Prowse Bros Ltd. Ch'Town's Big Departmental Store Correct fall and winter clothing for men

The Big Store's Dept is many sided, it caters to the needs of all men. The only point it insists upon is that every suit, no matter what its price, shall be reliable fabrics and honestly tailored. It does not sell as good a suit for \$7.00 as it does, say for \$15.00 or \$20.00 and does not pretend to

But it does sell the best suit possible to sell for \$5.00 or \$25.00 and every price between. Each one is a suit the store can guarantee a suit of clothes with looks and wear all through it, a suit that will give you full satisfaction. We know no one sells as good a suit for the same money in the city, a comparison on your part will be eminently pleasing to us.

Underwear For Men

Some men want wool underwear or nothing, others wouldn't wear wool, if they got it for nothing. So we've all sorts of good underwear to suit and fit many men of many minds and forms. All cotton, cotton and wool mixed, fleeced lined, silk and wool, and all wool, in fact every good fabric for good underwear. We fit the tall man the small man, the big man and the stout man.

We've a Long Price Range 25c up to \$3.50 Per Garment. It would take pages to describe our different fabrics and styles so we'll submit all up by saying come here for the best underwear and for perfect satisfaction. Prowse Bros. Ltd. CHARTTOWN'S BIG DEPARTMENTAL STORE

The market was but poorly attended yesterday no doubt on account of the undecided state of the weather. Eggs were scarce and sold at twenty two to twenty four cents per dozen. Alex Gillis, who has had charge of the Lakeville cheese and butter factory for the past two seasons has severed his connections with that company to the regret of all parties concerned. He was a general favorite with everyone and all shall certainly miss his genial smile and courteous demeanour. As a cheese and butter maker he was a decided success and as a manager conducted the business of the company so well that there is no hesitation in recommending him for any position that requires trust and efficiency. The sincere wish is in whatever sphere of life he may enter into that success will crown his efforts. Signed on behalf of the Lakeville Cheese and Butter Co., by Livingston Morrow, Pres., and L. McDonald, Sec'y.

The reception given on Wednesday by Mrs. David J. Brown, Leinster street, St. John, was one of the handsomest functions of the early season and was very largely attended. With a thorough cold storage system on the premises The Hugh Stocker Co., wholesale commission fish dealers, 114 and 115 South Street, Fulton Market, New York, are prepared to handle large consignments of fish from this Province which they sell in there and elsewhere. Making a specialty of smelts and eels they know the kind their customers require and look to P. E. I. shippers to supply them as they have so ably done in past years. With the prompt returns made a most advantageous market is offered the consigner.

It has been thirty years since a Map of Charlottetown has been made. Most of the old ones have been long since worn out or lost. A few framed copies remain, but these are sadly behind the times and do not show the extensive improvements made since they were first issued. A new Map of the City has become a public need, and The Guardian has gone to considerable expense to have an accurate map made. To secure one of the new maps of Charlottetown and to have one mailed to a friend abroad, see the wonderful announcement in another column.
