A XMAS NUMBER.—The Guardian has received from D. S. Robinson son of H. B. Robinson, Victoria Park, Charlottetown, now in South Vancouver, a copy of the Greater Vancouver Chinook Christmas number for 1912. This paper was established in June 1912. The holiday number is nicely illustrated and among the many photos given are those of the street on which Mr. Robinson works, his shop and home before which hundreds daily board the cars, being plainly visible; River Road as looking over the River in the waters of which many trout are caught and which flows by the foot of the street on which Mr. Robinson lives; Councillor John Ward who owns Mr. Robinson's place of business and many other prominent men

SCHOOL EXAMINATION.—The afternoon of Dec. 24th was a very happy one for the pupils of Cross Road school, Lot 48. The half-yearly examination was conducted by the teacher, Harry Balderston. The pupils have certainly been well taught as was shown by their ready answers to the questions in the different subjects in which they were examined. The reading was worthy of special mention. A short but entertaining program was given. A dialogue "Uncle Pete" by two boys was splendidly acted and caused much laughter. The visitors enjoyed the time spent at the school very much. Some encouraging remarks by Mr MacPhail, one of the ratepayers were much appreciated. A Xmas tree had been thoughtfully provided by the teacher and each child was made happy by a present and candy. The teacher was not forgotten, quite a number of nice presents being on the tree for him. All present were then treated to apples donated by one of the trustees. The examination was then closed by singing God Save the King.

NEW INSTRUCTOR.—W. J. Reid B. S. A., the instructor in live stock for the Department of Agriculture, has arrived in Charlottetown to take charge of the live stock work of this province. Prof. Reid will take charge of the live stock department of the Short Course to be held shortly in Charlottetown and will follow it up by taking permanent charge of the provincial work in connection with the breeding, feeding and management of all classes of live stock. From Prof. Reid's qualifications and past work every confidence can be placed in his teaching and judgment. He is an associate of the Ontario Agricultural College of Guelph, Ont., and a graduate of the McDonald College of Agriculture, Quebec, having been employed during the past year in the latter institution as assistant professor of the animal husbandry where he assisted in teaching upwards of one hundred students in agriculture. He also assisted in demonstration, judging and lecture work connected with the extension department of the College and during the past summer he had charge of the Live Stock Department of the Better Farming Special Train throughout the Province of New Brunswick and spent one week in this Province. Prof. Reid has had practical connection with all phases of farming which gives his appointment an important consideration from the standpoint of the Island farmer who is to derive the benefit. At his home in Eastern Ontario he was connected with dairy farming for which that Province is noted and has since taken an active part in the breeding of live stock.

SANTA BARBARA, Cal., Jan. 7—Brother Hugolinus, a Franciscan monk, who for more than a quarter of a century had lived at the Santa Barbara mission and who was one of the most frequently photographed persons in the world, died here yesterday.

His figure has appeared in thousands of photographs of the Santa Barbara mission. Photographs of him, taken here with such persons as William McKinley and Theodore Roosevelt, were widely published.

CHARGES AGAINST POLICEMAN'S UNION

CHICAGO, Jan. 7.—Political influence of the United police of Chicago, the policemen's union, was so great that it overawed the city council finance committee, according to testimony yesterday in the civil service commission's investigation of the organization.

Bernard W. Snow, formerly chairman of the finance committee, said the committee never discussed police salaries except from the standpoint of the effect of their vote on their political lives.

All meetings where police salaries were in question were behind locked doors, he said.

At least 25 members of the United police will face charges before the civil service commission, it was announced by the council at the close of the investigation.

The charges will be in connection with the collecting from policemen of the alleged fund to influence political action.

THREATENS TIE-UP OF COPPER MINES

LAREDO, Tex., Jan. 8.—A complete tie-up of the great copper industry in northern Mexico, involving a number of American companies, is threatened by strike trouble on the National railways system. The engineers are threatening to join the striking shopman, and if they go out all the lines of the system will be paralyzed. The local trains running between Saltillo, capital of Coahuila, and this city were discontinued today.

CLEAR NEW HAVEN ON WRECK IN WHICH 27 WERE INJURED.

WASHINGTON, Jan. 8—The New Haven Railroad is exonerated for the derailment of a train on the New Haven road at Greens Farms, Ct., November 16, in which twenty-seven passengers were injured, in a report of the Interstate Commerce Commission Chief Inspector Belnap says:

The breaking of the equalizer bar allowed the spring to come out and the truck to break down, and, by the equalizer bar wedging in the crossover switch, throwing the rails out of alignment and allowing the wheels to drop off the rails.

There was defect in this equalizer bar, but it was so slight that it could not have been discovered by diligent inspection. It was impossible to determine what was the immediate cause of its fracture at this time.

MOTOR CAR BANDITS ARE UNDER ARREST

CHICAGO, Jan. 7.—A woman rooming housekeeper gave the police information which led to the arrest of four men accused of being the motor-car bandits who have recently committed a number of bold robberies, escaping each time from the police under showers of bullets.

The men under arrest are Herbert Cattlith, Charles McNeil, Albert Calrest and James Mitchell. All the prisoners have several aliases. Viola Allen, a girl companion of Cattlith, also was detained.

Cattlith, who is believed to be the leader of the gang, has confessed to participating in three robberies and 15 burglaries, but he and his companions deny they are automobile bandits.

All the robberies to which Cattlith confessed were small. He says he is a son of the county assessor at Marksville, La., and that he came to Chicago recently from St. Louis.

Three victims of recent holdups have identified Cattlith and some of the other prisoners as the men who robbed them.

Michael Wuschart, still wearing bandages on knife wounds he sustained in a holdup three weeks ago, identified Cattlith as his assailant.

The police refused to reveal the identity of the woman who exposed the whereabouts of the men.

PHONE GIRL ELOPES IN NAVY ROMANCE.

MANCHESTER-BY-THE-SEA, Jan. 8—The elopement and marriage of Miss Helen Rosetta Allen, operator at the Manchester Telephone Exchange, to Lawrence E. Easter of Brazil, Ind., just became known today and revealed a romance which started last summer, when President Taft was on the North Shore. Easter is a first-class electrician on the battleship New Jersey. He met his bride at a dance the President's yacht's crew gave to the men of the fleet.

W. B. HORNBLOWER TALKED OF AS NEXT ATTORNEY-GENERAL.

NEW YORK, Jan. 8—The latest Cabinet tip is that the next Attorney-General will be William B. Hornblower, Miller & Potter. He was nominated for an associate justice of the Supreme Court by President Cleveland to succeed Justice Blatchford in 1893, but his nomination was rejected because of the opposition of Senators Hill and Murphy. Mr. Hornblower is an ardent supporter of Wilson.

SILENT REGARDING THE REPORT FROM CAPITAL

NEW YORK, Jan. 7.—President Nicholas Murray Butler of Columbia university is silently regarding the report contained in Washington dispatches that the Republicans in the meeting of the electoral college would honor him with the votes for vice-president which would have gone to the late President Sherman. Dr. Butler declined to discuss the report in any way.

William Barnes, Jr., Republican state chairman, said he thought the electors had not agreed upon any one person. He believed that since the vote was entirely complimentary the few republican electors would vote for different favorites.

LYNN GIRL IS RUN DOWN BY AN AUTO

LYNN, Jan. 7.—Miss Ethel Pritchard of 38 Blossom street, Lynn, last night received a fracture of the skull, as the result of being knocked down by an automobile, owned and operated by August Beckman, a Lynn shoe manufacturer.

The accident took place on Sea street, Lynn, and the young woman, who is 25 years old, was taken to the Lynn hospital by Mr. Beckman, where it was said that she would recover.

Beckman was arrested by the police, on the charge of assault and released under $1,000 bonds.

"MIDDIES" MUST DO TURKEY TROT WITH LEFT ARM STRAIGHT.

ANNAPOLIS, Md., Jan. 8—Rules to insure proper deportment of the midshipmen at the United States Naval Academy dances have been promulgated, and the naval lads say they feel that, in some particulars, the enjoyment of their hops has been curtailed.

Midshipmen have been notified that if dances of recent origin are to be attempted that left arms are to be held straight at all times, and that the partners are to be kept at a distance of at least three inches at all times.

Supplementary to these rules is one which points out that in no case should midshipmen take the arms of their companions when escorting them to and from the dances or on other occasions.

BREAK OF FOUR POINTS IN UNION PACIFIC STOCK.

NEW YORK, Jan. 7—For the first few minutes after Wall Street heard of the supreme court's ruling with reference to the dissolution of the United Pacific and Southern Pacific there was heavy selling of the Union Pacific, which broke four points. It quickly recovered however. Southern Pacific was not affected.
