Stock Markets At A Glance

WINNIPEG, Aug. 10—(CP)—Wheat export to the United Kingdom totalled 1,750,000 bushels of No. 2 northern today on the Winnipeg Grain Exchange while business with the United States was estimated at 500,000 bushels of low grades.

CHICAGO, Aug. 10—(AP)—Grain futures advanced in early dealings today as hot, dry weather continued over drought-damaged portions of the corn belt east of the Mississipi, but oats and rye fell off later on commission house and professional selling. Wheat showed independent strength.

LONDON, Aug. 10—(CP)—The Stock Market finished with an irregular tone today as trading volume continued moderate. Industrials fluctuated within a narrow range while home rails tended lower. Oils gained, internationls were quiet and British funds hesitant.

TORONTO, Aug. 10—(CP)—The Stock Market recovered a substantial portion of its recent losses in sizeable turnover today. The Base Metal issues led with a gain of .79, trailed by the golds with a gain of .76 and the industrials a gain of .39. Western Oils closed 36 down in dull action. Volume at 686,000 shares was a little heavier than on Wednesday.

NEW YORK, Aug. 10—(AP) Utilities, notably in the low-price class, again took the Stock Market speculative play today although pivotal rails and industrials encouraged by the display, pushed up at the last to close with gains running to a point or so.

The Associated Press 60-stock average was up .2 of a point at 54.5. Transfers totalled 2,015,730 shares compared with 963,410 in the preceding sessions.

MONTREAL, Aug. 10 — (CP) — Weakness of Quebec electrics gave utilities a downward adjustment today on the Stock Exchange and Curb Market and other groups on average were higher.

In reactions to the result of the Quebec election Tuesday, fractional declines were posted in Quebec electrics by Canada northern power, which touched a new low, Montreal Power, Shawinigan, Gatineau and Quebec Power.
