DYSPEPSIA Can Be Cured.

This disease is the all prevailing malady of civilized life, and one which oftenest baffles all ordinary treatment. It gives rise to a great variety of distressing symptoms, such as distress after eating, rising and souring of food, wind in the stomach, heartburn, etc.

Nearly everything that enters a weak dyspeptic stomach acts as an irritant; hence the great difficulty of effecting a cure.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

B.B.B. regulates the stomach, liver and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the entire system.

Mrs. Herman Dickens, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in dyspepsia and stomach troubles. I was troubled for a number of years with dyspepsia, and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured, and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Hear The Willis Piano Before Buying

You will not be satisfied with your selection, unless you hear the Willis before you decide to buy.

The Willis is made by expert Canadians, and is specially suitable for use in Canadian homes. It is made of the finest material the world's markets can produce, is hand carved and hand polished, and will withstand our rigorous changeable climate better than any other piano made.

The tone of the Willis is exceedingly rich, sonorous and mellow, the touch is delightfully sympathetic—the complete instrument is at once the wonder and admiration of all musicians. It will pay you in pleasure to see and hear the Willis, and our showing is complete and extensive.

Hear the Willis selected by The Guardian as a Grand Prize in their contest. It's in our show rooms.
