

Here Is A Corn Cure That Does

relieve the pain
Does remove the corn
Does allow you to walk
in comfort
Does it in three days
Does it whether corn
is soft or hard.

Jamieson's Corn Cure
is the one that does. It
has proven that it DOES
in hundreds of cases.
Only 15 cents a box.
Surely comfort is worth
that.

Do Long Breaths Hurt?

DANGEROUS PLEURISY ALWAYS BEGINS THIS WAY.
Speediest Cure is Nerviline.
Ouch that stab-like pain in the side is like a hot knife blade in the ribs!
Probably got overheated—cooled too fast—now there is congestion, tightness, such soreness you can't draw a long breath.
This is the beginning of Pleurisy. Pleurisy is far too serious to neglect a single instant.
Quickest relief will come from a vigorous rubbing with Nerviline. This trusty old pain reliever will fix you up in no time—will take away the congestion—make you well just as it did Mr. Samuel St. Johns, of Stamford, who says:—"In running to catch a train last week I became much overheated. I put up the train window and rode that way in order to get cooled off. In an hour my side was full of pain and my breathing hurt so much that I thought I had pneumonia. I always carry Nerviline in my grip and at destination I rubbed my side thoroughly three times. The warm penetrating effect was soon noticeable and I quickly got relief. Nerviline I consider saved me from a serious illness."
Any sort of a cold can be quickly broken up with Nerviline which is a marvel for reducing inflammation, for relieving congestion in the throat and chest, for curing a stitch in the side, lumbago, neuralgia, sciatic or rheumatism. Nothing more soothing or powerful. The 50c large family size is the most economical. Small trial size 25c at dealers everywhere.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More
"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man and woman. Such a result is not impossible, despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are, when the powers of nutrition are normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.
To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by all druggists everywhere and every package contains a guarantee of weight increase or money back.
NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

Closing Out Sale of Entire Shoe Stock

Before the end of May I have to sell every pair of boots, shoes or rubbers in stock, and I have marked such low prices on the usual modest charges that I should have no delay in clearing out the stock.
I am going out of business, to stay out, and another concern is taking over my store. This is the reason for the sale—this is your genuine chance for real footwear bargains.
Discounts Range From 15 p. c. to 25 p. c.
My expenses are low and I have always been able to sell boots and shoes a little lower than other dealers. I bought my present stock before the war raised price on leather and footwear came. From my ordinary before-the-war prices all boots and shoes have been marked to clear at additional discounts of 15 p. c. to 25 p. c.
A splendid line of men's heavy working boots in the stock—a rare chance for drivers, farmers and working men.
Your Chance for Rubbers and Overshoes
The discount marked on rubbers, overshoes and lumbden's rubbers should move the stock quickly—this is your real chance to make a decided saving.
Remember, most of the newest styles are here.
Cash with purchase—no appropriation.
