

Every Home Needs

ZAM-BUK

SO delightfully soothing on a cut, wound or sore. So rapidly cleansing and healing. And how much safer and more efficient than crude ointments with their animal fats and harsh mineral drugs.

Being so highly refined and purely herbal, Zam-Buk is readily absorbed into the tissues. It thus naturally banishes deep-seated disease and grows new healthy skin.

Zam-Buk is well-described as "A Surgery in a Two-Inch Box." Use it for cuts, burns and other injuries as well as for eczema, salt rheum, pimples, boils, ulcers, piles, poisoned wounds, or other irritating skin or scalp disease. "Rub it in" for chest colds, lumbago, rheumatism and muscular pains.

Zam-Buk is sold in 50c. boxes; three for \$1.25. Of druggists and stores everywhere, or from Sole Proprietors: The Zam-Buk Co., Dupont St., Toronto.

Oven-kist ARROWROOTS BUILD BETTER HEALTH

Leading child specialists claim 75% of children under 2 years of age suffer from Rickets—the dread disease. Lime, Phosphorus and Malt help to combat Rickets

THE New "Oven-kist" Arrowroot contains the essential mineral elements which are a vital factor in building healthy bodies—Lime and Phosphorus.

These exclusive ingredients, in soluble form, strengthen growing bones and improve the blood. Combined with Malt, which aids digestion, they produce a rare and tempting taste.

"Oven-kist," the modern arrowroot, is a healthful food especially valuable to children and invalids.

Sold in one-pound packages and in bulk. Look for the Scarlet Caddy!

To Doctors, Nurses and Dieticians

Feeling the necessity of an improvement over the old type of arrowroot biscuit, we have developed Oven-kist, the modern arrowroot, after much exhaustive scientific research. This new, tasty biscuit contains Malt, Phosphorus and Lime, in the form of readily assimilable plant compounds—vital elements lacking in the old style arrowroot biscuit. In addition, only sweet milk, creamery butter, West Indian arrowroot flour and other selected ingredients are used in making Oven-kist, the modern arrowroot. You can safely recommend this wholesome biscuit as an important element in a properly balanced diet for children and invalids.
