PROPOSED UNION OF THE CHURCHES

Can Presbyterians and Methodists Unite

The Subject Aably Discussed by Rev. G. M. Young—A Full Report of Arguments Advanced for Union.

"That they all may be one" John 17:21. After a reference to the meaning of the text and the unifying tendency of the Gospel—Rev. G. M. Young said at First Methodist Church Sunday night:—A few days ago a company of men met in Toronto to discuss this question of an organic union between the Presbyterian, Congregational and Methodist churches in Canada.

These were the men who with unbounded enthusiasm looked forward to an organic union and heartily applauded Dr. Caven when he declared that though a rigid Calvinist, he saw no reason why a church should not be broad enough to allow scope for individual preference, both in doctrine and worship, sufficient to meet every individual need.

The present movement began at the General Conference of the Methodist Church held at Winnipeg in 1902, when the following resolution was adopted unanimously:—Whereas definite proposals have been discussed to some extent in the press and elsewhere looking to ultimate organic union of the Presbyterian, Congregational and Methodist Churches in Canada, this General Conference, in no spirit of exclusiveness towards others not named, declares that it would regard a movement with this object in view with great gratification, believing that the deliberate friendly discussion of the doctrinal, practical and administrative problems involved, with the purpose of reaching agreement, would not only facilitate the finding and formulation of a Basis of Union, but would also educate the people interested into a deeper spirit of unity and into that spirit of reasonable mutual concession on which the successful consummation of such movements ultimately so largely depends.

And this General Conference would further commend this movement to the prayerful interest and sympathy of the Methodist Church in the devout and earnest hope that, if organic union of the denominations named be achieved, it may be accompanied with great blessings to the Church and to the nation at large and redound to the greater glory of God.

The following was the Committee appointed:—Rev. Dr. Carman, General Superintendent, Rev. Dr. Cleaver, Rev. Dr. Sparling, Rev. Dr. Wilson, Rev. Dr. Shaw, Rev. Dr. Ross, Rev. Dr. Sutherland, Rev. Dr. Hearty, Messrs. J. W. Flavelle, W. G. Hunt, W. F. Hall, A. E. Ames, Robert Holmes, M.P., Frank Denton, K. C., C. W. Oate.

INSANITY PAID WELL.

MONTREAL, March 18.—Michele Assely, a Syrian banker and trader, was arrested here today, charged with forgeries and fraud amounting to \$40,000. He has been sent to Beaubert asylum. The medical examiner declared Assely Insane.

An Absolute Necessity.

So Thinks At Least One Traveling Man.

I would as soon think of starting out without my mileage books and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house, Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without protest, anyway. I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often "josh" me about it, tell me I'm an easy mark for patent medicine fakers, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me, and I believe I owe my good digestion and sound health to the Tablets, year in year out, and all the "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since and when I stop to think that that is what I spend every day for cigars, I feel like shaking hands with my digestion in first class order for fifty cents a month. I don't care for any better life insurance.

\$500,000 FOR UNIVERSITY.

LONDON, March 18.—Sir Donald Currie has donated \$500,000 to the University College and London University. It is estimated with this sum to build a school of advanced medicine, and it will also enable the university to incorporate the college in its system.

General Assembly which met in Vancouver in 1903, was unanimously adopted, and the following Committee appointed:—Dr. R. H. Warden, Convener; Principal Caven, Dr. Robert Campbell, Dr. Herdridge, Dr. Kilpatrick, Dr. Scrimger, Dr. Pollok, W. B. McMurrich, K.C., Dr. Thorburn, Hamilton Cassels, K. C., David Morris, Hon. W. Mortimer Clark, James Rogers, John Lowden, Dr. W. G. Jordan. Nearly all were present at the informal conference of which I have spoken and after strong and unanimous expressions of opinion in favor of union, adjourned to meet in the near future to formulate a Basis of Union, the appearance of which will be met with great interest.

The movement is an outgrowth of the conditions in the great west. Into that country people are pouring so rapidly that the churches are unable to provide that religious instruction without which it is impossible to lay deep and strong foundations of this young and growing nation.

The men who conquer the virgin soil, and are pioneers on the frontier of civilization, take a very practical view of church matters. They are less affected by names and historical distinctions, and shake themselves free from hampering conditions.

Plagued With Poor Digestion.

Don't Suffer Any Longer—Follow the Advice of Others and Use Ferrozone. It Cures Permanently Indigestion and Dyspepsia.

Mr. Louis Meehan, familiar to every one in his native city of Peterboro, writes: "About three years ago I had a gripe, which left me in a run-down condition. My stomach got out of order, and I suffered with indigestion, and I suffered with dyspepsia, and I was only able to eat a few things, I had to give up treating with doctors, because they didn't help me. On the advice of a friend, I used Ferrozone which not only cured my dyspepsia and biliousness, but built up my strength. I can recommend Ferrozone as an ideal remedy for the digestion."

Mr. Ernest V. Jordan, of Trenton, writes: "I had a severe attack of stomach trouble and indigestion which completely upset me. I was advised to try Ferrozone and did so. Since using Ferrozone I have not had any further trouble, and can recommend it as a positive cure. We guarantee that Ferrozone will cure any case of chronic indigestion or dyspepsia. It has made more lasting cures than any other remedy, and can be used with perfect confidence. Don't waste money on cheap, inferior articles; get the best at once and be cured quickly. Ferrozone is no equal; it does its work thoroughly. Don't be imposed upon by anything resembling "just as good" as Ferrozone. It alone can cure thoroughly. Price 50c a box or six boxes for \$2.50, at all reliable drug stores. By mail, from N. G. Polson & Co., Kingston, Ont. and Hartford, Conn., U.S.A.

ISLAND PEOPLE IN WINNIPEG

Hold Good Positions in the Commercial Metropolis

Many From Charlottetown and Other Parts of the Province Who Are Succeeding in the Great West.

In the different parts of Canada to which Prince Edward Islanders have removed there is probably not a spot in the West where more Islanders may be found than in the city of Winnipeg. Every year hundreds from Prince Edward Island emigrate to the West and the great Prairie City forms the resting place for many who are prospering there and earning a prominent place among their fellows.

Prominent men are W. W. McLeod, formerly of New London who is Inspector of the Post Office Department in Manitoba; Charles A. Kennedy formerly of Brackley Point and brother of the late W. C. Kennedy of this city holds an influential position as manager of the Bank of Nova Scotia.

Archibald McMillan, Wood Islands formerly a teacher in the C. B. C. occupies an excellent position as Accountant for the Lake of the Woods Company. His brother is also with him and prospering.

Oscar McCallum, son of J. G. McCallum, Brackley Point, several years ago left Charlottetown where he had been in the Bank of Nova Scotia and now is with the Canadian Bank of Commerce as a trustee official.

Percy Shurman, son of Davis Schurman, Charlottetown's employe in the Imperial Bank of Canada at Portage La Prairie.

A. P. Townsland, formerly Principal of Victoria High School is now principal of an advanced school a few miles out of the city at Richmond.

Emmanuel Lockhart, Murray Harbor, and Morley Seller of this city are both taking degrees at Manitoba College.

Joseph M. Hyde and his family formerly of North River are well known people especially to those from the Island. Misses Katie and Eliza have good positions as stenographers. Miss Mary is attending the collegiate institute and John is a book-keeper in a prominent house.

Lou Pigott, formerly of Gordon and McCallum is engaged in the tailoring business.

H. A. Wise, son of Joseph Wise of Milton has advanced himself rapidly among the business men in a few years. He now conducts two large drug stores on his own account.

Herbert Gordon, son of Rev. J. A. Gordon and brother of John P. Gordon of Moore & McLeod's is a rising young lawyer and a bright future is predicted for him. Mr. Gordon visited Charlottetown several months ago.

The tall form of the Hon. David Laird is visible frequently on the streets and the familiar forms of his sons are frequently recognized by Island people for the first time in the city.

Robert Sinclair, son of Rev. R. G. Sinclair, Montague, is with Stobart Sons & Co., wholesale dry goods.

Wallace Thompson, formerly of J. D. McLeod & Co., is in the grocery business with F. E. Weldon & Co. Lorne Stewart was also with this firm but has moved further west.

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. If she would be all that she may, she must guard well against the signs of ill health. Mrs. Brown tells her story for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was; and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time, I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that, and built up my entire system, till I was indeed like a new woman.—Sincerely yours, Mrs. CHAS. F. BROWN, 21 Cedar Terrace, Hot Springs, Ark. Vice President Mothers Club.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

A Mother's Joy

is in her baby and it is with feelings of mingled pride and regret that she watches him grow out of his babyhood. We can preserve the remembrance of how he looked at his sweetest. Bring him to

Our Studio

and let us make a dozen of our carbonette photos of him. It will not take long or cost much and you will have something to show them when they are in their teens.
