

FRIDAY

FARM LABOUR.—The Department of Agriculture is in receipt of a communication from the Minister of Labour, suggesting that farm labourers might be secured from some of the other provinces to meet the scarcity existing here at the present time. Any farmer who is anxious to secure hired help, particularly by the year, would do well to communicate with the Department of Agriculture at Charlottetown.

CANDLING STATION.—In reference to a notice appearing in Thursday morning's Guardian in connection with the establishment of an Egg Candling Station, a little correction is necessary. The Egg Circle Candling Station movement has been organized in this province by Mr. T. A. Benson, the Island representative of the Poultry Division of the Live Stock Branch Department of Agriculture, Ottawa, and Mr. Cyrus Poirier, who is assistant to Mr. T. A. Benson, is in charge of the work at Wellington as demonstrator and instructor. The Candling Station is being operated by the Prince Edward Island Co-operative Egg and Poultry Association and Mr. Ben Arsenault has been employed as a candler by the Association. A Station has also been opened at Montague with Mr. J. H. Hare, B.S.A., also of the Department at Ottawa, in charge as demonstrator and instructor. Mr. Seymour Compton, of Commercial Cross, has been employed by the Association as candler at this station.

DEATH OF MRS. BRENTON LONG-WORTH.—It is with deep regret the Guardian learned just before going to press this morning of the death of Mrs. Brenton F. Longworth, which occurred suddenly at a late hour last night at her home on Longworth avenue, city.

HAZELBROOK FIELD.—Services in Hazelbrook Field on Sunday, Oct. 11th, will be Thanksgiving, with special music. Cross Roads: 10:30 a.m.; Sunday School, 11 a.m.; subject: "The Deliverance Thanksgiving." Hazelbrook, 3 p.m.; subject: "Our Special Call for Thanksgiving." Alexandra, 7 p.m.; subject: "The Great Thanksgiving."

C. A. A. ATHLETIC MEET.—An athletic meet will be held at the C. A. A. grounds on Saturday afternoon, Oct. 17th, for the boys of the town. A new arrangement will be made in classifying the entries. Instead of having the boys race according to their ages, they will be grouped according to weight. There will be the following classes: Boys under 80 pounds, 81 to 95 pounds, 96 to 110 pounds, 111 to 125 pounds, and over 125 pounds. This new scheme has been adopted in a great many athletic meets and has been found much more satisfactory than the old scheme of grouping by ages, which causes endless arguments and unfair conditions. The meet will be open to all boys of Charlottetown, and is being promoted by the Physical Committee of the Y. M. C. A.

RHEUMATISM GOES IF HOOD'S IS USED

The genuine old reliable Hood's Sarsaparilla corrects the acid condition of the blood and builds up the whole system. It drives out rheumatism because it cleanses the blood thoroughly. It has been successfully used for forty years. For rheumatism, stomach and kidney troubles, general debility and all ills arising from impure blood, Hood's has no equal. Get it from your nearest druggist today.

FRUIT GROWERS.—A meeting of the Fruit Growers Association and Winter fruit show will be held in connection with the annual meeting of the Central Farmers Association. The date has not yet been decided upon.

FOX PURCHASER.—Mr. Angus Finlayson returned to his home in Grand View yesterday after visiting his daughter, Mrs. James McBride, Charlottetown, while in the city he was the purchaser of a splendid pair of patch foxes. Mr. Finlayson is to be congratulated for being able to secure them.

FOR SPECIAL STUDY.—Dr. H. D. Johnson, Medical Health Officer of the city, leaves to-morrow for New York, U. S. A., in connection with some special medical study he is undertaking there. He will be attached to the New York Post Graduate School, and will be away for about a month.

ST. PETER'S CATHEDRAL.—It was decided at a meeting of the ladies of the congregation of St. Peter's Cathedral yesterday afternoon not to hold the usual sale, on account of war, and the probability of it interfering with the Red Cross work, but instead to raise the equivalent of the proceeds by private subscription. At the meeting over \$100 was promised.

ARMY FIELD SERVICE.—It is expected that the bags for distribution will be here by the middle of next week, and that the various chairmen of committees will be in a position to receive oats from contributors after the 15th inst. Local contributions by farmers in the vicinity of Charlottetown will be received at the Marine Wharf after the 15th inst.

HORSE RACES.—The Management of the races to be held at Peakes on Monday next, have been requested by several horsemen to add a Farmers' Race, the horses to be driven by their owners. Therefore, if enough entries are received this special race will be held and liberal prizes offered. Time of entry has been extended in all classes up to the day of the races.

A FOX CASE.—A case is engaging the attention of the Courts at Montserrat, N. B., in which an islander, Hodley D. Weeks, is suing the W. H. Miller Company, of Campbellton, N. B., to recover \$2,000 as deposit money for an option for a pair of silver black foxes in a ranch near Summerside. Recently an application was made in chambers before Judge Landry by the defendant to have the venue changed from Westmoreland County, in which it was laid, to Restigouche. The application was dismissed, the venue being left as laid.

I.O.G.T.—The regular quarterly session of Queens Co. District I.O.G.T., met at Pownal on Oct. 5th. The day being fine the delegates thoroughly enjoyed the drive, some of them having an especially jolly time, and all appreciated the kind hospitality of the good people of Pownal. At the afternoon session the regular routine of business was gone through, then Rev. N. O. Wilson being present, he gave a very interesting talk on the temperance affairs of P.E.I., and then answered numerous questions which were asked. The representatives of the different lodges were very pleased to receive all this information. At the public meeting in the Methodist Church addresses were given by Rev. E. S. Weeks, Rev. N. O. Wilson, Rev. N. P. McVie and Mr. J. West. Fine music was given by the choir, and a beautiful solo by Miss Enid Smith.

An Easy Way to Stop Head Noises

Good Advice For Those Who Fear Deafness

Men and women who are growing hard of hearing and who experience a stuffy feeling of pressure against their ear drums, accompanied by buzzing, rumbling sounds in their head like water falling or steam escaping, should take prompt and effective measures to stop this trouble. Headnoises are almost invariably the forerunners of complete or partial deafness and most deaf people suffer from them constantly. Sometimes these noises become so distracting and nerve racking, with their never ceasing "hum" they drive the sufferer nearly frantic and complete nervous breakdown and even violent insanity have been known to result.

Thanks to a remarkable scientific discovery made recently in London it is now possible to almost instantly lessen the severity of these head-noises and in a very short time to completely and permanently overcome them. With the disappearing of the head noises, the hearing also greatly improves and very frequently can be restored to normal. This English treatment is known as Parment and can be easily and safely self administered at home. Leading druggists in Charlottetown and vicinity now have it in stock. Get from your druggist 1 oz. Parment (Double Strength) and mix it at home with 1-4 pint of hot water and 4 oz. of granulated sugar. Stir until dissolved and then take one tablespoonful four times a day until the noises disappear and hearing improves. Parment is used double strength in this way not only to reduce, by tonic action, the inflammation and swelling in the Eustachian tube and thus to equalize the air pressure on the drum but to correct any excess of secretions in the middle ear and the results it gives are both remarkably quick and effective.

BELGIAN RELIEF FUND.—It is intended to forward the donations for this fund on Thursday or Friday next. All donations for this fund intended for this sailing should be in early next week. It is requested that all cheese and other donations be ready, if possible, for this sailing. It is intended, however, to forward another cargo in November, therefore all collections may be continued without interruption and will be forwarded by the second steamer. W. H. Aitken, President; D. J. Riley, Secretary.

A GOOD RECOMMENDATION.—In the last issue of the "Canadian Motor Boat" there appears a letter from a Mr. A. R. Fisher, one of the magazine's subscribers at Auckland, New Zealand, paying a high tribute to the efficiency of Canadian built motors, and referring in gratifying terms to the splendid all-round qualities of the "Imperial" motor. This motor, as is well known, is the manufacture of an Island firm, Messrs. Bruce, Stewart & Co. The writer tells of a series of trying tests to which he put a 2 h. p. Imperial marine motor one Saturday morning and the satisfactory results it gave.

Had No Power Over the Limbs

Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter. Mrs. Thos. Allan, R.F.D. 3, Sombra, Ont., writes:—"Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food, 50c a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

RED CROSS CONTRIBUTIONS.—The Red Cross Society, Charlottetown, have received cases, boxes, and parcels of valuable articles from Red Cross and other societies in the following places and hope later to give names of contributors.—Murray Harbour, Bedouque, Elmsdale, Murray Harbour South, Cavendish, Grand View, Clyde River, Newport, Eldon, Springfield, Murray River and Alberton.

PARIS, Oct. 8.—Official.—(First). On our left wing the enemy has made progress at no point. At certain points he has moved back, particularly to the north of Arras, where fighting development and conditions are favorable to us. The operation of opposing forces of cavalry are developing at the present time almost as far as the sea coast on the north. Between Sommes and Oise in the vicinity of Roye, the enemy is still in force but we have re-taken the major part of the positions we were obliged to give up. To the north of the Aisne the numerical strength of German troops seems to have diminished.

(Second). On the centre between Rheims and the Meuse there is nothing to report. On the heights of the Meuse between Verdun and St. Mihael the enemy has drawn back to the north of Hatton Chatel. He still holds St. Michael's and some positions north of St. Michael on the right bank of the Meuse.

In Woerwe district violent attacks delivered by the enemy to the west of Apemone, failed. On our right wing, in Lorraine and Vosges there has been no change. Along the frontier east of Prussia, Russian offensive continues—very spirited fighting is taking place on the frontier west of Wualwalki.

LONDON, Oct. 8.—It is announced here that heavy reinforcements have reached Antwerp. British Dreadnoughts are off Ostend.

LONDON, Ont., Oct. 8.—Lambton County Council is seeking to send 100,000 pounds of dried apples to the soldiers at the front. As a result of market conditions tons of the finest fruit are not being picked, and the growers will gladly give the apples, the county furnishing \$6,000 to evaporate it.

A FRIEND OF THE POLICEMEN.

Continually on their feet, the "Peelers" are invariably troubled with corns and bunions—but not for long because they know of a quick cure, Putnam's Corn Extractor, it cures painlessly in 24 hours, try "Putnam's", 25c at all dealers.

GIRLS! CLEAN AND BEAUTIFY HAIR NO DANDRUFF--25 CENT DANDERINE

Stop washing hair! Try this! Makes hair glossy, soft and abundant.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

TORONTO, Oct. 8.—Declaring that among the countries of the world Canada at present occupied the most advantageous position from the commercial standpoint, Sir George E. Foster, Minister of Trade and Commerce, offered some suggestions to the members of the Board of Trade at their luncheon yesterday, as to the course by which Canadians could best profit from the opportunity now offered.

LONDON, Oct. 8.—The Central News quotes a Vienna paper as asserting that furious fighting has taken place between the Bulgarians and Servians. If true this would mean that Bulgaria has taken sides with Germany and Austria. There is no official news to that effect.

ST CATHARINES, Ont., Oct. 8.—Theodore Burgerine, nineteen years of age, clerk in the St. Catharines branch of the Bank of Toronto, and a private in the Nineteenth Regiment, was shot Wednesday evening shortly after 7 o'clock by Private Frank Hartley, a member of the same regiment, outside the lock shanty to lock 9 of the Welland Canal, where both men were on stock duty.

The murder was the result of a trivial altercation. "Little is known of Hartley. He claims to be English by birth, and to have spent some years in New York State. He joined the regiment a few weeks ago.

BERLIN, Oct. 8.—(By wireless to Sayville)—The British announcement concerning the mining of the North Sea was published in Berlin yesterday morning. Commenting on this, it was pointed out here that it virtually closes the channel to neutrality, and that this belt of mines stretching between Ramsgate and Ostend constitutes an effective, although unofficial blockade of the ports of Holland. The prospects of navigation, when the storms of winter tears the mines loose from their anchorage, are not pleasant.

The German Admiralty has reiterated its declaration that German mines have been laid only along the coast of Great Britain.

LONDON, Oct. 8.—A Berlin despatch to Reuters contains an official statement given out at general headquarters in Berlin on the evening of Oct. 7.

The engagements on the right wing in France have not led to any decision. The attacks of the French in the Argonne and from the north-east of Verdun have been repulsed. "Off Antwerp the attack has crossed a section of the river Nothe. The attacks of the Russians on the government of Suwalki have been repulsed, the Russians losing 2,700 prisoners and nine machine guns.
