Miss M. M. Taylor To Marry Dr. Maughan

(Montreal Star, Oct 4) At the Church of St. Andrew and St. Paul at four o'clock this afternoon, the marriage is taking place of Muriel Myrtle (Bunty), eldest daughter of Mr. and Mrs. Trevelyan H. Taylor, (grand daughter of Mrs. (Dr.) F. P. Taylor, Charlottetown, P. E. I.) to Dr. George Burwell Maughan, of Montreal, son of Lieut.-Colonel and Mrs. Walter Maughan of Bala d'Urfe. The Rev. Dr. G. H. Donald will officiate.

Mr. John Cook will be at the organ and Billy Baker, boy soprano, will sing "O Promising May" during the signing of the register. Chrysanthemums in tones of bronze and yellow with oak foliage in standards and palms and ferns will decorate the church, mums adorning the altar these same decorative autumn flowers marking the pews reserved for the guests.

The bride will be attended by her sister, Miss Beatrice Taylor, as maid of honor, and by Mrs. Edward H. Tolan, of North Berwick, Pa., and Mrs. A. Duncan Falkner. Mr. Arthur H. Maughan is to act as best man for his brother, and the ushers will be Mr. John W. Maughan, brother of the bridegroom, Mr. Norton J. Watson, Mr. William H. Simpson and Dr. John G. Howlett.

The bride will be given in marriage by her father and she will wear a model of sheersat white crepe illusion, the bodice shirred, and the skirt softly draped to the front extending into a flowing fan shaped train. Her full bridal veil will cover her face and will be arranged with a halo of orange blossoms. She will carry a shower bouquet of white carnations and baby's breath. Her three attendants will be attired in similar manner, wearing deep Parma violet crepe, the gowns fashioned with fullness at the back, heart shaped necklines and long sleeves. Her slippers will match their dresses and as ornaments they will wear a single string of pearls. The matron of honor's bouquet will be composed of deep shell pin gladioli blossoms in shower effect, the other attendants' bouquets being of the same flowers but in a paler shade of pink. Instead of hats they are wearing large gladioli blossoms on their hair in artistic arrangements.

Mrs. Taylor, mother of the bride, will be dressed in Bordeaux rouse sheer crepe, the gown fashioned in princess lines with fullness at the back, wearing a large felt hat trimmed with ostrich plumes; her corsage bouquet composed of orchids. Mrs. Maughan, mother of the bridegroom, will be gowned in Queen's blue, the dress fashioned in long lines. Her black hat will be trimmed in Queen's blue and she will wear a shoulder bouquet of lilies-of-the-valley centred with a single rose.

Reception in Windsor Hotel. A reception will follow the ceremony in the Oak and Blue Rooms of the Windsor Hotel. Here the same floral decorative scheme will be carried out as in the church, while pink roses will adorn the bride's table. Dr. Maughan and his bride will

President Tells Of Measures To Protect Steamer

WASHINGTON, Oct. 6—(AP)—The text of President Roosevelt's announcement of measures to protect the steamship Iroquois follows: After thorough discussion at the meeting of the cabinet (this afternoon), and because it is felt that there is no reason for withholding the following facts from the public, this information is given out:—

Yesterday the head of the German navy, Grand Admiral Raeder, officially informed the American government, through the United States naval attaché in Berlin, that according to information on which he relied, an American ship, the Iroquois, is to be sunk when it nears our American east coast. The sinking of the Iroquois, Admiral Raeder said would be accomplished through a repetition of circumstances which marked the loss of the steamship Athena.

The S. S. Iroquois, formerly in our coast wise trade, was chartered by the maritime commission recently to go to Ireland to bring back Americans who had been caught in Europe at the outbreak of the war. The Iroquois sailed from Ireland on Oct. 2 with a full list of American passengers.

This was the chief tenor of the official note sent to us by the head of the German navy. As a purely precautionary measure a coast guard vessel and several naval ships from the patrol will meet the Iroquois at sea and will accompany her to an American port. Furthermore the captain of the Iroquois has been informed of this official note from the German Admiralty and has been asked to make a careful search for any possible explosives on board his ship.

The whole of this information has also been conveyed to the British and French authorities. MISCHIEVOUS CATERPILLAR. SWINTON, England. (CP)—A caterpillar an inch long alarmed several towns in the first days of the war. It crawled across contact points in an air raid siren mechanism, and the attached sirens sent citizens running.

leave later by motor for a wedding trip to the United States and upon their return they will take up their residence in the Hampton Court, 1461 Mountain Street. For travelling the bride will wear a two-piece French wool costume of horizon blue, under a black coat trimmed with silver fox, a hat to match the coat; her accessories of black suede and a corsage bouquet of sweetheart roses.

W. C. T. U. NOTES

MY PRAYER. Oh, kindly Father, grant me day by day The will and strength to ever walk Thy way;

The will always to face with cheery smile Whate'er may come to me as test and trial; And strength enough, dear Lord that I may do countless tasks and yet help others to.

I crave an understanding heart that may never pass an anguish spirit by, Or count one hapless stumbling soul as loss But seek to see the gold shine through the dross.

And grant me kindly humor so that I may laughingly pass trifling troubles by. I crave a soul serene as limpid pool That I may face life's problems, steady, cool, Enclasping to my heart the knowledge sweet That Thou art closer still than hands and feet.

Oh, help me, Lord, to tread Thy paths among That Thou wilt some day smile and say, "Well done." —Anna C. Burke, Montreal.

THE PRESIDENT'S LETTER

Dear White Ribbon Sisters:— At the present time plans are made for the National Sunday School Temperance Study Course to begin shortly; now is the time to bring this to the attention of Sunday School Superintendents and teachers. Everyone should know what alcohol is and does, should understand its uses in industry and its effects when consumed in a beverage.

Never has the education of children and young people seemed so important and necessary as at the present moment. The liquor traffic is making great advances and it is our duty to teach both children and adults the scientific facts about beverage alcohol and its harmful effects on the human system. Dr. Haven Emerson said "If alcohol education is to be more than a mere gesture the continuous ad-

Prof. Irving Planer says re FITNESS AND ABSTINENCE. "If personal hygiene is a duty, it is the duty of every man to recognize the danger from alcohol to himself and to his progeny yet unborn. Instead of copying the habits of others, he may consider the responsibility of causing others to copy his. The effect of alcohol in reducing 'fitness' is not confined to direct injuries on body tissues. It also attacks the body's natural defenses against infectious diseases caused by germs."

LATEST REFUGEE FIGURES FOR GREAT BRITAIN

The number of German, Austrian and Czech refugees who entered this country between February 28th and May 30th was 7,177 men, 6,482 women, and 2,197 children under eighteen years of age, said Sir Samuel Hoare in reply to a question by Wing-Commander A. W. E. James (Cons., Wellington-rough). During the same period, the number of refugees of these nationalities who left the country was 517 men and 304 women.

"The number of German, Austrian and Czech refugees in the United Kingdom on May 20th was 15,548 men, 12,700 women, and 6,601 children under eighteen. These figures covered all persons who so far as was known to the Home Office and the voluntary associations could properly be classified as refugees from Germany, Austria, and Czechoslovakia.—From The Jewish Chronicle, June 30th, 1939.
