

American League Wins All-Star Game

Home Runs By Boudreau And York Send Nationals Down To 3-1 Defeat

(By Gayle Talbot, Associated Press Staff Writer)
POLO GROUNDS, New York, July 6—(AP)— Home run blasts in the first inning by Lou Boudreau and Rudy York and gilt edge pitching by Spud Chandler and Al Benton gave the American League All-Stars a 3 to 1 victory over the National Leaguers before a crowd of 33,694 tonight. Mickey Owen's eight-inning homer saved the Nationals from a shutout.

Boudreau and York connected with their homers off Mort Cooper, St. Louis Cardinals' fireball right hander, to send the American Leaguers on the way to their seventh all-star triumph after the game had been delayed for 45 minutes by weather conditions.

The Cleveland Manager, first man to face Cooper, connected with the second pitch for his four-run homer. Tommy Henrich of the Boudreau and York, Boudreau and York followed with a double. Cooper then settled down and got Ted Williams and Joe DiMaggio but York, pulling away from an inside pitch, lofted the ball into the lower right field stands, 300 feet away.

Cooper, Johnny Vander Meer, Claude Passeau and Buckly Walters checked the American Leaguers with four hits the remainder of the game that finished just as the lights went out for a city-wide blackout. Chandler, going four innings, and Benton the remainder were just as effective, however, the only damage being Owen's homer off the latter.

Chandler set the Nationals down with two hits, Walker Cooper's single in the third and Pete Reiser's one banger in the fourth, before giving way to Benton.

The big Detroit right-hander got in slight trouble in the sixth when Danny Litwiler, Philadelphia's outfielder batting for Vander Meer, led off with a single but Jimmy Brown of the Cards hit into the double play. The Nationals got two men on in the seventh with two men on only to have Boudreau make a great catch of Pee Wee Reese's liner to end the threat.

Owen's homer, one of the four hits yielded by Benton, came at the start of the Nationals' half of the eighth and lifted the tops of Leo Durocher's men but Benton bore down and retired the side after Bob Elliott had singled.

Four horses were shipped from Charlottetown yesterday to Truro. They will take part in a meet there tomorrow. The horses were, Lady Hal, 2:13 1-2; Marlene, 2:11; Archie, 2:13; and Bebe McElwain, 2:10 1-4, both owned by W. McNeill and Southport; Charlotte B., 2:09 1-2; and Bebe McElwain, 2:10 1-4, both owned by W. McNeill and Southport.

Time: 2:07. Attendance: 33,664.

Exciting Contests At Army Sporting Events Last Night

Before a crowd of about 8,000 enthusiastic fans, boys of the Army, Navy and Air Force demonstrated their athletic prowess last night at the Provincial Exhibition grounds in connection with the big Army Week program. Hard fought contests featured by close finishes provided plenty of excitement for the backers of the various services.

The event which probably created the most interest was the tug-of-war. In this competition the Army boys had "too much on the ball" for both the sailors and airmen. Notwithstanding the fact that the navy boys are probably more familiar with ropes, the soldiers had little difficulty in defeating them in two straight pulls. They followed up this victory with a decisive win from the Royal Air Force team, also in two straight pulls.

It took the husky soldiers only about ten seconds in each pull to haul their opponents over the white line. Each team was comprised of eight men, the total weight of which would be under 1400 pounds. The team coach was Sgt. Major Norman, an J. MacDonald, Sine Mile Creek, a veteran of the last war and former anchor man on a champion tug-of-war team overseas.

The half-mile relay race brought the crowd to its feet as army, navy and air force kept close to each other around the entire length of the track. Displaying long much speed for their opponents the four R.A.F. men won this contest by a good margin. Lamb of the R.A.F. crossed the line first, followed by Morrison of the Army with Millman of the Navy close behind. Each team consisted of four men and each man ran 220 yards to pass the baton to his team-mate ahead.

Brooklyn's Air Seems To Agree With Veterans

By Sid Feder

BROOKLYN, July 6—(AP)—In the face of what's going on in Brooklyn, the assumption is the Flatbush Chamber of Commerce has fallen down on the job. There are ravens about quaint Coney Island, glowing pictures of gorgeous Greenpoint (known to the natives as Greenfern), and countless words on the advantages of inhaling the sea breezes and whatever they wait in-shore over there.

But, search as you will, through brochures, booklets and the powerful pronouncements (if you listen to them) of Larry S. MacPhail, the Royal Air Force boys who won the first three positions. They were: Cheeseman, first; Lamb, second; and Balmer, third.

The first three men of the two heats then raced it out to determine the winners of the race. The final outcome was a signal win for the Royal Air Force boys who won the first three positions. They were: Cheeseman, first; Lamb, second; and Balmer, third.

Another race, rather unusual one, had only four entries—all of them soldiers. This was the Respiration Race which called for goggles to be worn. McLean of the Training Centre came first, McNeill, second and LeClair, third.

The officials for the sports were: Starter, Sam Davis; Judges, Capt. Len Goodwin, Lieut. C. A. Ritey, Sub-Lieut. A. G. Marshall, Pilot Officer G. E. Clearwater; Announcer, Dr. T. E. E. Roberts.

ones once they're exposed to the Brooklyn air. Then, fellows like fat Freddy Fitzsimmons, Angie (I can bat two ways) Galan, the much-travelled Johnny Rizzo, and Dixie Walker should author treatises dealing with the subject of "come to Brooklyn and grow young again."

And finally, Messrs. MacPhail and Durocher, who can tell you anything brief in a few thousand words on the advantages of inhaling the sea breezes and whatever they wait in-shore over there.

So, with pardonable civic pride, we feel it a burden duty to inform the world of these life-giving talents (among other things, like Durocher the Lip) store up in Eb-bets field.

First off, there should be rapturous testimonials from fellows like Larry French, Jimmy Allen and John Whitlow Wyatt about what happens to softening scrup-

Major League Owners Consider World Series And Plans For 1943

By Austin Balmear
 ASSOCIATED PRESS SPORT WRITER

NEW YORK, July 6—(AP)—Officials and club owners of the major leagues, meeting in three lengthy sessions today, discussed the possibility of altering the plans for the 1942 World Series, but left the final decision to the advisory council.

A long joint session, which followed separate league meetings and lasted almost till time for the All-Star game, wound up with both leagues leaving the series entirely in the hands of the council, composed of Commissioner Kenesaw M. Landis, President Will H. Hefridge of the American League and President Ford Frick of the National League.

Leslie O'Connor, secretary to the Commissioner, said after the final meeting that the only definite plan for the World Series called for the contribution of a part of the receipts to war relief. All other details will be worked out by the advisory council, which did not set a date for a meeting. The council usually holds a regular session about a month before series time.

Considerable talk in baseball circles had involved the possibility of playing a World Series longer than the usual seven games and taking the later games on a "tour" of several cities, and it was assumed that such an arrangement was among the matters discussed.

Softball fans are assured of a real show as the highly rated Y. M. C. A., and Army teams resume hostilities tonight. So far this season the "Y" team has been undefeated and they are determined to keep this record intact.

However, fresh from a convincing victory over the Air Force team, the boys in khaki are out to take the measure of the Y boys if it is at all possible to do so. The result will be a real thriller when both teams get on the diamond at Victoria Park this evening.
