USE MORE WOOL

SYDNEY, Australia, May 22—(By The Canadian Press)—"My dear, I'm not wearing a stitch of wool, are you?" "No!" came the laughing rejoinder; "only on my scalp!" This dialogue was typical of the semi-guilt feeling with which most women entered the auditorium at a meeting held to discuss ways and means of helping the "Use More Wool" campaign. There were four, however, who sat secure in the feeling that they were more than doing their bit—they were the four Salvation Army women who came clad in neck-to-ankle serge uniforms and thick black woolen stockings. Another member of the audience—Mrs. F. J. Davy, manager of the Australian women's hockey team—felt a pardonable thrill of pride when the various speakers were making a patriotic appeal. She had been busy equipping her 16 girls, who leave for England soon, with honey-colored tunics, bottle-green blazers, pull overs to match, and a supply of stockings, all made in Australia. As well, she is encouraging them to include in their trunks as many Australian made garments as possible.

BASE BALL

Baseball players use Minard's for stiffness, strained ligaments and bruises. They also recommend it as a rubdown.

MINARD'S "KING OF PAIN" LINIMENT

The ONLY All Water Route to **BOSTON** is resumed Wednesday, May 28

TWO ROUND TRIPS PER WEEK ONLY \$10 ONE WAY

The Steamer "CALVIN AULIN" will begin its summer schedule with its sailing on May 28th from St. John to Boston. Steamer makes two round trips per week, leaving St. John every Wednesday at 9 A. M. Atlantic Time; Eastport, Me., 1.00 P. M. Eastern Time; Lubec 2.30 P. M. Eastern Time, arriving in Boston 10 A. M. Daylight Time, following morning. Every Saturday steamer sails direct from St. John to Boston, leaving St. John 7 P. M. Atlantic Time, due Boston Sunday 2 P. M. Daylight Time.

Connections at Boston with direct steamer to New York
 Reduced rates for automobiles accompanied by passengers

MARKET REVIEW

For the past three weeks there has been a steady improvement in freight car loading figures. The decrease as compared with last year has been smaller and the improvement from week to week has been greater than in the corresponding periods of 1929. This is an important indication of the general business situation in the Dominion.

The relative decreases became larger month by month up to the end of April, rising from 4.8 percent in January to 14.2 percent. In the first 2 weeks of May the decrease was under 11 percent. The cumulative total for the year to date shows a decrease of 9.9 percent.

MONTREAL POWER

Perhaps the most obvious type of security where business does not decline immediately over the whole field in response to a curtailment of general business, is the public utility. For the first four months of 1930 the earnings of Montreal Power were substantially ahead of those of last year. This does not mean that business in the city, particularly in the industrial section was ahead of last year. The increase is the natural income of a steady addition that may be counted on almost automatically to be made to the City's population year by year with more houses to supply with electric light and gas. For many years the company has been able to count upon an increase of nearly 10,000 customers regularly, whether business was at a peak or showing a fairly sharp recession. The company may not be selling as much power as it did this time last year, but it is supplying a good many more householders with electric energy.

SHAWINIGAN

While its field is different in the way of being a wholesale distributor of power, it is reasonable to assume that Shawinigan Water & Power Co. will not willingly permit 1930 earnings to fall below those of 1929. A somewhat similar statement might be made in regard to its subsidiary, Quebec Power, Company, which for a number of years past has been showing most encouraging increases in business and in net profits. A fourth company that might readily be added to this list is Brazil's Tracoin which already this year had run ahead of last in two months out of three, and is counted on to continue at least this acreage for the balance of the year.

STEAMSHIPS

In connection with the financing of Kingston Elevator Company through an issue of \$1,500,000 of 6 percent 20 year mortgage bonds, it is intimated that the earnings of the company are expected to run in the neighbourhood of \$200,000 or more than double interest requirements, which amount to \$90,000 per annum. This would relieve the parent company, Canada Steamship Lines from any charges while in time, if estimates work out according to expectations. Canada Steamships would receive revenues as holders of shares of common stock.

This addition to the widespread activities of Steamship is the result of the construction of the new Welland Ship Canal which will permit the large Upper Lake grain boats to bring their cargoes down into Lake Ontario. As Canada Steamships owns a number of boats operating in the Upper Lakes it will be able to provide a large volume of business itself for Kingston Elevator Company. The Welland Canal will be opened by the first of July and the new elevator will be ready by September 1st, when the new train is moving. The elevator will be a substantial one with a capacity of 2,500,000 bushels.

NEW SERIAL STORY—The Guardian's new story, Married Quarters, by David Lyall, is an intense love story dedicated "to the little war bride, who, when disillusioned, played the game." It starts next week.

BEAUTYS ARTS

Continued from Page 8

the fingertip for several minutes. Now moisten the hair thoroughly with warm water. Take about two tablespoonfuls of your shampoo mixture and mix it with about one pint of warm water. Apply the lather to the hair and scalp and massage the scalp with the fingertips, working up a good lather on the hair for two or three minutes. Then rinse in tepid water and lather the hair and scalp again, working the soap liquid through the hair with the fingertips.

When the hair is very dirty or excessively oily apply the soap lather four or five times, rinsing out the dirty soap before applying fresh liquid. Examine the hair and scalp to see if it is thoroughly clean. Remember that clean hair dries much quicker than a half-washed head of hair, and that one can usually tell by the texture of the hair if it is perfectly clean.

Rinse several times to finish the shampoo. A bath spray is very useful for giving the hair a thorough rinsing, as it drives the lather from the hair and scalp evenly and penetrates to every part of the scalp. When the rinsing water runs clean and unclouded you may be sure that every particle of soap lather is removed from the hair. Then is the time to give the final or special rinse for your particular type of hair.

After the final rinse follow it with careful drying and proper scalp massage. If a scalp tonic is to be used apply it before the hair is quite dry and finish drying the hair by hand, that is, massage the scalp and shake the hair in the fresh air or sunshine until it is perfectly dry. Next week I shall tell you just how to take care of hair that is permanently waved, and how to keep your hair and scalp in good condition before and after the wave.

Scrape the soap into thin flakes

Household Hints

By Roberta Lee

Falling Hair

When the hair is falling, brush well every night and morning, and shampoo every two weeks with castile soap suds. Then rinse thoroughly.

Tarnished Silver

A very good cleanser for tarnished silver is to use a piece of raw potato, dipped in baking soda.

Rice

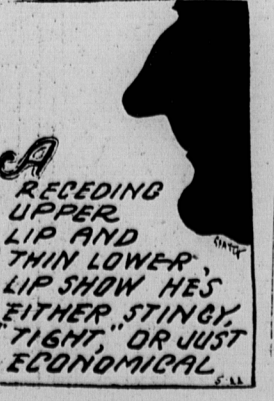

Before cooking rice, grease the pan with butter, or put a piece of butter on the rice, and it will not stick.

For The Cook

CARAMEL OF ORANGES

Four sweet juicy oranges, peeled, and sliced in rounds. Place in a dish and cover with fruit sugar and any juice which may have escaped while cutting the oranges. Place one-quarter pound loaf sugar and one-half cup of water in dish and let melt. Then boil into a caramel, not too dark. Pour this out into a greased dish to harden, then crush it coarsely and sprinkle over the oranges. Cover with one cup of heavy cream, whipped, and sprinkle with almonds, blanched and browned and chopped coarsely.

S. A. MacDonald

Rollo Bay and Vicinity

Miss Olive Peters, Rollo Bay East, spent the week end in Souris West, the guest of the Misses Whyte.

Messrs. Joseph and Angus MacCormac, Souris River, were to Rollo Bay West on a business trip.

Miss Mary MacCabe, New Zealand arrived home this week from Boston where she spent the winter months.

Mr. and Mrs. James H. Mallard and son Edward, motored to Rollo Bay West, Sunday.

Messrs. James MacCormac, John S. Fisher, Peter MacCormac, Rollo Bay, and Joseph E. Deagle, Bear River, motored to Goose River on Sunday last.

Visitors to Rollo Bay West Sunday included Miss Agnes Fay, Mrs. Fay, Newport, Misses Laura MacDonald and Annie Steele, Little Pond, Messrs. Leo Fay, Newport and H. Murphy, Georgetown.

Mr. Peter MacDonald, Charlottetown, paid a short visit to Rollo Bay West, recently.

The illness of Mr. Alex. MacGillivray, Souris River, is learned with regret. We hope for his speedy recovery.

Miss Henrietta McDonald, daughter of Mr. and Mrs. Hugh J. MacDonald, Souris West, arrived home this week from Alberta, where she spent the past few years.

The Misses Mary Gallant and Eva Peters, Souris, were among the visitors to Souris West Sunday.

Mr. and Mrs. Henry Peters, Lower Rollo Bay, motored to East Point, Sunday.

Among the visitors to Souris Saturday night were Messrs. John W. and Alex. MacDonald, Little Pond, Eugene Gallant, New Acadia, J. D. Chaisson, Bear River.

Mr. and Mrs. Lazarus White, Rollo Bay, have taken up their residence in their new home formerly owned by Mr. and Mrs. Frank Burke, Rollo Bay, and Mrs. Burke are at present visiting in New Acadia.

The death occurred at Rollo Bay West on Thursday, May 15th, of Mrs. Elmer J. Campbell, nee Blanche Bourke, of Fortune, leaving to mourn her husband and three young children, Edwoud, Welden and Adeline. To the bereaved we extend sincere sympathy.

Mr. D. J. Mullins, St. Peters, was in Rollo Bay West Monday.

Mr. W. Jordan, Montague, motored to Rollo Bay, this week.—R.

Use Minard's for Rheumatism.

Mayor's Office, City Hall,
 Charlottetown, P. E. Island, Canada.

PROCLAMATION

By virtue of my office as Mayor of the City of Charlottetown for the year 1930, and in pursuance of a by-law of the Council of the City of Charlottetown passed on the 12th day of May 1930, I hereby proclaim Daylight Saving time to be in force in the City of Charlottetown from the 1st day of June at 12 o'clock midnight to the 31st day of August 1930, at 12 o'clock midnight.

I call upon all citizens to observe the said Daylight Saving time during that period.

DATED at Charlottetown this 22nd day of May, 1930.

W. L. PROWSE,
 Mayor of the City of Charlottetown.
