THE CAPE DUTCH RISING.

The above map shows the region of Cape Colony in which the Dutch farmers have risen. The region is confined to districts west and north of the railway from Capetown to Kimberley. Victoria West, Carnarvon, Prieska, Kenhardt and Upington are the central villages and towns of the disaffected regions and are shown on the map.

Embark St. Patrick's Day.

The date of the Strathcona regiment's sailing will be March 17th, but according to the arrangements of the District Officer Commanding, even if the ship does not sail until that date, the men will go on board on Friday the 16th. In view of the Queen's request that the British soldiers wear the shamrock on St. Patrick's day as a tribute to the valor of Her Majesty's Irish troops in the Transvaal and the announcement that Her Majesty will pay a visit to the Emerald Isle, it was thought that arrangements could be made by which the Strathcona's would embark on the afternoon of St. Patrick's day and thus Halifax would show its appreciation of the gallant Irishmen whose work in the Transvaal has so affected Her Majesty. It was suggested last evening that a telegram be sent to Ottawa asking that the department of militia concur in such an arrangement.

The 17th falls on Saturday and the half holidays suggested would probably be more convenient on Saturday than any other, thus ensuring a good turn out of the militia. One thing however, that operates against the Saturday arrangement so far as the D. O. C, is concerned is that on St. Patrick's day the Leinsters have a sort of holiday and the services of any portion of the regiment for preserving order at the place of embarkation which is likely to be the Deep Water Terminus, could hardly be ordered and such services are viewed by the district officer as almost indispensable in keeping space open for the departing soldiers.

The Saturday embarkation arrangement would also give the regiment another night in the city.

The City Council entertaining committee is to hold another meeting this evening.—Halifax Chronicle March 10.

HEART HUMBUG.

It is fashionable to day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, where as real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare d sease. Lopsided arguments cannot convince an intelligent people. Iron is a vital element of the blood. Too little iron means weakness, lack of spirits, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

50c per box..5 boxes for $2. All druggists, or Dr. Williams & Co., Toronto, Ont.

Pain-Killer

THERE IS NO KIND OF PAIN OR ACHE, INTERNAL OR EXTERNAL, THAT PAIN-KILLER WILL NOT RELIEVE.

LOOK OUT FOR IMITATIONS AND SUBSTITUTES. THE GENUINE BOTTLE BEARS THE NAME,

PERRY DAVIS & SON.

Worn-Out Nerves

Bring Headaches, Backaches, Pains in Limbs, Sleeplessness, Irregularities, Nervous Prostration and Paralysis.

Woman's work is never done. From early morn till late at night many a woman toils on day after day, week after week, and year after year, with no rest, no recreation, and not even change of work, for it is the same monotonous round over and over again.

Little wonder that the nerves are shattered, the system run down, and the body racked by pains and aches. Little wonder that the head aches, the digestive functions are impaired, and the delicate organs become irregular. Little wonder that beauty fades, the skin becomes pale and sallow, and the body thin, weak and worn out.

To correct these ailments and to renew the vitality of the body a restorative is necessary, and there is no greater restorative known to man than Dr. Chase's Nerve Food. It is a new wonder of medical science that gets down to the foundation and builds up gradually but surely until the whole system is revitalized and disease becomes a thing unknown.

Dr. Chase's Nerve Food is put up in pill form, and if taken regularly according to directions will positively and permanently cure the most serious nervous disorders of men, women and children. 50c. a box at all dealers, or Edmanson, Bates & Co., Toronto. Book free. 23

The Great Prescriptions of Dr. A. W. Chase.

Miss Booth in Montreal.

Commissioner Eva Booth arrived in Montreal Friday morning, and as it has been announced previously, will conduct a great meeting in the Centenary Methodist Church, Wellington Street. Her lecture will be based upon her London, Eng., slum experiences, and she will be dressed in rags.

In addition to her special services in the Windsor Hall Sunday afternoon and night at 3 and 7.30 p. m., the party accompanying Miss Booth will conduct a special musical festival in the Alexander street barracks on Saturday evening at 8 o'clock.

TRADE IN CHINA.

LONDON, March 8.—Answering a question in the House of Commons today, the Parliamentary Secretary for Foreign Affairs, Mr. Wm. St. John Broderick, promised that papers would shortly be presented to the House dealing with the subject of Great Britain co-operating with the United States in endeavoring to arrive at an agreement with the powers to secure equal opportunities for the trade of all nations throughout the whole of China.

The Starvation Plan.

Of Treating Dyspepsia and Stomach Troubles is Useless and Unscientific.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but even now a course of dieting is generally the first thing recommended for a case of indigestion or any stomach trouble.

Many people with weak digestion, as well as some physicians, consider the first step to take in attempting to cure indigestion is to restrict the diet, either by selecting certain foods and rejecting others or to cut down the amount of food eaten to barely enough to keep soul and body together, in other words the starvation plan is by many supposed to be the first essential.

All this is radically wrong. It is foolish and unscientific to recommend dieting to a man already suffering from starvation because indigestion itself starves every organ, nerve and fibre in the body.

What people with poor digestion most need is abundant nutrition, plenty of good, wholesome, properly cooked food, and something to assist the weak stomach to digest it.

This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and the true reason why they cure the worst cases of stomach trouble.

Eat a sufficient amount of wholesome food and after each meal take one or two of Stuart's Dyspepsia Tablets to promptly digest it.

In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food wheather the stomach works or not, one grain of the active digestive principle in Stuart's Dyspepsia Tablets being sufficient to digest 3,000 grains of meat, eggs or other albuminous food.

Dr. Harlandson and Dr. Redwell recommend these tablets in all cases of defective digestion because the pepsin and diastase in them, are absolutely free from animal matter and imurities and being pleasant to the taste are as safe and harmless for the child as for the adult.

All drugstores sell this excellent preparation and the daily use of them after meals will be of great benefit, not only as an immediate relief, but to permanently build up and invigorate the digestive organs.
