IN MEMORIAN

In loving memory of a dear mother, Mary E. Raynor, who fell asleep on August 28th, 1927. Peaceful be your sleep.

All your pain goes forever more, Weary days and nights of suffering Never will affect you more. With broken hearts we watched you. And saw you pass away. Although we loved you dearly. We could not make you stay. There are griefs that cannot find comfort.

Wounds that cannot be healed. And sorrow so deep in our hearts. That never will be revealed. God alone knows how we miss you. In a home that is lonesome today. Inserted by the family. 7591

THE WORMS that infest children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines. The latter are the most destructive, as they cling to the walls of the intestines and if not exterminated with work havoc there. Miller's Worm Powders dislodge both kinds and while expelling them from the system serve to repair the damage they have caused.
