## Character

(Continued from page 1)

would do his best to bring home to the audience the influence nationality has upon individual character. He wished to impress upon his hearers that he came not to belittle any nation, but as an unprejudiced speaker on nationality speaking to an open-minded audience. There are many things which cause difference in nationality, but the four great causes are, climate and location, laws and customs, history, and religion.

As a proof that climate and location influence the character of a race, Father Cloran took as examples two races, one of which, the Eskimos inhabit an ice bound country, where snow abounds and very little sunshine is experienced. The other race, the Italian, live in a climate of natural scenic beauty, where sunshine prevails and showed how these people living in totally different climates possess diametrically opposite characters.

As a proof that history plays a part in character, he cited as examples the negro race and the Irish race and gave evidence of how their history had bearing in their character.

In regard to laws and customs, Father Cloran said that the best proof was in the history of Sparta, the character of whose people was entirely transformed through the ef-

orts of one man, who, disgusted with the laziness and indolence of the people, decided to introduce new laws and customs into the country for its betterment. With this end in view he travelled through all the then-known countries, studying their government and manners.

Returning home he began his reform. To abolish ambition he persuaded the landowners to give up all rights to property; this he did equally among the people.

To rid the country of avarice he abolished gold and silver and made iron the medium of exchange. To destroy intemperance, he inaugurated civic meals which were marked with all the great and small, were obliged to attend. He made the youth of the country proficient in athletics and taught them to suffer accurately and truthfully. The result of his energies was a province, transformed from one of indolence to a nation great in achievements.

In the consideration of religion as a factor to influence nationality, Father Cloran related how Christianity transformed the Barbarians into God-fearing nations and rescued the dissolute Roman Empire from a state of decay.

He next described the characteristics good and bad of the Scotch, Irish, English, French and Germans, showing how each of these people possess traits peculiar to their own particular nationality.

In concluding Father Cloran made an eloquent appeal to his hearers in behalf of Canada, and the deeds of its great men, people of which have it in their power of making it the greatest nation under the sun. Here in Canada, he said, we have the best elements of all these nations which are the leaders of the world.

To make the country great we must love it and to love it we must know the history of our country and the deeds of its great men.

At the conclusion of his address, Father Cloran, read an extract from a speech delivered in Nova Scotia by Sir Wilfred Laurier in which he marked out the way to accomplishing a united Canada.

A vote of thanks to Father Cloran on his most interesting and informative address was moved by Mr. Justice Arsenault, seconded by Hon. Dr. W. J. P. McMillan and supported by Dr. James McLaughlin was unanimously carried and tendered the Reverend speaker by the chairman. After which the event was closed by the rendering of the National Anthem.

## GREAT RACING ON THE VICTORIA PARK SPEEDWAY

Saturday's Races Wer the Most Exciting Pulled Off This Winter in Spite of Occasional Snow Flurries Making it a Little Uncomfortable Six Classes on The Program.

The weather was not all it might have been on Saturday afternoon, the snow flurries making it a little uncomfortable, but a large number of people were down on Victoria Park Speedway to watch the most exciting series of matinee races pulled off this winter. There were no less than six classes and nearly all of them were arranged so as to make good racing.

Class B. Pace was the first event. Tramp Across and Margaret Grattan being competitors. The first heat was a close race. Tramp Across winning by two feet in what must have been fast time. In the second heat Tramp Across made a break and Margaret Grattan was the winner. In the third heat both horses raced neck and neck for three parts of the way then Margaret Grattan made a wobble and Tramp Across shot in the lead winning easily. He is owned and was driven by James Arbing and is without doubt a real fast pacer.

Class A. Trot. This was expected to be one of the best races of the afternoon, but Mary Pickford proved to have too much class for the other horses. Captain H. and Baby Todd. Mary winning the first two heats quite handsly, in fact having a couple of lengths to spare, the race being between Baby Todd and Captain H. Mary being eliminated because of having won two heats. Captain H. and Baby Todd raced off, the Captain winning. Mary Pickford is owned and was driven by George Abbott of Union Road.

Class A. Pace. This brought together Major S. and Colorado Mac two very evenly matched pacers. The first heat they stuck together until twenty feet from the wire when the Colorado horse put on a little extra rush and won by half a neck. The second heat when about two thirds of the way down both horses on even terms, Colorado Mac made a break and Major S. got the heat. The third heat was a repetition of the second except that Colorado made his break a short distance from the wire when both horses were nose and nose. They are about as evenly matched as can be found.

Class D. Trot. This was probably the best race of the afternoon (the three horses putting up a great exhibition of trotting). In the first heat The Banker led until half way down when he made a break, then Silk Worthy took the lead, maintaining it right to the end. The second heat was a desperate contest between Igo and Silk Worthy. Silk Worthy led until about ten yards from the wire when Igo came with so close the judges had to call it a dead heat. The third heat was won by Silk Worthy by inches only. Silk Worthy is owned and was driven by Harold Stead.

Class C. Pace. Three pacers answered the starter's bell for this class but York Ola, driven by Arthur McInnis, proved too much class for Royal Todd and Johnny Cope. He won the necessary two heats by good margins and within himself Royal Todd and Johnny Cope then raced off the third heat. Both were on even terms until just at the judges stand when Royal Todd stuck his nose in front and got the position. Johnny Cope going to a wobble. Class D. Trot. This brought out Dillon D. and Ever Ready. Dillon C. had a little too much whiz for Matt's trotter, winning each heat by a length, but Ever Ready put down by C. Blanchard and was driven by W. Kelly.

The following were the officials who handled the races splendidly: Starter, D. K. MacLeod. Judges, H. V. Buntain, G. Poole, and Leo Blake. Announcer and Clerk of the Course, John A. McDonald.

**MEETING OF VETERANS**—The adjourned meeting of the South African War Veterans takes place this evening in the G. W. V. A. Rooms at 8 o'clock.

**LEAVE FOR DORCHESTER PENITENTIARY** Sheriff Dougan and Bailiff Bradley leave this morning for Dorchester with the Prisoners Dennis Peters and Louis McCoubrey.

## PERSONALS

Mr. W. T. Wellner was a passenger on the Borden train Saturday evening.

Mr. Fred Reardon, city student at St. Francis Xavier College, Antigonish, arrived home Saturday evening, to convalesce from his recent illness.

Miss Fairclough of the ladies ready to wear and Miss Garrick of the dress goods department of Prowse Bros., left this morning on a buying trip to Detroit, Montreal, Toronto, and other Canadian cities.

Mr. Ivan Horne, who has been confined to his home for the past eight weeks, is considerably improved and it is to be hoped will prove to be about usual.

The many friends of Mr. Michael McKearney will regret to learn that yesterday while leaving the home of his niece, James Clinton, fell on the slippery sidewalk, breaking his hip. He was later removed to the City Hospital where he is resting comfortably.

Mr. Basil U. McQuaid for a number of years a valued employee of the P. E. I. Co-operative Egg and Poultry Assn., has resigned his position as foreman and left Thursday morning for St. John, N. B., where he has accepted a position with the N. B. Cold Storage Co. Basil's many friends here wish him much success in his new field of labor.

## INTERMEDIATE HOCKEY SERIES UNDER WAY

Double Header Wednesday Night—Final Game in Provincial League Tomorrow Night.

No little interest is attached to the newly formed Intermediate Hockey League, the winners of which will play off with the New Brunswick—Nova Scotia champions for the Maritime Intermediate titles, home and home games.

On Wednesday night the league will get away to a good start in the form of a double header, the Abbies playing Prince of Wales and Victoria the R. C. N. V. R.

There are five teams in the league, the Saint Dunstan's making up the fifth. Interest is at fever heat and speculation is ripe as to which of the above mentioned line-ups will come out the victors and incidentally earn the right to cross sticks with the N. B. N. S. Champions.

As great material make up the rank and file of all five teams, the fans therefore may expect close and spiritual hockey throughout.

## GAME TOMORROW NIGHT

The long awaited and much talked of final hockey fixture between the Abegweits and Summerside Crystals takes place tomorrow evening at the Arena.

The Western puck chasers are yet determined to remain in the running for Provincial honors and are therefore lining up the strongest team possible tomorrow evening.

## Abbies and Crystals In Final Game of Island Series

Tomorrow night the Crystals of Summerside will play the Abegweits here in the final game of the Island series. This game should have been played before, but the Summerside team failed to come down. The Abegweits have decided not to take the game by default and it will be played as stated.

This would prove to be one of the greatest games of the year. If the Abegweits win the game, they will be champions if they lose it will make a tie.

The Summerside team is coming down by special train with many of their supporters.

Following this game the Intermediate Abbies and Prince of Wales will play the first of the elimination games in the intermediate series.

## THE MARKETS

MONTREAL, Que. Feb. 13.—Extreme dullness marked the export trade in Canadian grain on the Montreal market Saturday, the being practically no demand from any source. The domestic trade was also slow but prices were firm. The demand for spring and winter wheat grades of flour continued dull but values were steady. The trade in all lines of grain was quiet but firm. The volume of business transacted in standard grades of rolled oats was small. A moderate amount of business was done in fresh and storage eggs and the underdone was firm. The receipts were 768 cases. Prices for butter were firmly maintained but the trade was inactive. No. 1 pasteurized was quoted at 40 1-2 cents to 41 cents per lb. The receipts were 366 packages. A strong feeling prevailed in the cheese market and prices scored a fractional gain. The trade continued quiet. Western grades were quoted at 18 1-2 cents to 18 5-8 cents per pound. The receipts were 49 boxes.

## College Hockey

A fast game of hockey was played at the Arena rink Saturday morning between the Charlottetown Business College and the Union Commercial College. The C. B. C. boys came out on the long end of a 2-2 score.

Mr. Louis Goff, Woodville Cardigan, greatly honored the boys by giving an hour of his valued time, to refereeing the game in his usual efficient manner. Mr. Goff was something of a player in his younger days, but he is not too old yet to return sticks with the worst of them.

A cross game will be played between these teams Tuesday from 4 to 5 p. m.
