CURIOUS PROPHECY.—A curious but well authenticated story has come in a letter received last week by Professor Hinton from his brother who resides in Northampton, England. The incident occurred in a village near Banbury, Northamptonshire. A woman was washing dishes in her kitchen; her young baby was lying in its cot near by. The mother dropped a plate on the floor which was broken. To the mother's amazement the baby said "that's number one"; a second plate similarly fell and was broken, when the child again exclaimed "that's number two". A third followed with the same exclamation from the baby who said "that's number three, I shall die tomorrow and the war will end June 16th". The child died on the following day as predicted and now June 16th is eagerly looked forward to for the fulfilment of the uncanny prophecy. The truth of the story is vouched for by the doctor who attended the child at his death.

HOW MRS. BEAN MET THE CRISIS

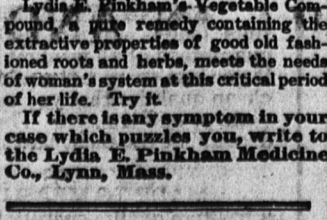

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell everyone how I was cured. If this letter will help others you are welcome to use it."

—Mrs. E. H. BEAN, 525 Joseph Avenue, Nashville, Tenn.

Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old-fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it.

FIRST VICTORY FOR NO. 5 SEIGE BATTERY

LIEUT MURPHY PITCHED A WINNING GAME.

One of the best baseball games played in Charlottetown for some time took place Saturday afternoon on Victoria Park between No. 5 Siege Battery and picked a team from the different clubs of Charlottetown. The Siege Battery won the toss and took the field, Charlottetown coming to bat but were retired in 1, 2, 3, order. The Battery then came to bat but were unable to score, owing to the excellent pitching of Lou Campbell. In the second inning no scoring was done on either side. The break came in the third when H. Murphy scored for the Bat. Fourth Inning Charlottetown evaded the score, but the Bat. added two more to their tally making the score 3-1 in their favor. In the 5th inning Charlottetown got a move on and owing to an error on the part of the Battery's first baseman scored three runs, making the total 4-1 in favor of Charlottetown. No scoring was done in the sixth, and in the seventh the Battery evaded up, and Charlottetown also got one run making it 5-4 in their favor. The eighth added nothing to either side. In the ninth the Battery coming to bat last, with a score of 5-4 against them, succeeded in getting two more runs, Keoughan and L. Murphy doing the trick. Thus ended the Siege Battery's first battle with a score of 6-5 in their favor.

The line up was as follows:

BATTERY	CHARLOTTETOWN
H. Bearsto catcher	G. Francis
L. Murphy pitcher	Lou Campbell
H. Murphy 1st base	C. Gass
J. Phillips 2nd base	C. Milford
J. Keoughan 3d base	W. McEachern

TWO ISLANDERS IN CASUALTY LIST

Mrs. Catherine Hughes, Mill Cove has received the following sad messages from official headquarters:

"Sincerely regret to inform you 47-132 Corp. Peter Augustus Hughes, Infantry, officially reported admitted to No. 3 General Hospital, Boulogne May 8th shell shot slight, will send particulars when received."

OTTAWA, Mrs. Catherine Hughes.

Also the following message:

"Sincerely regret to inform you No. 428179 Private William Borney Hughes, Infantry, officially reported killed in action May 5, 1916."

OFFICER IN CHARGE Record Office.

The following letter from Peter speaks for itself of the bravery of these two island soldiers.

My Dear Mother—Excuse a few days delay in writing you, but you must expect that now and then as the good weather is with us again. Both Will and I are well. I was at confession and communion this morning and he will go tonight. He could not come this morning as he was on duty in the bombers. We have not had it all sunshine lately although the daily weather has fine, but it is all scurrying now. Never a day passes without a fight. We certainly are showing to good advantage against Mr. Hun. Our artillery blow them out of their trenches regularly. You can never tell what the next day will bring forth but we are always prepared.

Isn't it too bad about the uprising in Dublin? Those fellows are the followers of Jim Larkin and other fanatics and do not represent the true spirit of the Nationalists. They are generally uneducated hot-heads. I saw them march when I was in Dublin on Wolfe Tow's day and they created no enthusiasm among the people. In one sense enough attention was not paid to them as they were supposed to be a kind of a "wild" bunch and not to be taken seriously. The Irish name but the 18th Nationalist Division and others out there have done enough brilliant work to counteract all their treason. If my good luck follows me I shall be in Dublin in a few weeks by which time the whole row will be over. The whole thing there would not amount to an ordinary crater scrap here. The Canadian people will view with some alarm the lists of casualties now, but it is in the Game. One satisfaction is that the Huns are suffering more than we are. I fixed up Charlie McKinnon of the South Shore some days ago. He was badly wounded but as we have received no word of his death he must be getting better, but will be away to good. Well there are many things I should like to tell you but we are handicapped. Gradually you see the accounts in the papers, but one thing I may say I feel just as good and

Well I must close now. Best of love to all from both of us, and do not worry as we both firmly believe that our lucky stars are in the ascendant.

Nervous And Almost Crazy With Pains in the Head

CLERGYMAN CERTIFIES TO HIS CURE OF NERVOUS PROSTRATION BY THE USE OF DR. CHASE'S NERVE FOOD.

No ailment is more discouraging than Nervous Prostration. You may feel better for a day or two, only to find the next day that you have less ground and are worse than ever. The headaches are worse, languid feelings are terribly depressing. As you lose strength you lose hope and courage and look to the future with fear and trembling.

Dr. Chase's Nerve Food is the greatest blessing that has ever come to the sufferer from nervous exhaustion. It is not narcotic in its influence. It does not deaden the trembling, irritated nerves, but through the medium of the blood nourishes them back to health as nothing else can.

Mrs. Alonzo B. Eisner, Billtown, King's county, N. S., writes:—"I was very low with nervous prostration and was about discouraged as I could not sleep nights and was almost crazy with the pain in my head. I had tried many doctors, but seemed to get little benefit from his treatment.

"A friend handed me Dr. Chase's Al-

manac, so that I might read about the Nerve Food. A single box of this treatment convinced me of its value, for I was better. I cannot tell how many boxes I used, but the results were so highly satisfactory that I cannot praise it too much. My health and strength have been restored so that I can do all my own work, and I recommend the Nerve Food to all who suffer from nervous prostration."

"This is to certify that I am acquainted with Mrs. A. B. Eisner and believe her statement in regard to Dr. Chase's Nerve Food to be true and correct."—Rev. Arthur A. Whitman.

Some patience is required in the treatment of nervous prostration, but you will not be using Dr. Chase's Nerve Food long before you begin to find your strength and good cheer returning. You will then be encouraged to continue the use of the food cure until cured. 50 cents a box, all dealers or Edmondson, Bates & Company, Limited Toronto.

There is no foliage on which Berger's Arsenate of Lead may not be safely sprayed. A small quantity of the spraying liquid is fatal to all leaf-eating insects, yet is harmless to even such delicate growths as peach trees—because of its freedom from water-soluble Arsenic.

Not only does it cling more tightly to the leaf, but it remains active longer than any other similar material—for months, in fact, after spraying.

It is the most economical Insecticide there is.
