..\*PROFITABLE ENTERTAINMENT.—The pie social and bazaar held in the Oddfellows Hall on Thursday evening February 27 was a grand success. The different booths presented a very gay appearance, and the articles from each sold readily. The selling of the pies by H. Neison was the feature of the evening, when the enthusiastic young men vied with each other in purchasing certain young ladies pies. The hall under the new management has been renovated and the addition of a spacious gallery, adds much to the comfort and convenience of the audience. The proceeds of social amount to \$156.00.—T.

Parkman's Special Announcement THE CHILDREN'S HOUR

The school children of Montague and vicinity are to have shortly a service that is enjoyed by only a few American cities. Mr. Parkman, Optometrist, will conduct (from March 1st to March 31st) daily a children's hour—8 a. m. to 9 a. m. No charges of any kind will be made, neither will orders be accepted, but each child will have its vision thoroughly tested and a record will be kept of the results, both subjective and objective. These records will be a valuable reference for future years.

Please make appointments for your child ahead, and as Mr. Parkman is very busy the Children's Hour is from 8 to 9 a. m.

Optical Results

Every Optometrist looks for results from his work. If he isn't getting good results from his corrections he gradually loses his standing and his patients drop off. We are getting results from our corrections and that is the reason our Optical business is increasing. Our Optical Service is superior. Patients tell us that before we came to Montague they had to go to Charlottetown or elsewhere to have any special work done. Now, that is all changed and they can get all special work done at home. We have the most modern scientific instruments for the detection of eye defects. So if in need of glasses come to us and get your eyes tested and insure best results.

..\*GOOD HEALTH IN MONTAGUE.—A visitor arriving in Montague recently was informed on the train en route that she better not get out at Montague as the place was full of "flu". Now the citizens wish to say that it is fully a month since the flu took its departure from that town and unless some new cases develop it will be perfectly safe for anyone to come and visit when they please. This word is just for the benefit of the public.—T.

After hearing the evidence, it was adjourned for argument in Chambers. Stewart, K. C., and McQuaid for plaintiff; J.J. Johnston, K. C., for defendant.—Aeneas A. MacDonald vs. Edward Ranahan, action of ejectment. Verdict for plaintiff for land claimed. Stewart, K. C., for plaintiff; Johnston, K. C., for defendant. An order was given for the preliminary examination of Donald O. Stewart as a student in the law office of A. C. Saunders, Summerside.

..\*CONTEST CLOSES.—The Loyd Girls and Boys contest which has been going on since September in connection with the Sunday School of the Christian Church, closed on Sunday February 23rd, the boys being the winners. They will hold their banquet in the church parlours on Wednesday evening March 5th. The officers and teachers of the school and the returned boys in this community will receive invitations to same. This school is a sample of what can be done even in P. E. Island in winter months, if the necessary vim is put in the work. Last Sunday the attendance at this efficient school was 91 present. To the writer's way of thinking, a Sunday School could be even larger in winter than in summer, for folks are not so busy, nor so tired, and whole families might make it possible to be present if they so desired. In the above school there is a family living more than eight miles from the church, and it is only an ordinary thing for them to close the home, and with two teams be at the church at 9:45 unday morning.—T.

Mr. Webster is a man of 85 years and very healthy and exceptionally smart for a man of his years.—Mr. James Coffin of Fortune Bridge is doing a rushing business with his splendid outfit sawing fire wood for the farmers of the surrounding districts.—The flu is still quite prevalent in the Fortune Bridge School District but it appears to be of a mild form.—Dixon Bros. are doing a lively business this winter with their saw mills and securing a quantity of timber for their summer work.—Mr. J. G. Coffin of Bay Fortune has been busy storing ice for the summer tourists who have cottages here.—Mr. Olden McKie is visiting in Bay Fortune. Mr. McKie enlisted in Calgary with the Canadian Engineers and spent about 3 years over there. When he came back to the west and got his discharge he thought he would take a trip to his native province before settling down to civilian life again.—Mr. Alfred Burke of Bay Fortune is doing a good business with his new saw mills which are quite a convenience to that part of the country.—R.

RETURNED SOLDIER'S RECEPTION

On Saturday the 22nd inst. Gunner Walter Philip McLaughlin who recently arrived from overseas, was tendered a reception at the home of Bernard McQuaid, Baldwin's Road. Gunner McLaughlin enlisted in the 2nd Siege Battery when only sixteen. He was wounded in 1916 in the fight around Lens and was invalided back to England.

After convalescing for a few months, he received a position as Physical Training Instructor attached to the different training stations, which position he held until June 1918, he then volunteered for active service and was gassed last July in the fighting on the Arras front, and was in Hospital until sent home.

After a short and choice musical programme was rendered, the following address accompanied by a well filled purse was presented to the returned hero. The address was read by Inspector Cairns and the purse presented by Mr. Patrick Sanphy. To Gunner Walter Philip McLaughlin.

It is with feelings of admiration and thanksgiving that we your friends, assemble here this evening to show our appreciation of the great service you rendered your country, and to wish you a warm welcome back from the field of battle.

During your absence overseas with our brave Canadian boys we watched your course with a deep interest and were saddened when we saw your name in the casualty lists. There was times when the silver lining was partly obscured, but we always endeavored to keep the dark clouds turned aside and we were overjoyed when we heard that you were on your way back to friends and loved ones. Now that you are with us again we hope that you will regain your former health and live to enjoy many happy days.

ISLAND SOLDIERS ANXIOUS TO GET HOME

This small gift is to show that though you were out of sight you were not out of mind and that we tried to "Keep the home fires burning." Gunner McLaughlin replied in eloquent terms and told of many interesting instances which happened during the great fight. The host and hostess then served a delicious repast after which the National Anthem was sung and all dispersed.

The following letter has been received, by Isabelle Cantelo, Glenfanning, from her cousin, Pte. Albert Cantelo, who is in Belgium.

Belgium, Jan 1st 1919.

My Dear Isabelle.—Received your most welcome letter a couple of days ago also the parcel of fudge which was certainly good, thanks very much. I have not been doing much writing the last couple of months as I have been away from my regiment in the hospital and on leave. The last time the regiment was in action my horse was shot, we were going at a pretty fast rate and when he fell I was thrown off, I got my back hurt and was in the hospital for six weeks. When I came out I went to England on leave, the first leave for about seventeen months, I had a very good time, visited Scotland and spent a week at London. We are having a very good time here now, not much to do and very good billets a whole lot different from this time last winter. I am sleeping at a Belgian's house and the people sure use us good, of course there are certain drawbacks, for instance talking to them when one doesn't understand the language, it

makes me feel like a dummy. But taking everything into consideration we cannot complain. I expect they will be sending us home some time between now and spring. The time cannot come too soon to suit me as I never liked this country very well. You asked me about mittens, socks, etc. I have plenty for this winter, but thanks just the same. I still have the mitta you sent me last winter, I found them very useful or I would not have carried them around all summer for future use. The weather here at the present time is damp and cool, no real cold weather yet. The "flu" seems to have struck Canada too I believe it has killed off quite a number of people in the West; almost as bad as the war! I did not even know that John Lamont came to France, but I suppose it is my own fault as I have not been doing much writing for quite a while. Have had several letters from home and from Alice everybody is well. I had a letter from Ames today, he is quite well. I think we have both been very lucky to come through it all as we have. Well Isabelle I guess I will ring off for this time and I will be looking for another letter soon.  
Your loving cousin,  
ALBERT.
