bring, and there shall be one fold and one Shepherd." "There is neither Jew nor Greek, there is neither bond nor free," etc. The blessings of the Gospel are for a race. It is the only thing that will successfully break down national prejudices. It is the only thing that will successfully overcome social barriers. There must be a return to the primitive unity of the church before we can expect the primitive fruitfulness. "They were all of one accord in one place." "The multitude of them that believed were of one heart and one soul." For their unity as well as all other characteristics of the church. Christians are to stand. When we who profess to love Christ, shall be one in Christ as Christ is one with his Father; when we have laid aside all our petty differences; when we all speak the same things, in love; then, and not until then, will wars cease and men beat their swords into plowshares and their spears into pruninghooks. Then will every kindred, every tribe, on this terrestrial ball, to Him all majesty ascribe and Cry Him Lord of all."

The section of Water St. just finished from Central Street to R.T. Holman's store looks as if the present management of civic affairs had struck the mark in street making and it is prophesied with a good deal of assurance that under the process now being applied this street is going to stand for a reasonable length of time. It is certainly the best piece of street making in the history of Summerside.

Had Piles For 9 Years

Dominion Inspector of Steamboats Cured by Dr. Chase's Ointment.

False modesty and fear of the surgeon's knife prevent most people from appealing to their physicians for a cure for piles.

Many people suffer on year after year, robbed of their rest and sleep by the terrible itching, when they could be entirely cured by a single box of Dr. Chase's Ointment.

Mr. O. P. St. John, Dominion Inspector of steamboats, living at 246 Shaw street, Toronto, states:—"I suffered for nine years from itching piles, at times being unable to rest on account of the annoyance caused by them. After trying almost all remedies in vain I began the use of Dr. Chase's Ointment, which entirely cured me. I cannot speak too highly of it. I have recommended it to several friends, all of whom have been cured by its use."

Dr. Chase's Ointment is recognized by physicians, druggists, and the public in general as the only absolute cure for piles; 60 cents a box, at all dealers, or Edmanson, Bates and Co., Toronto.
