Judge Set Caruso Back to Last Place

WOODSTOCK, N. B., July 13.—Maine owned horses won all three races on the opening card of the Woodstock Driving Club's midsummer meeting this afternoon. Red Dillon, winner of three races on the Bay State Circuit, won the 2.10 pace, but needed a judge's decision to take the big end of the purse from Caruso. Red Dillon won the first heat without trouble, but in the second heat was challenged by Caruso and driven to a break on the lower turn, Caruso finishing well ahead with Johnny Brown, driven by Red Hanftan second. The heat had been raced on the lower turn where Caruso had passed the Red Tell pacer after driving the Bay State Circuit star off his feet. Kingsley claimed interference and Caruso was set back, but horsemen who were on the turn, including the writer, could see no interference and the decision of the judges may be sent to the board of review for final adjudication. In the third heat Caruso was about to pass Red Dillon at the same place when a dog ran out on the track, in front of Caruso, threw her off her stride, and the race was won by Red Dillon. In the second heat the judges gave the heat to Johnny Brown, owned by Gurnsey and Safford, of Keene, setting Caruso back to last. Later the judges admitted they could not see the incident in question, but had acted on the report of driver Kingsley.

The summary:

- 2.10 Pace, Purse \$500
Red Dillon, bg, by Red Tell (Kingsley) 1 3 1
Johnny Brown, br, g. By Dan Shelton (Hanafin) 2 1 3

BASEBALL

This evening at 8 o'clock at the Abegweit grounds the Anchors and Stars will meet in the third game of the second section of the City League Baseball schedule.

Should the Stars finish out in front this evening the section will be tied all around with one win and one loss each.

Should the Anchors win they will jump out in front, one game in the lead of the Rovers and two in the lead of the Stars.

There is always something doing when the old rivals, Anchors and Stars meet and judging from the sentiments of the players this evening, game will be no exception to the rule.

McQuaid, the Stars twirler will be absent from tonight's game. However, the Stars still have three good men to take the mound in Howatt, Hobbs and Robin and will make it interesting for the heavy hitters of the Anchors line.

The players on all the teams are putting up a fine brand of ball this season and are making it interesting for everybody and the fans are showing their appreciation by giving their whole hearted support in attending the games.

Y's Men's Club Hold Enjoyable Picnic

The Y's Men's Club held a most enjoyable picnic on Wednesday afternoon at the Y. M. C. A. camp at Canoe Cove, the members of the club with their families and friends motoring out, having as their guests the other Y's Club.

The afternoon was pleasantly spent in various games, the most important of which was a baseball game between the Y. M. C. A. boys in camp and the members of the club. The game was finally won by the camp boys after a grueling combat in the hot sun by a very narrow margin, same snappy material for baseball was produced by both sides and for the club, McNair, LePage and McLean showed exceptional ability at their favorite game.

The athletic events were keenly contested for which appropriate prizes were awarded to the winners, after which all partook of a dainty luncheon served by the ladies of the party. Before departing for home all were unanimous in voting it the most enjoyable affair they had attended. The following is the list of prize winners:

Bird Sanctuaries of Greater London

LONDON, July 13.—One of the most interesting movements in connection with bird-life of Greater London has been the establishment

of bird sanctuaries in the parks of the Metropolis. At places where no human being is allowed closely to approach some of the rarer British birds can now be seen in Hyde Park and Kensington Gardens. A colony of jackdaws are holding their own within half a mile of Hyde Park Corner, one of the busiest centers of London. The wood-wren, the willow-wren and nearly a score of other species of birds which are associated with "England's green and pleasant land" are also discovered in the same quarter.

WAREHOUSES? BUILD WITH INTERLOCKING HOLLOW TILE

The horizontal dead air pockets keep out moisture, heat and cold while the laying up cost is only about half that of solid brick. That's why it is becoming standard construction.

A few warehouses in course of erection where our tile was adopted after careful consideration:

- James E. McNeill, Kensington.
- Eliphalet Howatt, North Wiltshire.
- Capt. Fyfe, Emerald Junction.
- J. Lester Douglas, Charlottetown.
