**CAUTION**

**PARENTAL GUIDANCE**

Some parents think that the way to manage children is to break their will like a horse trainer will break a horse.

The word "manage" is derived from "manual" which means something done with the hand rather than with the mind and heart.

A horse requires managing, but a child needs directing. A horse must be broken to harness but a child needs to be reared by patient guidance, wise counsel, loving restraint and hearty encouragement.

When a parent proceeds to break the will of a child by management through forced obedience without reason or explanation, there follows very disastrous effects such as anger, stubbornness, lack of love.

Far better say, "I shall direct my child with the hand rather than the whip." I will show him the better way by example and precept. I will be a good father as well as a good parent.—D. Carl Yoder.

The diet of New Zealanders is one of the most liberal in the world, and it is building such a large, well-built race that the racing authorities are becoming seriously concerned. It is becoming more and more difficult to get jockeys who can ride at 98 pounds which is the normal minimum weight in racing handicaps.

**PROGRESS REPORT!**

**EVER HEARD of '59 Cloth'?** It's the wonder-cloth that just won't run! Mercury Mills tailors this Double-knit Interlock fabric into jersey-soft underwear for men... form-fitting for real comfort, muscle-clinging for that well-dressed, wrinkle-free look. Longs, Trunks, Shorts, Shirts—styles to suit and sizes to fit every man! Like most fabrics, famous "59" cloth is in short supply—we're sorry that you'll have to wait for this Mercury Underwear.

**GOOD NEWS** for chilly ladies! Mercury's knitting machines are busy turning out lots of woolen snuggles—soft and comfortable, in pretty petal pink. They're designed to fit right too... smooth and snug under today's slim skirts! No bulges, no wrinkles for the ladies who wear Mercuries. And Mercury Mills are shipping plenty of snuggles these days—so, if your favourite store is out of stock today, next week may find you luckier.

**WOOLLEN SOCKS** have to shrink—not now! That's the answer of Mercury Mills, exclusive Canadian holder of a world-famous English process to make sock wool amazingly shrink-resistant! There were months of study and experiment before Mercury associated its name with this fine new formula. Now Mercury leads again... knits men's socks that are shrink-resistant. Production is starting now—by Christmas time, you'll probably find Mercury's shrink-resistant socks at your dealer!

**MERCURY** looks after the younger generation too! For three generations, youngsters have slept in downy-soft Dr. Denton's Sleepers. In Canada, these famous sleepers are a Mercury 'exclusive'! We knit one-piece and two-piece styles, with extra lowers so youngsters have the changes they need. These sleepers are made of wool and pure unbleached cotton, smooth for tender baby skins! Dr. Denton's Sleepers are coming out of Mercury Mills in increasing quantities... ask your dealer for them!

**COMFORT, COMFORT**—that's the slogan of our shorts-designers! Mercury studied this problem of fit... turns out generously-tailored shorts in size to fit every man. For the specially tall or heavily-built man, Mercury features shorts with extra high-rise and width. Mercury underwear has elastic tops and flat-taped seams for real comfort. We're sorry your dealer is often out of stock—it's not his fault! We at Mercury can't get enough cotton yarn for all the 'Supor' Shorts we'd like to make.

**THE SKILLED** men and women at Mercury Mills are working at peak production these days... to produce enough of their quality merchandise to satisfy dealers and consumers alike. Frankly, the shortage of certain raw materials makes this job a very difficult one. But, even with these limitations, the progressive spirit at Mercury Mills results in the new designs, new materials that mean even better knit-wear for you! Remember the name MERCURY—look it for progress!

...if it's made by **MERCURY**... it's AUTHENTIC STYLE! ...it really FITS! ...it's honest QUALITY!
