## TRIALS AND TRIUMPHS ARE REVIEWED

### Head Master of Presbyterian Boys School at Pictou is Synod Speaker.

SAINT JOHN, Oct. 5.—A recital of the trials and triumphs of the members of the Presbyterian Church in Canada, was given by Rev. Dr. Leslie Clay, Moderator of the General Assembly, before the Maritime Synod here today. Rev. W. M. Townsend of Fairville, moderator presided.

Addresses were delivered tonight on education which will be further discussed tomorrow morning when resolutions will be presented. Speakers on education were Rev. E. Russell, M. A., head master of the Presbyterian Boys' School at Pictou; Rev. Finlay MacIntosh, who has charge of the finances of that school; Rev. Dr. W. C. Kierstead, of the University of New Brunswick; Frederick and Professor Scott MacKenzie of the Presbyterian College, Montreal.

In the afternoon Mrs. L. A. Moore of North Sydney, President of the eastern division of the M. S. gave a statement on the work of that body. Matters concerning church records were discussed and representation was advocated on the board of governors of Dalhousie University.

SAINT JOHN, N. B., Oct. 6.—The necessity of establishing a well-defined Presbyterian educational policy with relation to Pictou Academy was urged upon the Maritime Synod of the Presbyterian Church in Canada in 54th annual session in Knox Church, today, by Rev. W. O. Mulligan, of Sydney Mines, and Rev. Bruce Muir, of Charlottetown. As a result of the discussion of educational matters, a committee consisting of Rev. Mr. Mulligan, convenor, Rev. Dr. Kerr, Halifax, Rev. MacLean, North Sydney, Rev. Mr. Muir, Charlottetown, Rev. Dr. Quigley, Campbellton; Rev. Mr. MacVicar, of Sydney and Rev. Dr. Taylor, St. Andrews, was appointed to investigate the relationship of the boys residence at Pictou with Pictou Academy and to recommend a definite policy to the synod.

Joseph Stalin, one of the real dictators of the Union of Soviet Socialist Republics, who has just defeated a severe defeat upon his opponent, Leon Trotsky, whom he has had expelled from the Communist International on the grounds that he was leading a violent struggle against that organization by means of underground printing presses and by "inciting malicious slander" against Soviet Russia abroad.

## Plea For Continued Friendship Made By Prince Of Wales

(Special to the Guardian)  
LONDON, Oct. 6.—A plea for continued Anglo-American friendship was made by the Prince of Wales in a British Legion luncheon in honor of the "good will" delegation of visiting American Legion members that reached here today. "You are as welcome as you were when you arrived for the war eight years ago," the Prince said. "The British Legion never will forget the links of friendship between Great Britain and the United States during the war. We must see to it that these links are maintained loyally in peace time."

## Mining Town Of Worthington Is "Finished"

SUDBURY, Ont., Oct. 6.—With the excitement attendant on one of the most extraordinary and spectacular disasters in the history of Northern Ontario mining slowly subsiding, Worthington was yesterday realizing that destiny has written "finish" to its history and the little village in the hills will be a ghost town of the north.

The mine, on which the people depended for their livelihood is a gulf in the earth following the cave in Tuesday, and workmen are busy fencing it.

On the outskirts of the crevasse, more workers are toiling to clear away debris.

Yesterday everything was as normal as could be expected, under the circumstances. Small slides of clay and quicksand occur occasionally but none of these have been of great extent.

Superintendent Mumford has attained the proportions of a heroic figure in Worthington. Half a dozen men owe their lives to him. In ordering his men to the surface before quitting time and in refusing to anticipate another shift below, he anticipated a danger that became a reality.

Upon him was the responsibility of the workers lives and to him fifty men owe the fact that they are not crushed and mangled beneath tons of rock.

A. Darby, M. P., A. F. Arsenault, M. P., Rev. Mgr. Gillis, Indian River, Rev. J. J. MacDonnell, Summerside, Rev. J. A. McCabe, St. Carmel, Rev. Father Croken, Fort Augustus.

His Honour was accompanied to the exhibition by his aide Lt. Col. J. S. Jenkins who judged the black foxes, and by Mr. H. A. Smith, Manager of the Canadian Bank of Commerce.

## WILL FIGHT POLITICALLY IN FUTURE

### Miners President Highly Satisfied With MacDonald's Statement That Labor Govt. if Elected Will Nationalize the Coal Mines.

(Special to the Guardian)  
LONDON, Oct. 6.—Ramsay MacDonald told the Labor Party conference at Blackpool today that it would be the duty of a Labor Government to nationalize the coal mines. His statement went considerably beyond the resolution prepared by the executive, which included nationalization only as the "final solution" of troubles in the coal industry after less drastic measures had been tried.

Mr. MacDonald's declaration, in fact, is being interpreted in some circles as a surrender to the miners and that may imperil the whole design of the Liberal-Labor understanding hitherto to have been cherishing.

Robt. Smith, the miners' president, seemed highly satisfied with his leader's statement and indicated that the miners would in the future fight politically rather than industrially.

## Prince Interested In Great War Veterans

OTTAWA, Ont., Oct. 6.—The interest manifested by the Prince of Wales in veterans of the Great War during his visit to Canada, is indicated in a letter received by Col. H. C. Osborne, Secretary General for Canada of the Imperial War Graves Commission. This letter, written by direction of the Prince, congratulates the Canadian agency of the War Graves Commission on the works.

## Stanley Bridge Recital

Last night at Stanley Bridge, the Trinity United Church Choir, under the capable direction of Prof. W. E. Fletcher, rendered an excellent program of sacred music, the second part of the program being devoted entirely to Prof. W. E. Fletcher's sacred Cantata, "The Holy Jerusalem." The choir was assisted by Miss K. Hornby and Miss Thelma Teed, violinists and Mr. Ben Acorn, soloist. The hall was filled with lovers of music from all parts of the surrounding country.

At the conclusion of the Cantata the ladies of the Missionary Society served refreshments to the entertainers. The manner in which these refreshments disappeared bore ample proof as to their excellence.

## Rival Armies In Big Battle 150 Miles From Peking

(Special to the Guardian)  
PEKING, Oct. 6.—Main bodies of northern and southern armies clashed today 150 miles west, southwest of Peking, and it was understood a decisive battle was in progress that might seal the fate of the capital.

The clash occurred near Cheng Ting, along the Peking-Hankow railway, about 40,000 men were engaged on each side. The rival armies were those of Fengtien and Shansi provinces.

Chang Tso-Lin, Manchurian warlord and veteran conservative leader, controls the Fengtien (the northern) army. The Shanghai troops are part of the southern nationalist army. Peking was slightly in panic as news of the clash arrived. Guards at the gates were strengthened.

## YANKEES INCREASE THEIR LEAD OVER PITTSBURGH

By ALLEN J. GOULD  
Associated Press Sports Editor

PITTSBURGH, Oct. 6.—A tall sturdy-limbed youth, twirling his first world's series game with the coolness of an Alexander and the skill of a Mathewson, tied the Pirates into a variety of knots today and pitched the Yankees to their second straight victory. Just as though he had been doing this sort of thing all of his life, George Pippen of Clayton, Minn., stepped into the spot glare of baseball's greatest classic, held his own against two batters, scattered the Pirates and pitched the Yankees to their second straight victory. Just as though he had been doing this sort of thing all of his life, George Pippen of Clayton, Minn., stepped into the spot glare of baseball's greatest classic, held his own against two batters, scattered the Pirates and pitched the Yankees to their second straight victory.

Behind such brilliant mound work the Yankee steam roller didn't need much execution. There was no home run force to its drive, but it struck twice in the third and eighth innings, with sufficient power to bring in three runs each time and move the Yankees into a commanding lead as the battle scene shifts tomorrow to the home field of the American League champions in New York.

Vic Aldridge attempted the task of checking the Yankees and putting the Pirates back in the fight but met the same fate as Ray Kremer. Outside of two bad innings the hoosier school master did a fairly good job but these two lapses were enough to convince him as well as the Pirates board of strategy that curve balls are not much poison to the Yankees as they had figured. Vic's best looking curves were shelled for three runs, enough to decide the game, in the third innings on four hits, two sacrifice flies and an error by Lloyd Waner. He was finally knocked out of the box in the eighth as he lost control completely sending in one run with a wild pitch and filling the bags with two successive passes before yielding to Mike Cvevroski. The situation was anything but encouraging here to the little southpaw as he faced the top four of the Yankee batting order, but he escaped with only one hit and two runs being registered, forcing the home run twins, Ruth and Gehrig, to rap rather weakly to the infield for correct outs.

While Aldridge was erratic in the box and the Pirates, again displaying defensive weaknesses, Pipgras

## STARTS MOVE TO RECOGNIZE CAN. CURRENCY

### Movement, Which May Extend to All Parts of America, Was Launched By Newly Elected Governor of Ohio State, Clarence E. Fox.

(Special to the Guardian)  
CINCINNATI, Ohio, Oct. 6.—A remarkable movement calculated to extend finally to all parts of the United States of America was launched here today by the newly elected Governor of the Ohio State, Secretary of Kiwanians, Clarence E. Fox, and is calculated, if it is successful, in the money of Canada becoming used throughout the United States at par value and without any discount or disadvantage of any kind whatsoever.

President Fox comes from Berea, Ohio, and a resolution offered immediately upon his selection to the chief office in Ohio calls upon all Americans and Canadians wherever located on the American continent to accept and encourage the passage of Canadian currency of any and all denominations whatsoever without discount or commercial disadvantage.

It is stated that the unique idea originated in the Columbus, Ohio, Kiwanis Club, upon the suggestion of a member whose name is given as E. W. Harrington, ordered passed by unanimous vote there, and ordered made a matter of record on the minutes of that society. However, the matter was brought to the attention of the Ohio State Kiwanis body on the initiative of the Ohio State organization's newly elected head today.

For Canadian delegate will be asked to preside over the convention meetings when Chairman Herbert Hoover cannot attend.

There was no opposition when Mr. Hoover submitted his tentative draft of committee heads at the top of which the United States as chairman and Canada as vice-chairman appeared against committee number one.

Canada's senior delegate is Alexander Johnston, Deputy Minister of Marine and Fisheries at Ottawa.

## RED MEN'S STATUS INVOLVED IN TRIAL OF INDIANS FOR FRAUD

MONTREAL, Que., Oct. 6.—Two Indians and a white man are in the Assizes of the Red men's claim for certain lands which he urges are his as the "original American."

The trio are Chief Cornelius, Munsey River Reserve, Brantford, Ont.; his sister, Mrs. Laura Kellogg, and her husband, W. K. Kellogg, former attorney of Green Bay, Wis.

Canada and the United States are both interested in the case, as the status of Indians in both countries will be called into play during the trial. The case involves some \$15,000 alleged to have been collected by the six Nations Confederacy, of which one of the accused is treasurer, and for which all the accused have held meetings in various Indian centres, "enrolling" members in their organization and levying taxes on the people for the benefit of the confederacy.

The court case for which these funds are said to have been raised was opened before Judge Cooper in the Northern Circuit Court of New York State at Albany some four years ago and is still unsettled. It deals with the ownership of one square mile of land, including part of the town of Messina, N. Y., and is lodged against the St. Lawrence River Power Company.

Hon. Mr. Taschereau was the chief speaker at the inauguration of the three day celebration of the 100th birthday of the University of Toronto. "Aspects of Canadian History Since Confederation" was the title of the Prime Minister's address and it was one of the most remarkable speeches he has ever made in the English tongue. It was his first important oration in English since his return from London last fall. It was his first important statement on Confederation and his first pronouncement in public on the report of the Bilingual School Commission.

In every topic dealt with, Premier Taschereau showed that he had given the subjects much thought and that he is one of the foremost believers in confederation and in the great future for the Dominion.

The department said its action was a section of the Tariff Act, which provides for retaliatory duties in case of discrimination against the United States, but was taken under specific provisions of the tariff schedules themselves.

WINNIPEG, Oct. 6.—The Amphitheatre rink here, the scene in former years of many a hard fought hockey contest—has been turned into a political arena, when a conservative leader will be selected to bear the mantle which once rested upon the shoulders of the late Sir A. Macdonald.

On the floor arena are being arranged in sections according to provinces. The location of each province's delegation will be designated by suspended cards bearing the names of the nine provinces and of the Yukon. In the centre and at the rear of the platform which some seventy five Conservatives are seated, a large portrait of the old chief minister of the convention—will be placed.

A series of boxes are being arranged in horse-shoe shape at the back of the floor area for delegates while in the rear seating for 5,000 of the general public. Suitable decorations are being provided, and an attendance of more than 7,000 is expected.
