HARD, RACKING COUGHS

Barring accidents, the person who get along with the least amount of cough will live the longest. Of course the right time to attack a cough is the commencement when it is a simple thing for the right treatment to drive the cough quickly away. As a general thing, however, people spend too much time experimenting with various remedies that the cough is well under way before they know it. Then comes the long siege. You feel the hard, racking all through your system, and get relief for nothing. You fill your stomach with nauseating mixtures to no purpose. Then you use compounds containing narcotic, which deceive temporarily and leave you slightly worse. Some coughs of this kind hang on for weeks, or even months, and, of course, they frequently develop into serious lung trouble. A true specific for all coughs is Jamson's Botanic Cough Balsam and should be kept in the house against any emergency With a cough that has become chronic the first effect of this remedy is a lessening of the dull sensation of pain which usually is felt with such a cough. Then you are conscious that the soreness is leaving you and presently the desire to cough grows less frequent. All this process is brought about by the healing properties of the Balsam. It is a compound of barks and gums. You can test it 25 cents at any druggist's. Get the genuine with "F. W. Kinsman & Co.'s blown in the bot

DISASTER FEARED.

A great "slide" is threatened in the mountains near Annery, in France where the entire district of Ayse is threatened with destruction by a great mass of earth many thousands of cubic meters in volumes which is slowly slipping down the slopes and must surely overwhelm the valley. The population looks forward with dread to the autumnal rains.

When it Hurts To Cough

The cough that hurts, the cough that gets tight in the chest is daily getting deeper and deeper into the bronchial tubes and is making directly for the lungs, to become pneumonia, inflammation of the lungs or consumption.

Such coughs are sometimes referred to as "graveyard coughs," because they usually bring their victim to that last resting place.

Dr. Chase's Syrup of Linseed and Turpentine has long been known as mother's favorite remedy for croup, bronchitis, coughs and colds. It gains in popularity every day and now has by far the largest sale of any similar preparation.

It loosens the tightness in the chest, allays the inflammation, cures the cold and prevents pneumonia, consumption and other lung troubles. 25 cents, all dealers, or Edmanson, Bates & Co., Toronto.
