

HOLBROOK'S

WORCESTERSHIRE

SAUCE

The Sauce that makes the whole world hungry.

Made and Bottled in England only

BEAVER FLOUR

combines the rich gluten of Manitoba Spring wheat and the lighter, but equally important, properties of Ontario Fall wheat. The two combined form a perfectly blended flour that makes bread light, white, nutritious and extremely palatable, while pastry made with Beaver Flour has a crisp, flaky texture that brings many a compliment to the cook.

You don't need to be an expert in baking to attain the best results with BEAVER FLOUR. But if you are an expert, you will readily recognize its incomparable qualities. Your grocer has BEAVER FLOUR, and will recommend it.

Last week Rev. Dr. Morrison, Vernon River, threshed his crop of winter wheat, the return being 23 to 1. This is his Reverence's second crop of this grain, the preceding year he sowed 3 pounds and harvested 180 lbs 60 to 1.

J. A. Webster and T. Trainor of the Charlottetown Firemen contingent to Truro, returned last night. They were well pleased with their trip and said the boys were all enjoying themselves. Truro was a nice little town in their estimation and all the visiting firemen were well entertained by the local men.

In order to show their appreciation to the Abegweit and Victoria Clubs, of this city, the L. O. A. gave the above clubs a handsome donation for the kind services rendered in Summerville on the 12th July last. It will be remembered that the Abegweits took up their full track team as well as officers to officiate and the Vics sent up their fastest bike drivers. The clubs take this opportunity of thanking the above society for their kind recognition and hope in future to have the pleasure of aiding anything that will make their grand gathering a success. Bicycle racing is certainly coming to the front very rapidly. This season there are twelve men now in training. The big ten mile team relay race booked for Labor Day, will no doubt be the big drawing card. Already the teams are getting together and forming their plans. The rivalry in these races will no doubt be very keen, as there are a number of riders who don't quite know where they stand at present, as to whom they can beat, but they will have their last opportunity to square themselves this season.

Seldom has the pall of sincere sadness fallen with such a weight on the community as when it became known that Mina, the wife of George Brown of New Glasgow, had passed away. Though suffering from weakness she at times rallied to such a degree that the most sanguine hopes were held out for her recovery but despite medical attention and the most devoted nursing on Thursday morning last she weakened and peacefully passed to her reward. The deceased was the third daughter of Geo. Smith now in his 90th year and besides a disconsolate husband she leaves to mourn five sisters and two brothers to whom the shock of her death is signally distinct. Of the most kind disposition, ever seeking the comfort and happiness of others, she had won in the hearts of all a place which only such sweetness and worth of character can merit. The funeral was held on Saturday the 20th, many of all creeds and classes testifying by their presence the high esteem in which she was held. The service was conducted by Rev. I. Sterling assisted by H. R. Bell. The former spoke feelingly from the words "She is not dead but sleepeth." The floral tributes were most beautiful. To the sorrowing relatives and friends the sympathy of all is extended.

Miss Clara McLeod, City, leaves this morning on a trip to Toronto.

Isaac L. Lane, of Carter & Co., City, leaves this morning for Toronto on a business trip.

Rev. H. R. Bell will preach at New Glasgow at eleven and seven thirty on Sunday first, Aug 28.

Mrs. Senator Carvell, Hampton, N. B., was among the arrivals on the Northumberland last evening.

The ladies of Mayfield have shipped a bale of clothing to Campbellton for the relief of the grief stricken residents.

There will be preaching next Sunday at Alexandra, Lot 49, at 3 o'clock p.m., conducted by Henry McKenzie.

Miss Lulu Ballem resigns her position as teacher of Mt Mellick school next week. Her place will be taken by Miss Bessie Curley.

Harry Tweedy, Earnscliffe, pulled a stalk of black Tartarian oats in his field the other day and counted 169 grains on it. Beat this who can.

Samuel and Mrs. Taylor and family, who have been visiting Mrs. Taylor's parents, Geo. and Mrs. Smith of this City, leave this morning on return to their home in New Bedford, Mass.

Mrs. J. H. Longworth and daughter, Kathleen, who have been spending the summer with Mrs. Longworth's mother, Mrs. F. D. Beer, City, left for their home in Brandon, Man., yesterday morning.

A valuable horse belonging to Neil Praught recently dropped dead while working in the binder. It is supposed that the horse died from sheer fright as he never hauled a binder before, and was a very high strung animal.

Miss Fanny Craig, Taunton, Mass., is spending this week in Earnscliffe with her friend, Mrs. Florrie Cavanagh. Mrs. Robert Inman, Miss Carrie Acorn and Mrs. Daniel Stewart were also Mrs. Cavanagh's guests this week.

The str City of Ghent arrived here early yesterday and left on return yesterday afternoon for Halifax. Her departure was accompanied by the strains of the bagpipes, produced by a lusty piper who made himself heard all over the harbor.

Congressman Richard P. Hobson, in the September number of Popular Mechanics Magazine, compares the potential fighting qualities of the aeroplane as against the modern battleships, this article being the first comprehensive and authoritative article ever written on this absorbing topic. This article is a remarkable contribution to the literature of aeronautics and the former naval constructor brings forth some startling and original arguments to prove his contentions.

Compare this new \$2.95 Net Waist with Usual 4.00 lines

SOMETIMES YOU DROP INTO A STORE, and select an article that pleases you. In the hurry and bustle of choosing the article may not make a clear impression on your mind. When it comes home, undistracted by other lines, you see it alone, and you are delighted with it. That's our situation with these waists. Some weeks ago, we selected the lot from a line of samples—and even then they seemed to us about the best bargain of the kind we'd had for a long time. And when they came in—the closer inspection confirmed our estimate.

A dainty little pale ecru net waist, made over silk slip. The front shows a pretty all-over lace effect, rather heavy. The sleeves are the latest model, finished in pretty tucking. Compare with the very best \$4.00 waist you can find anywhere else. **2.95**
