THE CHARLOTTETOWN GUARDIAN

MORNING Edition—Goes into Over 3000 Homes.

DAILY FOUNDED 1881 WEEKLY (NOW TRI-WEEKLY) 1887

CHARLOTTETOWN, PRINCE EDWARD ISLAND, CANADA, THURSDAY, SEPTEMBER 20, 1906.

25 CENTS PER MONTH SINGLE COPY TWO CENTS

THE METHODIST CONFERENCE

Bishop Kelly, From M. E. Church.

A GREAT PREACHER.

Presbyterian Delegates On Union--The Opium Traffic in China.

MONTEAL, Sept., 19 (Special)—A large audience greeted Bishop Kelly...

Dr Chouven moved a strong resolution concerning the opium traffic in China...

At a meeting this morning of the maritime delegation Rev. Mr. MacLean declined a further nomination...

CHURCHILL GOT NO NOMINATION

CONCORD, N. H., Sept. 18—Charles M. Floyd, of Manchester, was nominated for governor tonight at the close of the hardest contest ever waged in a Republican convention for the state of New Hampshire.

Winston Churchill, of Cornish, the novelist and leader of the recently organized Lincoln Republican Club of New Hampshire, was Floyd's closest competitor...

SENATOR LOVITT NOW ON TRIAL

HALIFAX, S. N. S.—The trial of Senator John Lovitt, President of the Defunct Bank of Yarmouth, began today at Tuxedo. The charge against Senator Lovitt is that he willfully signed deceptive statements which were sent to the finance department at Ottawa.

J. J. Ritchie, who, with E. N. Clements is acting for the prosecution, addressed the jury at length. He pointed out the difference between correct and incorrect bank statements.

OVERTAKEN BY NAUSEA.

You don't know whether it's going to stay down or come up. You feel like a thing is coming, and you feel like it's coming, and you feel like it's coming.

CHATHAM RACES BROKE RECORDS

Gloria Wins Free For All. Estell Boy Makes Record Time

CHATHAM, N. B., Sept. 19 (Special)—Two Maritime records were smashed at this afternoon's meet.

Gloria, 2:10, in the free for all, brought on under W. J. Furbush's name, lowered the Maritime record from 2:12 to 2:10, while in the 2:10 class Estell Boy of the Springhill Stables brought the trotting record for the Maritime Provinces down to 2:17, clipping off a quarter second and winning the race handily.

The wind was blowing down the track in a heavy gale at the opening of the meet and when the first heat of the Free for All was called the horses had a fight on the back stretch.

Czarina was distanced, so fast was pace that Gloria came within a quarter second of the record, doing the mile in 2:12. This made the lowering of the record certain as the wind died down, and in the third heat two horses went around in splendid time doing the first quarter in 31 seconds, second in 1:04, third 1:37, fourth 2:10, breaking the record and creating the wildest excitement as the announcement was made.

Gloria was an easy winner.

AGE PENSIONS IN AUSTRALIA To Be Provided by Special Customs, A Big Land Deal

MELBOURNE, Victoria, Sept. 19 (Special)—It is stated that the Government proposes to purchase 1,000,000 acres in the western district of Victoria for closer settlement.

The House of Representatives today passed a bill authorizing an amendment to the constitution for the payment of old age pensions from special customs duties.

EXHIBITION STAKE RACES

AMONG the classes of races to take place during the Exhibition on the Charlottetown Driving Park are three classes of Stake Races. The final payment in these Stake Races becomes due on the 15th inst, and the following have made the final payment and no doubt will all start.

2.40 CLASS TROT STAKE.

Park Don, entered by Park Stables, Prince Louis, entered by J. H. Murphy.

Sky Pilot, entered by O. Trainor, Kamut, entered by J. M. Nicholson, Regal Pandect, entered by Springhill Stables.

Miss Minto, entered by Peter Carroll.

2.55 CLASS TROT STAKE.

Park Don, entered by Park Stables, Parkie, entered by O. Trainor, Cook o' the Nogh, entered by J. A. McDonald.

Kalol, entered by J. M. Nicholson, Regal Pandect, entered by Springhill Stables.

THREE YEAR OLD TROT STAKE.

Meids King, entered by L. D. Morton, See See, entered by J. M. Nicholson, Devilish Dorothy, entered by J. T. Jenkins.

Dr. George Miller's Springhill Stables.

There can be no doubt but that there will be three good days racing on the 9th, 10th and 11th October. With these three stake races and six other regular classes the entries to which close on Monday next the 24th inst., there will be three lively days racing.

TRAIN PLUNGES INTO THE RIVER AT OKLAHOMA

CASE AGAINST TWO CONSTABLES

Charged with Selling out Scott Act Was Dismissed in Moncton

MONCTON, Sept. 19 (Special)—Case against Constables Stevenson and Belyea of this city for alleged compromise in connection with the Scott Act case was dismissed this morning by Magistrate Steves.

Only one witness was examined, Daniel S. Bonriquet, who was the defendant in the case in which the compromise was alleged to have been made.

He swore that neither of the accused had ever talked to him about the case and this knocked the bottom out of the charge.

KING EDWARD WILL GIVE CUP

NEW YORK, Sept. 19 (Special)—King Edward, The Times states today, will give another yachting cup to American yachtsmen.

The Cup will be tendered to Jamestown exposition.

The officials are likely to invite foreign yachts to the competition.

JOSEPH DEMERS IS NOMINATED

St. John's, P. Q., Sept. 18.—The convention to nominate a candidate in succession to Dr. Philip Demers was held this afternoon and 83 votes were cast, of which 75 were in favor of Joseph Demers, who was chosen and acknowledged as the government candidate.

Hon. L. P. Brodeur was the honorary chairman and P. H. Roy, chairman of the meeting, which was opened by Mr. Brodeur, who said the government would appoint any candidate named by the convention. He referred to the differences existing as to a choice, and said he hoped they would be removed and a candidate chosen who would carry the electors.

The announcement of Mr. Demers as a candidate was well received.

DEATH SENTENCE KILLED TREPPOFF

VIENNA, Sept. 18.—According to information received by the Naves Wiener Tagblatt from "A distinguished Russian authority" Gen. Treppoff at the council on Peterhof Aug. 15 remarked: "We have made a fearful mistake in not having formed a cabinet representative of society."

Empress Nicholas indignantly at the observation expressed Gen. Treppoff, her son-in-law, and Grand Duke Nicholas, his bitter enemy, told him on a later occasion: "It is extraordinary that you have now become a liberal after the attempt to poison you. You are a Liberal from fear of revolution, not from conviction."

Gen. Treppoff took his treatment so heartily, coming from the hands of those to whom he had devoted his whole life, and passed his last days in the closest retirement, suffering intensely from his death sentence from the revolutionary committee. Greatly agitated, he was seized with a cramp of the heart, eventually causing his death.

DANGER IN CORN SALVES.

They usually contain acids and burn the flesh. The safe cure in liquid form is Putnam's Painless Corn Extractor, which is purely vegetable, causes no pain and cures in one day. Don't forget the name—Putnam's.

Killing Eight, Wounding Twenty

ENGINE DISAPPEARED In Quicksands--Mail Clerks Swim Ashore--Houses Turned Into Hospitals

GUTHRIE, OKLA., Sept. 19 (Special)—Eight persons are dead and twenty more or less injured and as many more missing as the result of the wrecking of a Roch Island passenger train three miles from Dover, Okla., at 8:30 o'clock this morning.

The engine tender, baggage and mail cars, smoking car and day coach of the passenger train north bound, left the high bridge that spans the Cimarron River and plunged into the stream which is flanked by treacherous quicksands.

The locomotive disappeared almost immediately. The mail and baggage clerks escaped from their cars and swam ashore.

The accident was due to driftwood which piled against the bridge and swayed it out of line.

The injured were hurried to Kingfisher where the residents have turned their homes into temporary hospitals.

It may be impossible to ascertain the exact number of dead for several days.

Many of these reported missing may turn up safe at some point down the Cimarron.

THE SECRET OF VERY LONG LIFE

By Newtown Newkirk. If you have followed the prints you have read of many instances where men have attained to years 100 or more. Frequently the newspapers tell of an old patriarch who has reached his century of life and is yet finding his merry way onward into the future.

James Bellows McGregor, a Scotchman, of near Mt. Senapee, N. H., is an instance of fine old age which is perhaps not fresh in your mind. Mr. McGregor's neighbors celebrate his 105th birthday last Thursday. They speak of him as being "smart as a cat" and good for many a year to come.

It is maintained by those who have kept track of such things that the average of human life is on the increase. Frequently a scientist hobbles up with a pet theory of "How to Live Long," but it is a notorious fact that two of them rarely agree in method, and the secret of old age yet seems to be in the experimental stage. The same thing may be said of the theories of these patriarchs themselves. Every centenarian who has lived to beat out old "Dad" Time and his sickle will lay down for you a set of rules the living up to which is guaranteed to boost you beyond the hundred year mark. But, as we have intimated these rules vary.

Our old friend, Mr. McGregor, for instance, told his neighbors on his recent 105th birthday that he had never used liquor in any form and hinted that he is now too old to begin sowing wild oats. Some of his neighbors, who know the tonic effects of New Hampshire hard cider, went home from his birthday party shaking their heads, and they opined among themselves that if "Grandpa" McGregor would begin a glass of at least a hot Scotch toddy before going to bed he might be hale and hearty 102 years from now.

One man who has beaten his fellows to the 100-year tape will say: "I never used tobacco in any form and now look at me!" Then up tumbles another weather-beaten old boy, who is 115 years YOUNG, or thereabouts. He grips a short-stemmed black pipe between his gums and is puffing smoke like a Stanley steamer. His legs lose a contumacious mood when any thing is said of the smoke evil: "Huh! I smoked every pipe I was knee high to a duck. Been doing long ago if it hadn't been for tobacco. This pipe's my life preserver. Smoke! hurt yew! Huh!"

Another time beater says he is long-lived because all his life long he has been careful of what food he has eaten. Let in the Down East country we recall a little young chap who bustled about at the tender age of 98. After he left the nursing bottle he was put on a diet of hot biscuit, sinkers, pie-crust, salt pork and other hard products, and on that fare he has got a century by the tail with a down hill pull.

Take regular daily exercise, admonishes another old boy. Don't you go to bed, advises the aged habitue of the country grocery. Look at me, I never done a stroke of work in my life, and his neighbors bear him out in the statement. He has a theory that one can grow old sitting on a soap box and points to his birth-entry in the family Bible to prove it.

Scientists tell us that germs prevent old age. But how about our century old forefathers who took their germs with every meal and thrived on them?

The patriarchs of Bible times seems to be the old boys who had the longevity problem beaten out flat, but their recipe has been lost in the shuffle of centuries. Adam, the first born, was no slouch as a long liver. Adam was up and doing for 930 years, and so far as accounts go he never even had a tummy ache. Nine hundred and thirty years! Gee whizz! There are lots of folks who haven't even been dead that long.

LABOR STRIKE IN WINNIPEG

More Men Go Out Making About Five Thousand in All

WINNIPEG, Sept. 19 (Special)—There is little change in the strike situation. The strike committee have asked the Builders' Exchange to appoint a number of their members to meet the strikers' committee in arbitration.

Workers and had carriers met last night and decided to join the strikers. This makes about 5,000 men out.

THE SECRET OF VERY LONG LIFE

By Newtown Newkirk.

If you have followed the prints you have read of many instances where men have attained to years 100 or more. Frequently the newspapers tell of an old patriarch who has reached his century of life and is yet finding his merry way onward into the future.

James Bellows McGregor, a Scotchman, of near Mt. Senapee, N. H., is an instance of fine old age which is perhaps not fresh in your mind. Mr. McGregor's neighbors celebrate his 105th birthday last Thursday. They speak of him as being "smart as a cat" and good for many a year to come.

It is maintained by those who have kept track of such things that the average of human life is on the increase. Frequently a scientist hobbles up with a pet theory of "How to Live Long," but it is a notorious fact that two of them rarely agree in method, and the secret of old age yet seems to be in the experimental stage. The same thing may be said of the theories of these patriarchs themselves. Every centenarian who has lived to beat out old "Dad" Time and his sickle will lay down for you a set of rules the living up to which is guaranteed to boost you beyond the hundred year mark. But, as we have intimated these rules vary.

Our old friend, Mr. McGregor, for instance, told his neighbors on his recent 105th birthday that he had never used liquor in any form and hinted that he is now too old to begin sowing wild oats. Some of his neighbors, who know the tonic effects of New Hampshire hard cider, went home from his birthday party shaking their heads, and they opined among themselves that if "Grandpa" McGregor would begin a glass of at least a hot Scotch toddy before going to bed he might be hale and hearty 102 years from now.

One man who has beaten his fellows to the 100-year tape will say: "I never used tobacco in any form and now look at me!" Then up tumbles another weather-beaten old boy, who is 115 years YOUNG, or thereabouts. He grips a short-stemmed black pipe between his gums and is puffing smoke like a Stanley steamer. His legs lose a contumacious mood when any thing is said of the smoke evil: "Huh! I smoked every pipe I was knee high to a duck. Been doing long ago if it hadn't been for tobacco. This pipe's my life preserver. Smoke! hurt yew! Huh!"

Another time beater says he is long-lived because all his life long he has been careful of what food he has eaten. Let in the Down East country we recall a little young chap who bustled about at the tender age of 98. After he left the nursing bottle he was put on a diet of hot biscuit, sinkers, pie-crust, salt pork and other hard products, and on that fare he has got a century by the tail with a down hill pull.

Take regular daily exercise, admonishes another old boy. Don't you go to bed, advises the aged habitue of the country grocery. Look at me, I never done a stroke of work in my life, and his neighbors bear him out in the statement. He has a theory that one can grow old sitting on a soap box and points to his birth-entry in the family Bible to prove it.

The patriarchs of Bible times seems to be the old boys who had the longevity problem beaten out flat, but their recipe has been lost in the shuffle of centuries. Adam, the first born, was no slouch as a long liver. Adam was up and doing for 930 years, and so far as accounts go he never even had a tummy ache. Nine hundred and thirty years! Gee whizz! There are lots of folks who haven't even been dead that long.

CHICAGO MARKETS.

Table with 2 columns: Commodity and Price. Includes Wheat, Corn, Pork, etc.

Condensed Advertisements

WANTED—A girl for plain cooking. Apply at Eldon Hotel. 10-2011 W.P.

WANTED—A boy to take charge of stable. Apply to Eldon Hotel. 10-2011 W.P.

WANTED—To rent a house of six rooms. Cashhouse attached. Apply to Guardian office. 10-2011 W.P.

REMEMBER—That everybody reads the morning paper as the news is then fresh and up-to-date, and that at some time during the day everybody is likely to buy the goods advertised while their mind is still bright and active.

DEVLIN TO COME BACK TO CANADA

HONG KONG HAS SUFFERED MUCH

Hundreds Drowned, Thousands Homeless, Many Ships are Total Wrecks

HONG KONG, Sept. 19 (Special)—Thousands of lives were destroyed here by the recent typhoon and the damage to property, public and private will amount to millions of dollars.

Twelve ships were sunk, 24 were stranded, seven were damaged and one half of the native crafts in port were sunk.

Among the steamers wrecked is the C. P. R. boat Montezale, driven ashore a total loss.

The harbor is strewn with wreckage thrown on shore.

Losses in life and property among the Chinese are appalling. Families of Hong Kong boatmen live night and day on sampans and thousands of these people are now homeless.

The Chinese take the disaster calmly and show no manifestations of grief.

Hundreds of Chinese boatmen and families were saved by the bravery of police and civilians but several thousand of Chinese water dwellers must have perished within a short distance of the shore.

NEW PROFESSOR FOR ACADIA

WOLFVILLE, Sept. 19 (Special)—The Governor of Acadia University today appointed Ernest B. Morse, Kansas City to fill the chair of mathematics vacated by Prof. C. C. Jones.

The new professor graduated from Acadia in 1887, was four years mathematical master in Horton Academy, then graduated from Harvard with mathematical honors, taught in a southern college, took two courses in mathematics in Chicago University and is now Prof. of mathematics in the state Technical College in Missouri.

He has an excellent record as a teacher and will materially strengthen the faculty of Acadia.

Why, the average age of the youngsters of Bible times approximated 900 years. Seth was 912 years old before the summons came. Enos was 905 years old before he was suddenly taken off.

As for Enosh, at the age of 255 years he was cut off in his prime. But Methuselah, look the grande prix for a long career. He was a world beater at it, and his record still stands unbroken—969 years.

There may be a secret of longevity. It's up to you to find it. Here's hoping you do.

A Modern Bath

It is a luxurious comfort. It need not be any more expensive than your means permit.

Every job of plumbing done by us is thoroughly inspected, before being pronounced complete.

OUR PRICES on that job you were thinking of having done before leaving your order elsewhere.

Fred H. Trainor, Plumber and Heater, Successor to late Charles Hermans, Grafton St., opp. Opera House, Charlottetown.

Resigning His Seat in Galway

NO ELECTION IN QUEEN'S

Shelburne Till Appeal is Decided—The King's Physician Praises Canada

OTTAWA, Sept. 19 (Special)—It is probable Chas. Devlin, the brilliant Irish Canadian who now represents Galway in the Imperial House of Commons will resign his seat and again enter Canadian public life.

He was twice elected to the Canadian House from Wright, and is a great debater.

In 1896 he was appointed Chief Commissioner of immigration for Ireland, resigned and stood for Galway at the solicitation of John Redmond and was twice elected.

Sir Wm H. Broadbent, physician to the King passed through Ottawa this afternoon enroute to England after six weeks in Canada. He is delighted with the Dominion.

It is understood that although the judges have reported the constitutionality of the Shelburne Till there has been a judgment given by the Supreme Court in appeal on the personal clause against Mr. Fleming.

SMALL VESSEL TURNED TURTLE

CHARLESTOWN, S. C., Sept. 18.—The Clyde liner New York today brought into port the masts and three masts of the American schooner R. D. Bibber, Capt. Sayers lumber laden, from Savannah to New York wrecked off the Frying Pan Shoals. The vessel turned turtle and went to pieces. The men were found clinging to the spars. The captain and others of the crew were not found.

The normal crew of the schooner R. D. Bibber was eleven men. The vessel was of 945 net tonnage, 173 feet in length, 36 in breadth and 18 feet depth. She was built at Bath Me. in 1884.

ODDFELLOWS ROBBED ASLEEP

TORONTO, Sept. 18.—The pickpocket degree was exemplified among the Patriarchs Militant of Erie Penn., occupying the Women's building at Camp Wright exhibition grounds last night. Something of a surprise awaited many of the chevaliers this morning when upon looking for their clothes they found them scattered here and there throughout the building, while three or four pieces of uniform had been carried out into the grounds.

A summing up of the burglaries placed the loss at about \$700, a considerable portion in which is money. A number of valuable watches and I. O. O. F. jewels are reported missing, including lodge jewels.

The Odd Fellows Sovereign Grand Lodge elected the following officers today: Grand Sire, E. S. Conway; Deputy Grand Sire, John L. Nolan, Nashville (Tenn.) Grand Secretary, John B. Goodwin, Baltimore (Md.); Grand Treasurer, M. R. Muckle, Philadelphia, (Pa.)

ALMOST DEAD OF BRONCHITIS. Few people have suffered more than Mrs. P. Taylor of Dyest, P. O., Ont. Today he is well and writes, "I must tell you how much Catarrhine has been to me. I was so bad with bronchitis some times I thought I would soon be over with me. A spell of choking would come and I would be prostrated and weak. Since using Catarrhine I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured me. Just the usual experience. Catarrhine invariably cures whether Bronchitis, Asthma or Catarrh. Two sizes, 50c and \$1.00 at all dealers.
