At Government House Oct. 24th, more than 100 Canadians received decorations from His Excellency the Governor General in the second day of the Investiture. Awards ranged from C. M. Hoarding Empty Bottles Hinders War Effort

"Don't let empty soft drink bottles accumulate in your basement and don't throw them away. Do return them to your dealer as quickly as possible and collect your refunded deposit." This was the plea made today by leading soft drink bottlers of the Maritimes.
It is the patriotic duty of every local citizen to conserve and put back into circulation anything that has re-use value. Glass container factories are working at top speed. They now have the additional burden of supplying containers for food products which were previously used for soft drinks. Thus, homemakers are urged to relieve the situation by taking empty bottles to their dealers to cash them in.
You will not only be doing the bottlers a good turn, but you'll profit yourself. The refunds you obtain from the bottles may be enough to finish filling your war Savings Stamp book. Then, too, you'll be rid of the litter they caused in your basement. Besides, that there will be more of a chance for you to obtain your regular supply of soft drinks if you don't hoard bottles.
The war effort will be aided and the soft drink bottler greatly assisted in maintaining a steady supply of carbonated beverages if all bottles are returned promptly hereafter.

STETTINUS WRITES BOOK ON LEND-LEASE

NEW YORK, (CP) - The story of Lend-Lease as seen by its former administrator in the United States, Edward R. Stettinus, Jr., is to be told in a book, "Lend-Lease: The Story of Victory."
Mr. Stettinus' informal narrative is designed to be a factual story. For instance, Canadian and American air-training schools assisted by Lend-Lease are open to thousands of Allied student pilots. But he has not forgotten that Lend-Lease works in reverse also, as in the case of repairs to United States warships carried out in Allied shipyards in the British Isles, the Middle East, India, Australia and New Zealand.
All royalties from the book will be payable to a charitable organization named by its author.
