### After Ten Years

BY MARION RUBINCAM

OPPOSITION Chapter 66

At various times Paul had asked Patty to visit his mother's house. Once she wanted her mother to send her an invitation to a big dance she was giving, but Patty forbade him. Once he wanted to take her to a party at a friend's house, and she pleaded her work as an excuse.

### To the Electors of the City of Charlottetown

Ladies and Gentlemen:—

I beg to announce that I will be a candidate for the Mayoralty at the coming election, February 8th., and take this means of soliciting your support.

Four years ago, the citizens of Ward five honored me by electing me as councillor; at that time I promised that if elected, my efforts would be directed towards the improvement of our streets; the members of the City Council honored me still further by selecting me as Chairman of the Street Committee, and during my term of four years in this capacity, we have put down three and one-third miles, or 60,000 square yards of paved streets which are the equal of any in America, and it is a pleasure here to note that the cost per square yard has been lower than that of any City in Canada.

Whether I have carried out my pre-election promises or not is for you to say.

I believe good streets are one of the best assets any City can have, and I believe that the introduction of this system of paving is the most progressive movement that has taken place in our City since the installation of Water Works and Sewerage, and I think I can safely claim the credit of having introduced this system here.

With the present serious unemployment conditions prevailing I believe it is our duty as a City to provide work, where possible, for our laboring men, and if you honor me by election, I will use my best efforts to have the work of paving continued.

Our City never was, nor never will be a large manufacturing centre, and while I am in favor of offering every inducement possible to manufacturers to locate here, I believe we should cater more to the tourist trade, and the making of our City attractive by the building of good streets, is one of the best inducements we can offer them.

What we need in Charlottetown is more civic pride from both the individual and civic standpoint. Nature has done her part for us with a lavish hand, our shores are laved by the waters of three beautiful rivers emptying into a spacious land locked harbor, while within our civic jurisdiction we have one of the most magnificent parks in the world. Our forefathers with a vision that was prophetic laid out our streets with wide streets and open squares which they evoke the admiration of the visitor, it is therefore now for us to do our part, and if elected to the office of Chief Magistrate it shall be my object and aim to make this Capital City a larger, better and more beautiful Charlottetown.

In addition to my position as Chairman of the Street Committee I have also been a member of the Light Committee, and when the new contract was being arranged with the Electric Light Company, was instrumental in having a clause inserted, which when put into effect will, I believe very much improve our street lighting.

I am strongly in favor of Meat and Milk inspection, and while I do not claim the credit of having introduced this measure, I do claim that it had my qualified support, and if elected I will endeavor to have it extended and enlarged so as to more fully safeguard the public health. It is not my intention to make a house to house canvass, I believe every man and woman in our City is intelligent enough to judge for themselves as to whom they desire to see elected. My record for the past four years is before you, and if you decide that it is such as to entitle me to be elected Mayor, I will appreciate the honor most highly.

Thanking you in anticipation of your support and assuring you that if elected I will use my best efforts for the welfare of our City.

Yours Respectfully,  
J. J. McKINNON.

### Restored To Splendid Health By Tania, Well Known Roxbury Citizen Makes Remarkable Statement To Public.

Had Spent Thousands Of Dollars And Tried Every Known Remedy Without Finding Relief.

"Getting rid of the rheumatism at this late day completely mystified me, for I have had it for fifty years and had spent thousands of dollars," was the statement made recently by William H. Hayes, a well known resident of Roxbury, Mass., in relating his remarkable experience with Tania. Mr. Hayes has been identified with the people of Roxbury for forty years and is highly respected and esteemed by all who know him.

"This rheumatism got me when just a lad in my teens and, while I resorted to every known remedy, I kept getting worse as the years went by. For the past few years every bone in my body seemed to be aching clean to the marrow and my joints would get so stiff and sore that I was agony to bend them. For two years past the pains in my feet and legs were so intense for days at a time that I could not put my feet on the ground. When I did get out I simply had to hobble along at a snail's pace. The pains along at a snail's pace, should, I believe, be called to the attention of the public. These two hands were so swollen and out of shape I could not hold a pen or pencil to write a letter. I couldn't sleep at night, saw no ease or comfort during the day, and life was truly a burden.

"Well, I was just about ready to give up the fight when my attention was called to Tania. How this medicine has done it I don't know, but I do know I haven't an ache or a pain, and I believe I could get out there and walk a distance of five miles, and make it in record time. To put it all in a few words, I am now in better condition than I have been in a half century. I don't think anybody could have better reasons for feeling thankful to Tania than I have."

Tania is sold by Reddin Bros. and leading druggists everywhere.

### RHEUMATISM HAD HIM IN ITS GRIP 50 YEARS

The big house that stood on E. Avenue looking into Central Park, Mrs. Darlington had bought a "brown stone front" years ago, when Fifth Avenue was slightly less expensive, and had replaced the monotonous brown stone with antique brick and the plate windows with latticed ones.

But it happened that she wasn't home, and Paul insisted upon Patty staying. The butler was sure Mrs. Darlington would come any moment and served them tea in a pretty but much too formal dining room. Paul felt a little embarrassed because his mother did not come, and Patty left early, dreading Mrs. Darlington's comments.

A few days later she heard a curious echo of this. Mrs. Darlington, Mrs. Munn and some others were working in the Committee room. Someone was planning a week end in Massachusetts for skating and skiing.

"I'll come with pleasure," Mrs. Darlington said. "But I can't promise for Paul, except for Saturday night and early Sunday."

"Going away?" a voice asked daily.

"Going to work," Mrs. Darlington answered in tones of the greatest disgust. "Why I can't imagine! He has everything, and he says now that having everything, he's beyond comprehension. And such work! In the most awful sort, full of bargains and bad goods."

"What does he do?" Mrs. Munn asked with great interest.

"Listens to complaints!" Fanny blurted out. "He has a whole staff of people to do nothing but hear complaints! I suppose their stock is so bad the things go to pieces as soon as they touch them. I don't know, but I come back and complain Paul says he coaxes them into a good temper."

"There was a general burst of laughter. Mrs. Darlington complained that he left at 8 o'clock in the morning and returned only in time to greet for dinner.

"I never see him, he gets out his car at 9 and disappears. Says he must have fresh air, which I can well believe. But if he can't leave promptly at 9, he's furious! And he doesn't always finish dinner at 9," her tones were pathetic.

"No, it can't be a girl," Mrs. Darlington answered another question. "If she it wouldn't matter if he happened to be a few minutes late. He watches the clock like a hawk, until he's ashamed before my guests. I must ask little Miss McKee to use her influence. In fact I think he brought her tea Sunday—he would give the name and he'd be embarrassed when I mentioned it. My mother hadn't been there three days so he didn't know any one."

Patty began to think. She was making trouble between Paul and his mother. That girl stretched and yawned. How English she was! Not even a friendship was possible. She would have to give him up—

As a life long resident and being actively engaged in business, I feel that I am acquainted with the City's needs. Being a large taxpayer I will endeavor to avoid all unnecessary expenditures. At the request of a large number of electors of Ward Five I have decided to become a candidate at the forthcoming civic election.

I am in favor of all permanent works that can be constructed out of our ordinary revenue and also in favor of giving all reasonable consideration to any industry that would locate in our city that could be a means of giving employment to our citizens.

If you do me the honor of electing me to a seat at the Council Board I will exert myself to the utmost to forward the interest of the city in general and Ward Five in particular.

As it will be impossible for me to see you personally I take this means of soliciting your votes and assistance in my behalf on election day.

I remain,  
Yours truly,

### CARD

To The Electors of Ward 5, Ladies and Gentlemen:—

It is a surprise to myself to be solicited for election as councillor for the City of Charlottetown, but the assistance of a large representation from Ward Five has compelled my acceptance of the honor of contesting this ward in the civic election on February 8th.

Being a large property owner in the city, other owners of property in this ward are not assured that their interests will be safeguarded, as it is to my interest as well as theirs to support a candidate who will endeavor to improve our city in any way and modernize our city in any way, thus making real estate more valuable by attracting new citizens.

I am a large employer of labor. I have the interests and well being of the laboring man well in mind, realizing that employees must receive an equitable wage for services performed, that living conditions must be healthy both in the work place and at home and thus by employers treating employees as they should be treated our city will be built up with working together citizens, all working together like a big family for a more progressive Charlottetown.

Economic in the administration of city affairs will have my unqualified support.

To enumerate all the improvements I should like to see performed would require too much space. I am assured if elected my proposals will have my best support.

Business interests will not neglect my seeing each voter and hereby solicit your votes and assistance.

### FRANCE REDUCES ITS STAFFS

Total Saving to Treasury Will Come to \$26,000,000.

PARIS, Feb. 6.—At the French Foreign Ministry today, less than 100 out of 300 young, but costly stenographers and secretaries received notice to quit. Eight days ago they were warned. To day the axe fell, and it fell not only on the "Quai d'Orsay," but in all ministries and governmental offices throughout the country.

Since the Chamber some six weeks ago urged a wholesale reduction of the number of functionaries whose number had grown numerous since the war, the process of selection and reduction has been going on. By the time it is finished 50,000 civil employees in government offices will be dismissed. The turn of the men will come later and the reduction promises to be even more drastic. At the low average pay of 120 francs, or ten dollars a week, the dismissal of these 50,000 French represents a saving to the French treasury and tax payers of 312,000,000 francs or \$26,000,000 at the present exchange.
