Few Women

Still use old hygienic methods. Charming freshness, true protection, this new way ...discards like tissue

By ELLEN J. BUCKLAND
Registered Nurse

TO help women meet every day unhandicapped, is the object of a new hygiene. A way that ends the hazards of the old-time "sanitary pad," that ends the embarrassment of disposal.

Eight in 10 better-class women today employ "KOTEX."

Wear lightest gowns and frocks without a second thought, any day, anywhere.

Five times as absorbent as ordinary cotton pads!

✓ Deodorizes. Ends *all* fear of offending. Discards as easily as tissue. No laundry.

You get it at any drug or department store simply by saying, "KOTEX." No embarrassment.

In fairness to yourself, try this new way. Be sure you get the genuine. Only Kotex itself is "like" Kotex.

KOTEX

No laundry—discard like tissue

Newfoundland's claim to ownership of territory in the Labrador peninsula is sustained by the decision of their lordships of the judical committee of the privy council, who were asked to define the boundary between Canada and Newfoundland in the Labrador peninsula. The dispute between the two dominions was referred to the privy council by common consent of both parties. To the LEFT is Aime Geoffrion, of Montreal, who headed the Dominion of Canada delegation of barristers. To the RIGHT is Sir John Simon, who handled the case for Newfoundland. The map shows the territory under dispute. The Labrador boundaries dispute has been one of the greatest cases in the history of the privy council.

Art for Art's Sake Does Not Satisfy

So Harold Yates Takes Up Musical Revue Which Does

New York City.—Art for art's sake doesn't pay. So says Harold Yates, starring as pianist and singer in the Earl Carroll Vanities. That is why he has chosen a branch of the theatre which not everybody calls art.

Mr. Yates, however, disagrees with that verdict. He says that his part in the Vanities is art for the sake of the public.

"And that," he declares, "is good art. There is a lot of bosh talked in these United States about what is artistic and what is not. I know because I have been mixed up with that kind of thing several times in my life.

"My father was a railroad conductor and we hadn't much money. As a boy, I had many ambitious dreams and most of them were about art with a capital A. I got my musical education by working in the daytime and studying at night and I did it all for art's sake—or thought I did.

"Then one day I was offered an assistant conductorship in the Metropolitan Opera. That was a day of awakening. I suddenly began to ask myself what it was all about. I had worked and scraped along on nothing at all and for what? I felt that it was time to get some return in appreciation and money for my trouble.

"And so I decided to go into musical revue. Most foreign-born artists, I find, are willing to work for glory. Americans want money. That is why so few of us go into grand opera. It is not that we are terribly mercenary but rather that we are practical and far-sighted. I don't believe in starving in a garret in America, it isn't necessary."

Along this line, Mr. Yates does not feel that just because a song is played in fox-time rhythm it must necessarily be classed as vulgar. He cites "Don't Wake Me Up Let Me Dream," which he sings in the Vanities as an example of a popular song which is intrinsically as valuable to the world as many a classic.
