND INJURED

Mr. William Burdett who works for the Canadian Westinghouse Co., at Hamilton, and resides at 198 Simcoe Street East, says: "As the direct result of a heavy mould being rolled over, as I was assisting other workmen to line a furnace, I sustained a severe injury to my left hand. Had this mould fallen it would undoubtedly have crushed both fingers and hand, as it was, I escaped with a bruised, blackened, and much swollen member. By the next morning my hand was so cramped and stiffened it was impossible to hold or lift any object. By noon the same day there was no improvement, although my hand had been bathed and well rubbed with liniments we had in the house. My wife having used Zam-Buk previous to this, now persuaded me to send for a box, which I did. Regular applications of this ointment well rubbed in over the injuries and swollen member, soon drew out all discolorations, banished the swelling and worked so effectually that by the beginning of the week my hand was well again and I could go to work. I have suffered no inconvenience since and would recommend Zam-Buk to all workmen." The secret of Zam-Buk's clean and painless healing lies in the fact that it imitates Nature's own "healing by first intention." It is composed of pure vegetable saps and juices, which soothe the pain and allay inflammation by effective antiseptic and germicidal action. No toiler should be without it!

Trial Free — Send this coupon to Zam-Buk Co., Toronto, with 1c. stamp for postage and receive sample box. 3K3

Zam-Buk THE GREAT "FIRST AID"
