

THE STOMACH RULES.

Cross and Cranky Mortals
Who Suffer Untold Misery.
Have Only One Hope of Release and
Health—That Hope is in Dodd's
Dyspepsia Tablets Which
Always Cure.

"The stomach is the man—too often," says an eminent medical writer. The assertion is true. As the stomach is, so is the man. If the stomach is out of order, weak or over-worked the man is cross, fretful, irritable, short-tempered, "cranky" and miserable. He is wretched himself, and he makes all who come in contact with him wretched too. The stomach can't be out of order if the man will use Dodd's Dyspepsia Tablets.

Many troubles originate in the stomach, though their source is little suspected. We find headaches, giddiness, sleeplessness, palpitation of the heart, flushing of the face, cough, skin diseases and other affections are caused by dyspepsia. Each of these ailments are dangerous to life, inasmuch as it will lead to worse troubles—palpitation developing into heart disease for instance if Dodd's Dyspepsia Tablets be not used.

Each of these troubles, being the result of dyspepsia, disappears as soon as the dyspepsia is removed. To remove dyspepsia is very easy if you know how. And nothing is easier than to learn how. If you can remember to take one or two of Dodd's Dyspepsia Tablets after each meal the thing is done.

Dodd's Dyspepsia Tablets are immediate in effect, permanent in their cure. They act on and strengthen the stomach and bowels, digest the food and bring health and ease to all who use them.

Concert and Ball Held at Paul Revere Hall.

(Boston Globe, Nov. 15.)
The first annual concert and ball of the Prince Edward Island Association in Paul Revere Hall, last evening was attended by about 1500 persons.

Being the first of its kind in this city it acted as a sort of a re-union at which old friends met for the first time in many years. The organization is a fraternal and benevolent one, recognizing no one sect in religion or any one particular party in politics. If the kindly expression heard on all sides mean anything the membership in the association will receive a boom such as it never had before.

THE FRONT OF LIFE

Is the Pure Red Blood That Courses Through the Body.

If the Blood is Impure and Stagnant, Disease Will Sway.

PAIN'S CELERY COMPOUND
Purifies, Enriches and Vitalizes Every Drop of Blood.

The majority of intelligent people know that rich, pure and highly vitilized blood alone can give health and build up the tissues that have been wounded. New and fresh blood carries all the materials for restoring wasted and worn-out parts of the body, and gives to the brain other materials for making nerve matter.

Paine's Celery Compound cleanses and purifies the blood and furnishes appropriate food for every part of the system. It increases the appetite, perfects digestion, gives nervous energy and increased strength.

If your blood is impure, if the skin has spots and eruptions, if you have an unhealthy pallor or yellow appearance, and if the eyes are showing yellowish whites, you should use Paine's Celery Compound without delay to cleanse the blood and regulate the liver and kidneys of the strain that is brought upon them when ever impure blood pours through their substance.

Mr. M. D. Arthur, Chelmsford, Ont., writes as follows:

"I was laid up with scars all over my face and neck, the result of blood poisoning. While in that condition, I could not sleep at night, had no appetite, and could not attend to my work. The doctors in my district and their medicines did not benefit me. My aunt advised me to use Paine's Celery Compound. In two weeks I was so much better that I could go out, and in three weeks I was able to work again. I bless the day I commenced with Paine's Celery Compound."

RISK IS TOO GREAT.

VIENNA, Nov. 15.—A newspaper here states that King Alexander of Serbia is trying to insure his life for 10,000,000 francs in several companies. One company in Trieste to which he applied for a policy of 1,500,000 francs, refused to write is on the ground of the growing frequency of anarchists' crimes against rulers. The company had to pay a policy of 3,000,000 francs on the life of King Humbert of Italy, and since his assassination it has refused to accept risks on the lives of monarchs.

WHO WOULDN'T BE A WOMAN.

Men can't have the roughish dimples that play hid and seek in their cheeks.
Men can't have long, silky hair that fluffs and curls in all manner of pretty ways.
Men can't have veils to make their complexion a fac-simile of a rose leaf.
Men can't have admiring friends to bring them boxes of chocolates and books and flowers and all sorts of lovely things.
Men can't have the nerve or the audacity to bring their fellow-men into a state of abject slavery by pons.
Who wouldn't be a woman?

Heart Palpitation And Nervousness.

Twin troubles that afflicted Mr. E. J. Dennis, Brockville, Ont.

He has been Permanently Cured by Milburn's Heart and Nerve Pills.

There are many people at the present time whose nerves are unstrung, heart affected and general health impaired.

To such we offer Milburn's Heart and Nerve Pills as the latest and best remedy that science has produced for such trouble. These pills have a wonderful effect on the nerve cells of the body, giving them new life and electric energy; they strengthen and regulate the heart and make the blood rich and nourishing. Read what Mr. E. J. Dennis, Brockville, has to say about them:

"I feel a new man since taking Milburn's Heart and Nerve Pills. I have not taken any for two weeks, and the reason I did not write sooner was because I wanted to see if my cure was permanent, and I believe it is.

"I had been troubled for more than a year with nervousness and palpitation of the heart, and in fact was run down in health, only weighing 135 pounds, before using the pills. I now weigh 152 pounds and never felt better in my life.

"Milburn's Heart and Nerve Pills I consider something wonderful, and I don't know where I would be now if I had not taken them."

VICTORINE

Washing Compound.

We have secured the agency for the Island of the above named Washing Compound which has been pronounced by the ladies of Canada to be the greatest labor saver of modern times and a real treasure on wash day. It washes clothes and is guaranteed not to injure the most delicate fabric.

The properties possessed by this compound are those of loosening and separating the dirt without injury to the fabric, instead of eating up the dirt and rotting the cloth as is the case with many articles now on the market which claim to wash everything. By the use of this Compound no rubbing is required, thus saving the wear and tear on clothes, to say nothing of the labor. Simply boil and rinse. For flannels it has no equal and Ladies will find it particularly good for washing Lace Curtains as there is positively no rubbing required. 1 cake will wash 2 large boilers of clothes and the cost is a mere trifle. 2 cakes 5c. 25c per doz at all grocers.
