

WAS A PHYSICAL WRECK

How Dodd's Kidney Pills Brought Mrs. J. Barnett Back to Health and Strength.

PLATTSVILLE, Ont., Feb. 23 (Special).—Mrs. J. Barnett, of this place, has given to the public a statement of how she was changed from a physical wreck to a well woman. "I had been ailing for years," says Mrs. Barnett. "My symptoms were nervousness, rheumatism in the left arm, pain in the small of the back, up the spinal column, back of the head, through the eyes, left side of the body and occasionally the right side. I grew weak, had no appetite, and I could not sleep as a physical wreck. "Before I had finished taking one box of Dodd's Kidney Pills I felt better. My appetite returned, and the pain was lessened and I was able to sleep. I continued taking them till I had taken twelve boxes, and I was completely cured."

DO YOU KNOW. That it's no use Eating Unless you Digest Your Food—That if Your Stomach Won't Digest it Dodd's Dyspepsia Tablets will.

Do you know that the stomach is the seat of health as well as the root of disease? Do you know that if the stomach is out of order the whole body is affected, is unable to do its proper work, is unable to resist any disease that may be floating around, and is all the time working to wards disease on its own account? This is only natural. The man who can't get food for his stomach grows weak and ill. If the stomach is not in shape to pass the food along to the various parts of the body the food might just as well never be eaten. That's why dyspeptics are worn out and dispirited. They are just like people who have been starved for a time. Dodd's Dyspepsia Tablets are made just to fit such cases. They digest the food themselves and thus while the body receives its natural nourishment and thrives the resting stomach gradually recovers its natural powers. That's why Ademar Coderre, of St. Jacques de L'achigan, Que., is able to say: "I certify to having suffered two years with Dyspepsia caused by inflammation of the stomach. I took three medicines without relief. I became discouraged until one day seeing an account of cures performed by Dodd's Dyspepsia Tablets I bought two boxes. By the time I finished taking them I was completely cured and I have stayed cured ever since."
