

Foster's Laxative Cold Cure

Here is something that will cure your cold in a day and a night.

Our laxative cold cure works on a new principle—drives the cold out of the system—doesn't merely smother it temporarily to have it reappear a day or so later. It does not cause ringing in the ears, for it contains no quinine. It simply relieves your system and leaves you feeling right.

We couldn't afford to risk our reputation by recommending the wrong thing.

LIKELY TO LOSE THE SPOILS OF WAR.

CONSTANTINOPLE, Sept. 29.—The menacing language of the newspapers here representing the Turkish military element, which practically occupies the government, confirms the uncompromising attitude adopted by Turkey in her demands upon Greece. The Tasiri Evkari declares that if Greece fails to yield, "she is doomed to be driven from Saloniki and Epirus, within the limits of her own frontier."

Another newspaper says that "Greece is bound to yield on the question of the islands in the Aegean Sea before the United Bulgarian and Turkey armies."

FUNERAL OF EIGHT QUEBEC CHILDREN BURNED TO DEATH

QUEBEC, Sept. 29.—The bodies of the eight children, victims of the recent fire here, were buried this morning. The entire population of St. Sauveur turned out to show its sympathy and hundreds were unable to gain entrance into the St. Sauveur parish church, where the funeral services were held.

IN MEMORIAM

CHARLES A. HAWKINS.

There passed away suddenly on Sunday afternoon, Charles A. Hawkins, a well-known and highly esteemed resident of Willow Park, Halifax.

Mr. Hawkins, although an aged man, had always enjoyed the best of good health. He had only just returned from a short walk and was found in a reclining position as if resting, apparently sleeping. The suddenness of his death was a great shock to his family. Mrs. James V. Brehault of Manchester, New Hampshire, is a daughter. His other daughter, Miss Ella, resided with her father. His sons are Dr. A. C. Hawkins, of Halifax, and G. M. C. Hawkins, of the Bank of Montreal, Fredericton, N. B. Mr. Hawkins was born at Murray Harbor, P. E. I., where he has an only brother, John Hawkins. The deceased came to Nova Scotia when a youth and was identified with the shipbuilding industry in Hants county and in this city during the palmy days of that great industry, retiring some eighteen years ago. As a ship's blacksmith he did not have an equal in this province. His only surviving sister is Mrs. Louise Simpson, of Newport Landing. Mrs. Hawkins predeceased her husband twelve years ago. She was a daughter of the late John Simpson, of Newport Landing. Mr. Hawkins was a Methodist in religion, and in politics a life-long Liberal.

MRS. A. MCKINNON.—The death occurred at 2.30 yesterday morning at Souris, of Mrs. Angus McKinnon, formerly of Coleman. Deceased, who was about 60 years of age and had been ailing for some time, was a daughter of the late Charles Andrews, St. Bonaventure, who leaves to mourn her husband and one daughter, Mrs. T. M. Howatt, Coleman; also five brothers: John, William, Thomas, George and Charles, and one sister, Miss Mary A. all of St. Bonaventure. The remains will be brought to Summerside this morning, funeral taking place on the arrival of the train. Interment will take place at the People's cemetery.

If you want a good perfume you should come here for it. What better could you wish for than Intense Harmony, Rose, Carnation, Le Trefle, Trailing Arbutus, Violet? HOME RULE IN SCOTLAND URGED.

NEW YORK, Sept. 29.—That home rule in Ireland will be followed by home rule in Scotland was the assertion of F. J. Robertson, a city official of Edinburgh in an address last night on "Home Rule in Scotland" at a meeting under the auspices of the Scottish Home Rule Association of New York. He summed up the purposes of the movement to obtain representative government in these words:

"It is proposed to relieve the present house of parliament of purely Scottish business and to set up a house of parliament in Scotland. The idea is that each of the four nations of Great Britain, Ireland, Scotland, England and Wales are entitled to and should have their own legislative and control of all affairs of government concerning their own nation. To look after matters of general common interest to all."

Mr. Robertson was the chief factor in the organization last May of the international Scots Home Rule League. When he stepped from a New York Central train yesterday afternoon he had completed 12,700 miles of travel in Canada and the United States, speaking in nearly every important city on the subject of Scottish home rule.

FOURTY KILLED IN RUSSIAN WRECK.

THORPE PLAYED FIRST GAME.

BOSTON, Sept. 30.—New York having clinched the National League pennant, presented a makeshift team yesterday which won one game, five to three, and lost a second to Boston by eight to one. Darkness stopped the second contest in the seventh inning. Jim Thorpe, the former amateur athlete star, played his first full game as a member of the Giants. He poked a home run into the center-field bleachers and also made a single in the first game. Thorpe also pulled down several difficult flies. Schauer, New York's \$11,000 recruit twirler, was easy for the local batsmen.

BRITISH ARMY NOW RANKED AMONG THE BEST IN EUROPE

LONDON, Sept. 29.—The British army exercises were concluded yesterday, the bulk of the regular army having been engaged for weeks in elaborate manoeuvres in Buckinghamshire. They have been a splendid success in demonstrating what many leading continental military experts now admit, that the British army has been transformed since the Boer War, and, man for man, ranks among the best armed, most efficient, and most practical of the European forces. The troops showed an originality, dash, nerve, power, and endurance which aroused general admiration. The details of the organization, which equalled those of a small campaign, went through practically without a hitch.

Aeroplane played a useful part. Some of the minor details still remain to be completed, but even hostile critics, in reviewing the manoeuvres, are forced to declare that the chief weakness shown is the comparative paucity in numbers.

SKELETON OF BABY FOUND IN WALLS OF MILLIONAIRE HOME

CLINTON, Ill., Sept. 29.—Wreckers, dismantling the forty-year-old mansion of the late Col. Thomas Snell, who left millions, and the breaking of whose will brought out one of the most sensational records of a senile man's love affairs with young girls, resulted in a gruesome discovery here yesterday. Entombed in a brick wall, a box containing the skeleton of a child was found which had apparently been concealed for years. Mr. Snell has been dead for seven years and the discovery adds another chapter to the life story of the eccentric colonel.

A coroner's jury, which made inquiry Thursday returned an open verdict, confessing its inability to say who placed the body in the wall or to give any motion for the concealment of it. The matter, however, will not be dropped. The city and county authorities are to take it up and will seek to place the responsibility for the hiding of the body, also to discover if a crime preceded it. Mr. O. F. Burr, Clinton's chief of police, said there were no clues and he expected the case to remain a mystery.

PROMOTION FOR HAWKINS, KING'S PRIZE WINNER.

HARRY THAW HAS COLD WHICH HE CANNOT SHAKE-OFF

CONCORD, Ill., September 29.—Friends and associates of Harry K. Thaw are worrying considerably over the failure of the Matteawan fugitive to rid himself of a heavy cold with which he has been afflicted for a week. One of the noticeable features at the extradition hearing before Governor Felker last week, was Thaw's deep and persistent cough. Thaw has been under the care of a local physician, but has not responded well to treatment prescribed, and his broken rest and the hard work he has been doing with his secretary since his arrival here, has reduced his weight somewhat, although Thaw makes light of his ailment his associates manifest some anxiety.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

IF TONGUE IS COATED, BREATH BAD, STOMACH SOUR, DON'T HESITATE!

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow. If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled!

EARLY MORNING BLAZE AT SUMMERVILLE, N. S.

WINDSOR, Sept. 29.—This morning about one o'clock, the coal shed, carpenter's shop and office at Summersville, owned by the Gypsum Packet Co., were destroyed by fire. The coal shed contained about 100 tons of coal. The loss is about \$1000.

FIRE AND ACID SQUAD'S RELIANCE.

YARMOUTH, Eng., Sept. 29.—Military suffragette " arson squads" were again busy last night when they destroyed the greens of the municipal golf links here with acid. The women left a confession of their crime on the ground and a note saying: "The timber yard set fire by us too." This had reference to the fire which on Saturday had destroyed \$175,000 worth of timber at a lumber yard in this city. The confession added: "We poured oil on the planks and left a candle burning." Other cards were found on the links bearing the messages: "No vote, no sport; no peace; no property safe."

THE WEATHER THE TEMPERATURE TIDE, MOON, ETC.

(Special to The Guardian.) TORONTO, October 1.—Moderate winds fair and a little higher temperature. THE WEATHER.—Yesterday was clear but decidedly cool; clear at night. Radway's Ready Relief

J. L. Haddock of Middle Mo., writes: "I had muscular rheumatism six weeks. Had three doctors, but did not get much relief. A friend insisted on my trying Radway's Ready Relief. In twenty minutes after the first application I could turn in bed with ease. Had used two bottles and am well."

Apply the Relief externally to the part or parts affected, as briefly as circumstances will permit. Benefit will also be derived from Radway's Pills, their alterative action being peculiarly suited to this disease. Where the joints are swollen, stiff or contracted, the Relief, with sweet oil, is an admirable lubricant.

MUCH NEEDED INSTITUTION

Charlottetown has in the past lacked an up-town ticket office or Tourist Agency such as all up-to-date cities have but during the past four years a most modern office has been developed and is located at 84 Great George Street, a few doors from the Bank of Nova Scotia Corner. Tickets via all Railways in Canada and the United States may be had and also via all the chief passenger steamship lines on the Atlantic and Pacific Oceans. Sleeping car accommodation is reserved via all lines. Correspondence from outside Charlottetown is promptly and fully answered and tickets sold not only from Charlottetown but from any point in the Province.

If you contemplate a Winter Trip to Tropical Lands or other holiday resorts full information and literature on the different resorts will be mailed to any address in the Province free of charge. Address W. K. Rogers, 84 Great George St., Charlottetown, P. E. I. 1811-9-30M23.

Equal Heat In Every Part of The Gurney-Oxford Oven

Every woman well knows the bad results from constantly opening the oven door to move a cake to another shelf or turn a pan of biscuits. Often the shifting or the cold air striking in proves utterly disastrous to her baking.

The Divided Flue on the Gurney-Oxford range equally distributes the heat to all parts of the oven which is regulated to the exact temperature required by means of the Economizer.

This wonderful time-labor-and-money-saving device controls the heat of the whole range. It is worked by a small handle which moves around a series of six notches. The housewife soon learns that by moving the handle to No. 1 she has a very hot oven, to No. 3 a moderate oven, and that No. 6 checks the fire so as to burn scarcely any coal while she goes out shopping. On her return she simply moves the handle to the number that gives the required heat and the result is prompt.

Of inestimable value also is the Broiler Attachment and the Special Grate.

But a most delightful feature about the Gurney-Oxford is its constant bright and shining appearance.

It has a smooth polished top that never requires black lead and is thoroughly sanitary.

For years stove experts have been working out woman's problem in the kitchen and the Gurney-Oxford range is the solution.
