TO CLEAR MINES AT VLADIVOSTOCK

ST. PETERSBURG, Oct. 23—The governor-general of Vladivostok has given orders for the immediate suspension of navigation in Kangoose Bay, the arm of the Ussuri, where Rechitsa is situated, and where the coasting steamer 'Warjagin' was sunk by a mine yesterday, until the completion of the dragging operations to clear the zone of mines. The operations will be commenced without delay. More than half a dozen steamers already have been sunk from coming in contact with floating mines on the waves encircling Vladivostok. The disaster to the 'Warjagin' reveals the fact that the Russian authorities during the war mined the bays about Vladivostock in anticipation of attempts by the Japanese to effect landings at Kangoose Bay and other points.

THE PACKERS AND HOG PRODUCTS

MONTREAL, Oct. 24—A downward movement in the prices of live hogs is anticipated to a certain extent by those in close touch with the situation, and the recent developments on the market support this idea. Reports from the principal packing centres in Eastern Canada show that the deliveries of live hogs during the past three or four days were the heaviest in six or seven months. This is accounted for by the fact that the spring hogs are ready for the market now, and also by the general interest that the high prices have induced farmers to take in this particular branch of agricultural activity. According to the packers prices have been too high for the past two years, and the market has been in a somewhat unsettled condition, with a great deal of fluctuation in British prices, and an active competition by American dealers for the trade of Western Canada. There is a Customs duty to protect the Canadian packer, but the buyers are so far removed from the centre of production in this country, that shippers south of the line are able to pay the duty, and lay their goods down at lower cost in the North-West than Ontario and Quebec dealers, who are shut out of that market by the long freight haul.

A Japanese Solvent for Rheumatism

It is the Japanese solvent contained in Kimo Tablets that makes them a certain cure for rheumatism.

This ingredient, which is specially imported for us from Japan, and as yet is contained in no other remedy, will absolutely dissolve the uric acid granules, which grate on the joints and muscles and cause rheumatism.

When they are dissolved, it is easy to stimulate the kidneys sufficiently to carry them off from the system. Until they are dissolved the larger granules cannot be forced through the kidneys.

This is why so many remedies fail to cure severe cases. They don't contain a solvent to dissolve the granules, and they can't drive them through the kidneys without; although in the attempt, they often cause serious kidney and bladder trouble.

Kimo Tablets dissolve them and drive them out.

These tablets are now recognized, as being without doubt or question, the most rational, scientific and surest cure for rheumatism ever offered to the public. Improvement is noticed the first week.

50c. at dealers or by mail postpaid B. N. Robinson & Co., Coaticook, Q.

Nothing to Fear.

The question of injurious substances in medicines which has been agitating the minds of many people, does not concern those who use Chamberlain's Cough Remedy; Mothers need have no hesitancy in continuing to give it to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by all druggists
