GERMAN EDITOR VISITING CH'TOWN

HERR Alex Wagner, Berlin editor of the Tageblatt, one of the great German dailies, arrived in the city last night from Halifax and registered at the Queen Hotel. He is now en route back home after having visited the principal cities of Canada. His object in visiting this country is to inform himself as to conditions here, and on his return to Germany to deliver a series of lectures setting forth Canada's advantage as a field for German emigration. He is a middle-aged man thoroughly alive to present day issues, stern and keen. An Austrian by birth, he has spent 30 years in journalism, seven of them in Germany and has edited newspapers in Vienna, Stuttgart and Strasburg before his removal to Berlin. FREE BAPTISTS FOR CHURCH UNION

Stirring Appeal for it Made
by Rev. G. O. Gates

The Nova Scotia Delegate Tells
of the Condition in that Province
—Resolution Adopted.

FREE BAPTISTS FOR UNION.

TRACY STATION, Sept. 20.—(Special).—The Free Baptist Convention today unanimously decided in favor of the amended scheme of Baptist Union amid scenes of great religious fervor.

Before the vote taken Rev. J. B. Merrill, the delegate of the N. S. F. P. Conference who was called on to speak said the Free Baptists of Nova Scotia were growing less, the churches were shrinking and the prospects were that they would become extinct on account of absorption and amalgamation by and with other denominations. There are only six F. B. pastors now in Nova Scotia. They were looking with great interest toward the action of this conference in regard to Baptist union, and he thought there was no doubt that if union was accomplished here it would lead to a union of the Free Baptists with the Baptists in Nova Scotia and the United States.

Rev. G. O. Gates, D. D., of St. John, a member of the committee on Baptist Union, said he was glad to be present. He had known members of this denomination for years and learned to love them very much. In fact so sweet was the communion that he felt and knew they were brethren. He trusted all realized they were for the one purpose of the advancement of Christ's kingdom. We were one. A stranger going from church to church could tell no difference in the preaching.

JAPANESE MEET WITH HEAVY LOSS BUT CONTINUE ATTACK

Repulsed on the Water Works Around Port Arthur—A Vigorous
Assault on Port Arthur—The Guns in the City are
Worn Out—Kuropatkin Wont Risk a Stand
at Mukden.

THE JAPS MET LOSSES.

LONDON, Sept. 20.—(Special).—Port Arthur advices from Russian sources down to Sept 16 show that the Japanese were repulsed with considerable losses in their attacks on the water works at different points.

REPORTS OF VIGOROUS ASSAULT.

CHIEFOO, Sept. 20.—(Special).—Reports come of a vigorous assault on Port Arthur by the Japs on Monday. The result is not known. The fighting lasted all day.

RUSSIAN PAPERS COMPLAIN.

ST. PETERSBURG, Sept. 20.—(Special).—Russian papers continue to complain bitterly of the British treaty with Tibet which they claim virtually gives Britain a protectorate over that country.

LONDON, Sept. 19.—A despatch from Tokio to a news agency says:—

"A strong Russian force made a sortie from Port Arthur the afternoon of Sept. 18, and attacked the Itczshan fort, which was recently captured by the Japanese. The fighting lasted some hours, and the Russians eventually were repulsed with heavy loss."

LONDON, Sept. 20.—The Morning Post's Shanghai correspondent telegraphs that there is an unconfirmed rumor there that General Mitchenko, commander of the Russian Eastern Cossack brigade, has been killed.

Other special despatches from Shanghai report that the Japanese on Sunday last repulsed an attack on the eastward of

Yumtzenshan, northeast of Yentai, inflicting a heavy loss on the Russians.

According to the Daily Telegraph's Tien Tsin correspondent, General Kuropatkin is in need of supplies, but his orders cannot be filled.

The Daily Telegraph's Che Foo correspondent telegraphs a report which he claims emanate from officers at Port Arthur, that the naval guns on Liaoti Hill fort are worn out from incessant firing, and that consequently the land fort about two and a half miles to the westward has been mined. The correspondent adds that the wearing out of the guns is causing much anxiety.

ST. PETERSBURG, Sept. 19.—While still insisting that General Kuropatkin has sufficient troops at Mukden to contest the Japanese advance, the war office admits that it is not likely that a decisive battle will be fought there. Everything goes to show that the main Russian position is now at Tie Pass, flanked by hills running out on the left and the river on the right.

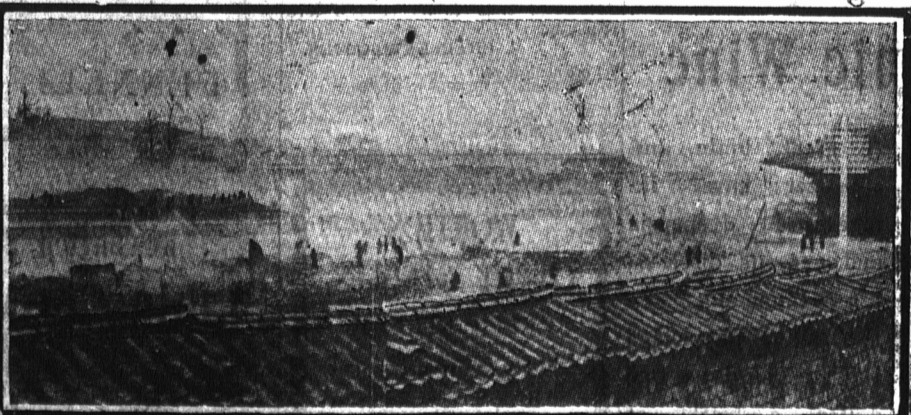

Official reports to the war office are to the effect that the Japanese did not make any further move towards Mukden until Sept. 17 when reconnaissance in force disclosed that they were still massing at Yentai and Nentsiaputze. No Japanese have been discovered east of the latter point.

The reconnaissances, General Kuropatkin says, were brilliantly carried out by Generals Samsanoff and Rennenkampf's Cos-

ack brigades, with a mixed detachment of infantry and artillery under Rennenkampf's personal command. They captured a village north of Nentsiaputze, which was used as a pivot. The Russians drew off later, losing a few men killed or wounded, after securing valuable information regarding the Japanese strength and position. A couple of days earlier General Mitchenko's detachment of Cossacks reconnoitered towards Yentai at the cost of a few score wounded.

General Kuropatkin says he reviewed yesterday the Thirty-seventh division, commanded by General Chemarietoff, which had then just arrived at Mukden. It belongs to the First European corps, of which the Twenty-second division General Afanavitch, reached Liao Yang in time to take part in the battle there. The appearance of the newly arrived European troops at Mukden, instead of being evidence of the complete Russian concentration there, as many persons hastily assumed, is more likely due to the decision of General Kuropatkin to get these fresh and untried troops in contact with the Japanese and give the soldiers who suffered at Liao Yang an opportunity to rest and recuperate.

Kuropatkin has ordered the issue of heavy winter clothing in the middle of October. The Russian troops have already changed their khaki for their ordinary cloth uniforms.

B. A. J. A. Mathieson, Capt. Read, A. A. Lefurgey, John Anderson, Kensington, Inspector McIntyre, and the chairman.

Much regret was felt at the absence of Dr. A. H. McKay, Superintendent of Education in N. S., who had been invited to be present but was unable to attend.

Expressions of Condolence

TO BRO. J. J. BETHUNE—

DEAR SIR AND BROTHER—At the last regular meeting of Buryan L. O. L. No. 1154, the undersigned were appointed a committee to convey to you the following expressions of sympathy in your recent bereavement.

That whereas it has pleased the Sovereign Disposer of all things to remove from your heart and home your dearly beloved partner in life the members of L. O. L. No. 1154, desire to place on record our deep regret and convey to you our heartfelt sympathy in your hour of sad bereavement. We are aware that expressions of condolence will not compensate for a loss such as yours and that human sympathy is but weak; and while we greatly deplore the death of your beloved wife we fully realize how infinitely more you and your family will have this great sorrow placed upon you. We sincerely trust that you may be directed to God for sufficient grace to comfort you in this your hour of sorrow and trial, consoling and sustaining till you meet again in that better land where sorrow and parting shall be no more.

Signed on behalf of the members,
A. R. McDonald, W. M.
