STALLION OWNERS ATTENTION

According to the provisions of the Stallion Enrolment Act, all stallions two years and over standing for service in the Province of Prince Edward Island must be enrolled in the records of the Department of Agriculture and undergo inspection by an official appointed for this purpose. Owners of horses that have not previously been inspected are asked to notify the Department immediately so that arrangements for inspection may be made. It is expected that inspection services will be conducted about the first week in May.

Stallion owners who use horses not enrolled or inspected will be prosecuted under the provisions of the above mentioned Act.

WASHINGTON April 21—(CP) —Informal exchanges of views have been undertaken between United States state department experts and a special Canadian delegation preliminary to formal negotiations for a new trade agreement.

The formal negotiations will begin as soon as the final list of products on which tariff concessions may be granted or requested is drawn up by the trade agreement section of the state department.

STORAGE SPACE KEEPS SPORTS GOODS INTACT

Now that winter is over it is a good idea to provide adequate storage space in which to keep winter sporting equipment in good condition during the summer and fall months.

9 large closet or small room dedicated to the storage of sports equipment is an asset to the household interested in sports and also effects a material saving, because the proper care of such equipment prevents deterioration.

Racks, hooks and pegs should be provided in the storage space to hold golf clubs, tennis rackets, hockey sticks, skates, etc. A series of stout wooden hooks, like old-fashioned hat racks, sloping down toward the wall make a good place to hold the golf clubs. Shoe shelves with grooves can be arranged for skates. Wooden pegs set in the wall hold tennis rackets without straining the frame or damaging the gut.

Power Issues Show Strength On N. Y. Mart

(By Frederick Gardner)
(Associated Press Financial Writer)

NEW YORK, April 21 — Quiet strength in utilities kept the stock market on balance today and tended to offset further mild backsliding tendencies of industrials.

The general list assayed a mild rally at the start but, with the exception of power company issues, the trend soon turned downward. Steels, motors and most other groups moped throughout the session at slightly lower levels.

A little buying support came in just before the close and losses were reduced or cancelled in many cases, with the result that the Associated Press average of 60 stocks finished up .3 of a point at 39.3.

Dealings lagged from the opening transfers totalled 595,240 shares, compared with 777,540 yesterday.

Fluctuations were confined to fractions on a generally inactive Canadian list. Quebec Power, Massey Harris, Walkers and Dome Mines comprised the forward trend. On the easy side were International Nickel, McIntyre, Lake Shore and Shawinigan.

Broad Gains In Utilities At Montreal

MONTREAL, April 21 —(CP)— Utilities showed some broad gains on the stock exchange today but the rest of the list was easier.

Bell Telephone gained 4 1-2 points at 157 in the first sale in a week.

Steel of Canada slipped a point and General Steel wares was down. Rails were mostly steady with Canadian Pacific unchanged, National Steel Car up 1-2 and Canadian Car down a small fraction. St. Lawrence paper preferred closed up 1-2 but Bathurst, Price Brothers and Dryden lost fractions Dominion Car gained 1-2. There was a small loss for Dominion Steel and coal "B".

Total sales: Industrials 23,500; Mines 64,600; bonds $700.

TAKE CARE OF YOUR SKIN

The first layer of the skin is composed of myriad cells fed by the glands and responding to sunlight in small doses. This layer is filmed with a protective acid.

The second layer is a network of oil glands, capillaries and pigment cells, on which relies your natural coloring. The circulation in these capillaries reveals your pallor or a lovely skin coloring, and is partly responsible for sallowness and freckles.

The third layer is mainly fatty tissue, supporting the first and second layers, and on this depends hollowed cheeks or softly-rounded ones.

CONSTANT RENEWAL

The work goes on all the time, a miraculous renewing every minute of the day and night. And that is why with care, you can change the whole texture and coloring of the skin.

Keep your skin elastic and it will be free from lines and puc.... You can keep it elastic by ..eep yet gentle cleansing, regular stimulation which will speed up the skin's natural processes, and nourishment.

A special night cream should even be used for periods during the day when the skin is ultra-dry, or worn all day as a base for powder. Stimulations and a facial mask are more vital for the oily skin than nourishment.

A blackhead condition of the skin betrays sluggishness—revise your diet, correct elimination and check the over-acidity of the glands which causes them.

Cleanse the pores, remove the dust which dwells on the pore surface, then apply a refining lotion to close the pores.

Deep-seated blackheads demand more strenuous treatment, but be careful not to bruise the skin when removing them.

An open-pored skin is a more serious problem. You need to exercise this skin and revive faulty circulation since the glands are under active. Stimulate with a toning lotion and a mask treatment.

With sallow skins stimulation is even more important—and especially the wakening of the circulation by means of facial stimulants.

Poor circulation as well as indigestion are blamed for acne. While the healing process is going on— extreme care with clean pads and antiseptics will forbid infection.

Minard's Liniment relieves pain.

MARKETS AT A GLANCE

(By The Canadian Press)

Toronto —Gold, Industrial and western oil shares higher; base metals off

Montreal —Stocks closed irregularly lower

New York —Stocks slightly higher.

Winnipeg —Wheat 1 1-4 to 1-8 cent lower

New York —Cotton and rubber higher; sugar and coffee lower.

CHICAGO, April 21 —(AP)— Reacting from early brisk upturns that lifted prices 1 3-8 cents the Chicago wheat market later today more than lost advances in relatively quiet dealings.

A pause in late export buying was a handicap to friends of higher prices. Winnipeg reported a recession in premiums for top grades and said new export business appeared to be confined to durums.

Wheat futures closed 3-8 lower to 1-8 higher, May 84 1-8-1-4, July 61 1-8-1-4,corn unchanged to 3-8 off, May 59 1-2-5-8, July 61 1-8-1-4, and oats unchanged to 1-8 up.

MONTAEAL, April 21 —(CP)— Wheat, northern, No. 1 $1.42 1-4; barley, Canadian western No. 3 .64 1-4; oats feed, No. 1 .52; flour spring wheat patents, firsts $7.50; seconds $7.00; bakers $6.80; winter wheat patents, choice $4.00-4.05; white corn $4.00-4.60; bran, ton $31.25; shorts, ton $32.25; middlings ton $35.25; rolled oats, bag, 90 pounds $3.15; hay, No. 2, per ton, carlots $11.00.

Cheese —Ont colored .15 1-4-1-2; butter No. 1 .31 1-4.

Eggs in cartons: A-large 23; A-medium .22; A-pullets .20.

Potatoes —Que whites No. 1 80's 50-55; N. B. mts No. 1 80's 57-62; P. E. I. mts No. 1 90's 80-85; new B. W. I. No. 1 60's 1.35; Fla. bushel 2.25.

Livestock

WINNIPEG, April 21 —(CP)— Recessions in top-grade hard wheat premiums to their lowest levels in many months carried Winnipeg wheat futures down today. Although unusual demand for durums attracted attention, futures ended 1 1-4-1-8 cent off, May at $1.24 3-8, July $1.14 and Oct 90 1-4-1-2 cents.

Durum demand was said to have come from France. Export sales, almost all durum wheat, were placed at 150,000 bushels. Durum cash spreads improved around four cents for Nos. 1 2, and 3 grades. Local transactions neared the 300,000 bushel mark since Tuesday.

No. 1 northern sank to nine cents premium, a decline of five cents today owing to lack of demand from exporters. No. 2 grade was only two cents above the May future at the close. These low premiums contrasted with prices 29 and 22 cents above the May future less than a month ago.

Small mill buying of oats and export undertone. Oats closed 1-8 lower to 1-8 higher: Barley 7-8 higher to unchanged; flax 1 3-4-1 1-8 higher and rye 3-4 cents lower.

Secret of Cancer Nears Solution

BY HOWARD W. BLAKESLEE
Associated Press Science Editor

DALLAS, April 21 —(AP)—New secrets of cancer and of growth, discovered through a new kind of chemistry, were announced to the American chemical society here today by Dr. A. Keith Brewer, of the United States Bureau of Chemistry and soils.

The discovery is a peculiar use made by the human body of the poisonous metal potassium. This may be a clue to the cause of cancer, Dr. Brewer said, or only an effect. But it is definitely connected to rapid growth, of the cancerous type.

The new work is co-operative between Washington and Manchester, England. The cancerous tissues are furnished by the university of Manchester cancer research laboratory. The chemical analyses are made by Dr. Brewer.

A new form of chemistry is used, known as the isotopes, isotopes are atoms of the same chemical element having different weights. The differences, nearly infinitesimal were only discovered a few years ago, and their application to chemistry has just begun.

Potassium, although a deadly poison when free in the human body exists there in large amounts "bound up" inside of the microscopic cells that form living tissues. The new isotope chemistry has found that there are three different weights of potassium 39, 40 and 41 The figures mean atomic units of weight.

Numbers 39 and 41 furnish the new cancer clue. In healthy flesh these two "isotopes" of potassium exist in the ratio of about 14 to one. There are 14 atoms of the lightweight stuff to every one of the heavier kind

But this is not true in cancer. In cancer there is less of the heavyweight potassium. The decrease is six to seven per cent.

TORONTO, April 21 —(CP)— The Toronto market had period of cheerfulness today and all index groups managed to creep forward moderately except the base metals and these registered a mild setback.

MacLeod-Cockshutt advanced 20 cents, Perron 10, Powell-Rouyn 16 and Uchi 11. Read-Authier gained 20 cents in slow trading and other issues up a few cents included Hard Rock, Kerr-Adison, Moneta, Omega, Stadacona and Teck Hughes.

Scattered buying at higher bids gave the western oil group a stronger closing tone. The action was led by Anglo-Canadian which closed 17 cents higher at 1.55.

Hudson Bay weakened the minimum fraction. Among the cheapest issues of the group slight weakness was shown by Sudbury Basin and Sherritt. Noranda closed unchanged.

Eldorado registered one of its periodic rallies, getting up 9 cents to 2.54. Other silvers were quiet.

Currencies

MONTREAL, April 21 —(CP)— The Pound Sterling advanced 9-32 of a cent at $5.01 1-2 on Montreal foreign exchanges today while the French franc held about even at 3.15 7-32 cents. The United States dollar declined 1-32 per cent to 15-32 per cent premium.

NEW YORK, April 21 —(AP)— The French franc weakened today in face of moderate advances of most other European currencies in terms of the United States dollar.

The decline of .01 1-4 of a cent in the franc came on the heels of the bank of France statement which showed further loans to the government together with a new high record for sight liabilities. It closed at 3.13 3-4.

Sterling advanced 1-2 of a cent to $4.99 1-4. Holland guilders gained .03 of a cent and the belga .01 1-2 of a cent, while the Swiss franc was unchanged. The Canadian dollar was up 1-32 of a cent at 99 17-32.
