### INWARD TRAINS.

The western express arrived in Charlottetown yesterday at 11:30 a. m., on time; the Summerside accommodation at 11:10 p. m., fifty-five minutes late and the Summerside special from the Minto at 2:30 p. m.

### GOOD NEWS.

Mrs. George Moran, Charlottetown, who underwent a serious operation at the Charlottetown Hospital Monday, was reported very much improved at a late hour last evening. This will be good news to her many anxious friends.

### PRICE WEBBER.

For three decades H. Price Webber has been visiting Sackville, says an exchange, with his company of players. "The first dramatic performance that many ever attended was some play presented by the Boston Comedy Company. Our old friends, Mr. and Mrs. Webber, are to be with us again on Thursday, January 9th." The warm-hearted, genial Price Webber is just as witty and original as ever and has a wide circle of friends in Charlottetown.

### MOUNTED POLICE.

No page with an article upon the Peace River, says the Edmonton Journal, could be justly regarded as complete without a representation of the "Red Riders of the Plains," or less poetically, the Royal North West Mounted Police, who so finely preserve law and order over the vast stretch of land entrusted to their care. They have not been found wanting; their record is written in letters of gold upon the pages that make the history of the northwest. "Moose" Munroe, whose photo appears above, was at one time one of the best known and best liked members of the local detachment of the famous force, but is now stationed at Entwistle. Sydney Munroe referred to was formerly of Albany Plains and will be remembered by many in Charlottetown, having attended the C. B. College here about thirteen years ago.

### GOOD CONCERT.

On Dec. 24th the annual Christmas concert of Hazelbrook School was held. The school-room, which was prettily decorated for the occasion, was filled to its utmost capacity and the tree which stood in the corner was beautifully trimmed and well lighted with candles and sparklers. A lengthy program was carried out and much credit is due the teacher Miss Emma Jenkins for the excellent manner in which the children were trained. Toward the end of the program Santa appeared and although a very old man now stepped around as lively as a boy. Miss Jenkins was presented with a gift by her pupils to which she has greatly endeared herself since coming among them a few months ago. Short congratulatory addresses were given by Rev. H. S. Erb and Henry McKenzie. John E. Monaghan contributed much to the enjoyment of the evening with selections from his splendid phonograph.

### AMUSING INCIDENT.

A somewhat amusing incident occurred on one of Charlottetown's most public thoroughfares yesterday afternoon. There was a dogfight in progress with the usual concomitant of spectators, sympathetic and otherwise. As generally happens, when men or dogs try conclusions, the time arrived when it became expedient for one of the belligerents to attend to important matters elsewhere, and immediately he acting upon this expediency the animal in his haste ran between the legs of a young man who had been an interested and sympathetic spectator of the encounter. Besides his interest and sympathy the young man was carrying an armful of miscellaneous parcels and in the impact man, interest, sympathy and parcels fell upon the dog. The latter, doubtless remembering the importance of his engagement elsewhere and not unmindful of the sanguinary encounter which he had just been obliged to abandon, and thinking it now had to be done all over again, emitted a howl of such awful solemnity that many of the spectators concluded that the young man had mingled his voice with that of his canine friend. The hair raising incident, however, dogs and spectators. The animal with the engagement elsewhere hurried off to attend to it; the victor on the battlefield, wondering what further misfortune had overtaken his antagonist, wore a puzzled expression as he left the field. The whole encounter occupied less than two minutes but the howl and the young man's expression, as he gathered himself and his parcels together, suggested matters of eternal interest.

# Hurrah, No More Lame Backs!

This Case Proves That The Best and Strongest Liment Ever Made is Nerviline.

When it comes to determining the real merit of a medicine, no weight of evidence is more convincing than the straightforward statement of some reliable and well-known person who has been cured. For this reason we print the verbatim statement of Juan E. Powell, written from his home in Carleton. "I am a strong, powerful man, six feet tall, and weigh nearly two hundred. I have been accustomed all my life to lift great weights, and that one day I overdid it, and wrenched my back badly. Every tendon and muscle was sore. To stoop or bend was agony. I had a whole bottle of Nerviline rubbed on in one day, and by night I was well again. I know of no liment possessing one-half the penetration and pain-subduing properties of Nerviline. I urge its use strongly as an invaluable liment and household cure for all minor ailments, such as strains, sprains, swellings, neuralgia, sciatica, lumbago, rheumatism, and muscular pain."

No better medicine for curing pain was ever put in a bottle than Nerviline—rub it on, and rub it in—that rubs out all aches, pains, and aches. Large family size, 50c., trial size 25c., all dealers, or The Cattaraugus Co., Buffalo, N. Y., and Kingston, Ont.

# LETTER TO THE FARMER

The business of farming is in the most critical period of its development. Both the working farmer and the investor in farm lands and securities are seriously studying how to turn farm products into net profits. There are thousands of farmers in Prince Edward Island alone. Is it not hard to believe that only one of every five read a farm paper at all? Only one in five! The other four need the instructions given by farm papers. Hundreds of people prefer a wash to powder or paste for the teeth. A wash penetrates into the small crevices of the teeth that a brush, paste or powder cannot touch. It refreshes the mouth, prevents decay, destroys pathogenic germs and has a refreshing and exhilarating flavor.
